Beyond Here and Now Barbara Davis Slotnick, 2012-04-19

HAUNTED HOUSES ARE REAL I grew up in a wonderful historic small town in South Carolina Even today I still love the history of this old town and the many friends I have come to know In the 1980s years later when I was grown and had children of my own I rented an apartment in one of the historical houses that had been renovated into apartments in 1963 We were excited and felt fortunate to have found such an amazing place to live and be back in my hometown again However this unusual house had some interesting things happen in it while we lived there much to my surprise As if it were planned by some unseen being my children and I began noticing some very unusual occurrences My daughter was twelve years old at the time and was a cheerleader in the school she attended Each night she placed her cheerleading pom poms on the corners of the bed posts of the bed which she and I both shared I always watched the news at night before bedtime One winter night in 1983 around 11 15 p m the pom poms began twisting like little pieces of paper as if they had an energy source from something I didnt understand One pom pom flew off of the bedpost and landed in the corner across the room The next night around the same time the other pom pom flew off its post into the same corner I was so shocked I left them both lying there until my daughter had to use them again which was the next day The old house was huge and cold On another winter night my daughter and I were sleeping in the same room and the same bed as before All of a sudden my feet began feeling hot so I took off my socks I left them under the covers in case I needed them later About thirty minutes later the socks began moving up toward me under the cover to the edge and over the end of the bed I was so scared I couldnt move My daughter was still sleeping Then a pair of pillows began to move across the wooden part of the foot of the bed at the end and landed beside the socks When this happened I quickly awoke my daughter and we got out of that bed and that room When I went to check the room the next morning the socks were placed side by side and the pillows were arranged as if they were for show At this point I felt that I needed an outside opinion of my experiences I then called one of the universities I was acquainted with about my experiences They wanted to send a scientist to visit me and the house However my daughter was against it They sent an engineer instead The engineer after much observation informed me that I and my daughter were clairvoyant and that some form of an entity was in the house He said that a lot of things that was going on could possibly be explained based on the history of the house but not all of them From time to time several other unexplained incidences happened before I decided to move away from all of this Sometimes the telephone receiver would jump off its cradle Christmas bulbs would swing back and forth on the tree and water kept coming on in the bathroom when no one was present My daughter and I had no choice but to leave this unpredictable place Soon after we moved to Myrtle Beach S C We thought we had left the past behind however in our new house locks and doors would open as well as other things that occurred Over the years since then things seemed to have calmed down Even though I have been told that my daughter and I could both have psychokinesis she denies her powers

powerful knowledge for young adults facing a challenging world.

[Dream to Me](#) Megan Paasch, 2023-01-31 From debut author Megan Paasch comes *Dream to Me*, a YA contemporary fantasy about generational magic, grief, and what it takes to forgive ourselves. Eva Sylvan didn't ask for any of this. Not the cross-country move with her sister to a town in the middle of nowhere, not the family estate inherited from a late great aunt that's falling apart at the hinges and definitely not the sudden death of her beloved father. So when the locals react with hostility to the very mention of her last name, Eva's pretty sure things can't get any worse. Until she has a dream about a gas station employee and the next day he's in a coma. And then it happens again. Something sinister is lurking in the corners of Eva's dreams, something that's having devastating effects on the waking world. People are dropping left and right, and Eva finds herself squarely in the town's crosshairs. In order to defeat the shadows of her unconscious, Eva must not only unearth the magic tied to her family history but she must confront the guilt that has been haunting her since her father's death. Only she can save the town from the dark power in her dreams if the threat is truly even her dreams at all.

[Evangeline](#) Clare Hamlin, 2012-08-13 Young Evangeline Taylor has had enough of her life in New York, so she decides to start a new life in Ireland. There she lives with her best friend and meets the love of her life, Benjamin Callaghan, who also happens to be the young, mysterious man she has dreamed of. Soon her dreams become a reality, but are these just coincidences? Or is there a deeper and more terrifying meaning behind it?

[Castle Faggot](#) Derek McCormack, 2020-11-24 A dark satire about an amusement park more deranged than anything Disney could imagine: a playland for gay men called Faggotland. Castle Faggot is Derek McCormack's darkest and most delicious book yet: a satire of sugary cereals and Saturday morning cartoons set in an amusement park more deranged than anything Disney dreamed up. At the heart of the park is Faggotland, a playland for gay men, and Castle Faggot, the darkest dark ride in the world. Home to a cartoon Dracula called Count Choc o log, the castle is decorated with the corpses of gays: some were killed, some killed themselves, all ended up as decor. The book includes a map of Faggotland, a photobook of the castle, the instructions for a castle-shaped dollhouse, and the novelization of a TV puppet show about Count Choc o log and his friends, reminiscent of the

classic stop motion special Rudolph the Red Nosed Reindeer but even gayer and more grotesque As scatological as Sade but with a Hanna Barbera vibe Castle Faggot transmutes McCormack's love of the lurid and the childlike of funhouses and sickhouses into something furiously funny as Edmund White says the mystery of objects the lyricism of neglected lives the menace and nostalgia of the past these are all ingredients in this weird and beautiful parallel universe Beyond Preemption and Preventive War Cindy Williams, 2008-11 Since 2002 the Bush White House has embraced a policy that it calls preemption or preventive war The new policy calls for the U S to go on the offensive when it believes that an enemy is gathering the capability to attack even though the time place or even likelihood of an enemy move is unknown and perhaps far in the future But this report maintains that the best defense may instead be the prevention of attacks on the U S and prevention of conflict around the globe Such a policy would be pursued through a stronger emphasis within the defense establishment itself on countering the proliferation of dangerous weapons and materials participating in stability operations and post conflict reconstruction and cooperating with allies *Travels and Traditions of Waterfowl* H. Albert Hochbaum, 1960 *Travels and Traditions of Waterfowl* was first published in 1967 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions With the combined talents of naturalist writer and artist H. Albert Hochbaum captures the varying moods of earth and sky and spirit of flight For many years as director of the Delta Waterfowl Research Station in Manitoba Canada he has observed the ways of the waterfowl In this book he portrays and discusses the flights and habits of the birds he has watched in the vast marsh country the wild ducks geese and swans of North America This book is the winner of a publication award of the Wildlife Society It is recommended by the American Association for the Advancement of Science in its AAAS Science Book List for Young Artists **Praying with Body and Soul** Jane E. Vennard, 1998-10-01 *Praying with Body and Soul* involves the whole person our senses our bodies at rest or in motion our imaginations as well as our minds and emotions By paying prayerful attention to the body people will not only recognize the ways in which they already pray but will learn how to deepen their relationship with God Each chapter includes questions for reflection and practical exercises such as drawing walking meditation fasting making music dancing and praying in sickness and disability This guide to prayer can be used by individuals prayer partners and small groups **Start Here** Trish Doller, 2019-08-13 Two teens go on a life changing sailing trip as they deal with the grief of losing their best friend in this heartwrenching hopeful novel from the author of *Something Like Normal* and *In a Perfect World* Willa and Taylor were supposed to spend the summer after high school sailing from Ohio to Key West with their best friend Finley But Finley died before graduation leaving them with a twenty five foot sailboat a list of clues leading them to destinations along the way and a friendship that's hanging by a thread Now Willa and Taylor have two months and two thousand miles to discover how life works without Finley and to decide if their own friendship is worth saving From acclaimed author Trish Doller comes a poignant tale of forgiveness grief and the
