Something Green:

Green Alex Gino,2023-10-03 From the bestselling author of MELISSA a new book putting a non binary kid named Green at center stage CRUSHES ARE CONFUSING Green is very lucky They ve got a supportive dad friendly neighbors and good friends They ve figured out a lot of things but they can t figure out what to do about Ronnie Ronnie s a boy who s been in Green s class for awhile He s sweet Funny And lately Green s heart has raced a little faster whenever he s around Green is pretty sure about their own feelings But when it comes to how Ronnie feels they have ABSOLUTELY NO IDEA When Green doesn t get a part in the school musical a very untraditional version of The Wizard of Oz they join the crew to work alongside Ronnie Is this a good idea Green s about to find out

The Birmingham Group Robin Harriott,2022-10-14 The focus of this study is the collective of writers known variously as the Birmingham Group the Birmingham School or the Birmingham Proletarian Writers who were active in the City of Birmingham in the decade prior to the Second World War Their narratives chronicle the lived experience of their fellow citizens in the urban manufacturing centre which had by this time become Britain s second city Presumed guilty by association with a working class literature considered overtly propagandistic formally conservative or merely the naive emulation of bourgeois realism their narratives have in consequence suffered undue critical neglect This book repudiates such assertions by arguing that their works not only contrast markedly with other examples of working class writing produced in the 1930s but also prove themselves responsive to recent critical assessments seeking a more holistic and intersectional approach to issues of working class identity

Wittgenstein Severin Schroeder,2006-03-31

This text offers an account of Wittgenstein's philosophy. Together with a biographical narrative it explains the key ideas of his work from his books *Tractatus Logico Philosophicus* to his masterpiece *Philosophical Investigations*. **Poultry News**, 1907 *Idiomatic Expressions in English, German, Spanish, Portuguese and Romanian: A Comparative Study* Bianca Iuliana Misinciuc, 2020-05-01 Mind John R. Searle, 2004-11-01 The philosophy of mind is unique among contemporary philosophical subjects writes John Searle in that all of the most famous and influential theories are false. One of the world's most eminent thinkers Searle dismantles these theories as he presents a vividly written comprehensive introduction to the mind. He begins with a look at the twelve problems of philosophy of mind which he calls Descartes and Other Disasters problems which he returns to throughout the volume as he illuminates such topics as materialism consciousness the mind body problem intentionality mental causation free will and the self. The book offers a refreshingly direct and engaging introduction to one of the most intriguing areas of philosophy. Celebrating Our Cultures Barbara DuMoulin, Sylvia Sikundar, 1998 This holiday activity book focuses on language arts and creative writing. Consciousness and Its Place in Nature Galen Strawson, Anthony Freeman, 2024-05-07 Panpsychism is the philosophical view that consciousness mentality or mindedness in some form is fundamental in the universe. The idea has existed for centuries but only recently has it had a serious resurgence. Galen Strawson has been on the front line of the battlefield on the topic of panpsychism since the 1990s. His paper on realistic monism contained in this volume and originally published in 2006 is now considered something of a classic and a catalyst for panpsychism's recent revival. This long overdue new edition of the book gives the original commentators where they feel they have something more to add an opportunity to update their thinking on the topic of panpsychism in general and Strawson's realistic monism in particular. Seven new postscripts are included which aim to enhance the original collection and push the discussion onwards. Eighteen years have passed since the first edition of this groundbreaking volume and Strawson remains a distinctive and important voice in the field. The new edition is a must read for all who are interested in consciousness studies. Consciousness Josh Weisberg, David Rosenthal, 2022-07-06

CONSCIOUSNESS Consciousness is a thought provoking collection of classic and contemporary philosophical literature on consciousness bringing together influential scholarship by seminal thinkers and the work of emerging voices who reflect the diversity of the field. Editors Josh Weisberg and David Rosenthal have selected discussions that animate modern debates and connect consciousness to broader philosophical topics. Providing an expansive view of the philosophical landscape of consciousness studies this carefully calibrated reader features classic work from the past four decades by seminal thinkers such as Thomas Nagel David Lewis Ned Block Gilbert Harman and Daniel Dennett as well as important recent work from David Chalmers Fiona Macpherson Joseph Levine Kathleen Akins and other contemporary philosophers. Divided into five parts Consciousness explores the nature of consciousness consciousness and knowledge qualitative consciousness and theories of consciousness. A final section on agency and physicalism includes work by Galen Strawson and a previously unpublished

article by Myrto Mylopoulos Philosophically challenging yet accessible to students Consciousness is an ideal reader for many undergraduate and graduate courses on consciousness or philosophy of mind as well as a useful supplementary text for general classes in philosophy and a valuable reference text for philosophers of mind cognitive scientists and psychologists

Colours Barry Maund,2009-04-30 This book defends the radical thesis that no physical object has any of the colours we experience it as having
