Reading Programs for Young Adults Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Bitter Music Harry Partch,2000 Bitter Music collects writings by one of the twentieth century s great musical iconoclasts Rejecting the equal temperament and concert traditions that have dominated western music Harry Partch adopted the pure intervals of just intonation and devised a 43 tone to the octave scale which in turn forced him into inventing numerous musical instruments His compositions realize his ideal of a corporeal music that unites music dance and theater Winner of the ASCAP Deems Taylor Award Bitter Music includes two journals kept by Partch one while wandering the West Coast during the Depression and the other as he hiked the rugged northern California coastline It also includes Partch s essays on and discussions of his own compositions as well as librettos and scenarios for six major narrative dramatic works

Meister Eckhart Matthew Fox,2014-06-10 Though he lived in the thirteenth century Meister Eckhart s deeply ecumenical teachings were in many ways modern He taught about what we call ecology championed artistic creativity and advocated for social economic and gender justice All these elements have inspired spiritual maverick Matthew Fox and influenced his Creation Spirituality Here Fox creates metaphorical meetings between Eckhart and Teilhard de Chardin Thich Nhat Hanh Carl Jung Black Elk Rumi Adrienne Rich and other radical thinkers The result is profoundly insightful substantive and inspiring

Law's Trace: From Hegel to Derrida Catherine Kellogg,2009-12-04 Law s Trace argues for the political importance of deconstruction by taking Derrida s reading of Hegel as its point of departure While it is well established that seemingly neutral and inclusive legal and political categories and representations are always in fact partial and exclusive among Derrida s most potent arguments was that the exclusions at work in every representation are not accidental but constitutive Indeed one of the most significant ways that modern philosophy appears to having completed its task of accounting for everything is by claiming that its foundational concepts representation democracy justice and so on are what will have always been They display what Derrida has called a fabulous retroactivity This means that such forms of political life as liberal constitutional democracy capitalism the rule of law or even the private nuclear family appear to be the inevitable consequence of human development Hegel s thought is central to the argument of this book for this reason the logic of this fabulous retroactivity was articulated most decisively for the modern era by the powerful idea of the *Aufhebung* the temporal structure of the always already Deconstruction reveals the exclusions at work in the foundational political concepts of modernity by re tracing the path of their creation revealing the always already at work in that path Every representation knowledge or law is more uncertain than it seems and the central argument of Law s Trace is that they are therefore always potential sites for political struggle

A Love Beyond Time, in a World on a Timer Michael "Mac" Centuori,2022-11-10 He had to save the world to redeem his sins But the world had already ended So he lurched along through his pointless corporeal existence awaiting an overdue reunion with

his perished family Bereft of purpose in a man made apocalypse Nobl worked in the most suicidal profession one known to expedite a longed for reunion with his wife and daughter They called it couriering the simple act of escorting people usually climate refugees escaping famine and drought from one place to another Desperate to leverage favor with the fates he eschewed all material attachments and compensation for his deeds As he dawdled over the years playing at living while his mind was lost in the afterlife a creeping and overwhelming feeling of failure to fulfill his destiny with his family took hold The contagion of this intractable depression drove him toward suicide On his way to die he happens upon a benign unremarkable young woman who unknowingly holds the key to saving a once thought to be unstoppable global warming feedback loop She possesses the one thing humanity needs to repent for its ancestors ecocide and more important to Nobl the one thing he needs to atone to get back to his family His mind is mired in the afterlife with his loved ones and the black hole pull of such a longing has him losing his earthly sanity more every minute But fate it seems is not finished with him yet **The Church**
