Not for Rent Stacy Wakefield,Stacy Wakefield-Forte,Grrrt,2003 Resistance is more important than ever Living in a country with a president we did not elect who is waging a war without popular support vast numbers of Americans are feeling disempowered alienated from our government leaders and frightened What can we do The British activists from the 1990s documented in Not For Rent have some ideas to share with us In 1995 the British Parliament passed a draconian new law which curtailed civil liberties to a shocking extent The Criminal Justice Act essentially turned squatting underground parties and raves a nomadic lifestyle and protesting into criminal acts Travelling through England and Scotland the summer

after this law went into effect Stacy and Grrrt discovered that not only were squatting protesting and parties still happening the law had politicized an entire generation More and more young people felt compelled to resist both to show their disregard for a government which did not represent them and to create exciting creative alternatives to the mainstream culture The activist underground was thriving The way Bush's government has used the events of September 11th to pick away at our civil liberties is reminiscent of this time The numbers of frustrated people who have taken to the streets to protest his war show how widespread the disillusionment with his government is But Not for Rent is not a book about unjust laws It is a vibrant celebration of creative resistance political alternatives and social engagement It is about what is possible when smart socially conscious people get together and create communities on their own terms Use it for inspiration

The Deepest Longing of Young People Jerry Goebel, 2006 The best way to teach young people that they are valuable and meaningful is to offer them uninterrupted attention By that simple yet powerful act we are showing young people that it isn't what they can do for us that matters What matters is their inalienable right to unconditional love This is the deepest longing of our young people today consistent transparent relationship not a new program or curriculum to tell them what to do or what they should value but a caring compassionate adult who will walk the path to wholeness with them In *The Deepest Longing of Young People* Jerry Goebel reminds us that the greatest statement we make to young people

is to spend time with them to come to them especially when they have been most inconsistent and at that time be least judgmental Every parent and everyone who works with youth should read this book The Dance of the Dolphin Rabbi Karyn D. Kedar,2012-12-20 We live in two seemingly incompatible worlds rational and spiritual How can we keep our balance Like the dolphin who exists in both water and air so must we learn to live and thrive in two conflicting worlds the rational material everyday craziness of life versus the still spiritual soulfulness of our deepest selves Balancing the two difficult as it often can be is the key to our spiritual survival Through poignant stories spiritual teaching and insights Karyn Kedar shares with us the ways we can integrate the everyday family work personal challenges with our quest for deeper spiritual understanding She helps us to decode the three languages we must learn to weave the seemingly ordinary and extraordinary together Prayer The path through which our souls connect with the Divine Perspective How we define life s twists and turns and how our words and actions define the quality of our lives Meaning The quest to understand and make sense of all that seems incompatible In graceful ways Kedar shows us that by realizing the connection between the ordinary and the awe inspiring we can synchronize our hearts with the ways of the world and live with joy a sense of calm and greater purpose
