Burroughs, 2022-09-08 Reproduction of the original **Edgar Rice Burroughs** Robert B. Zeuschner, 2024-10-14 In creating some of the most enduring characters in 20th century literature Burroughs 1875 1950 left a complex bibliographic record of editions and a long chain of fascinated collectors The present reference work details all United States versions of all his works published through 1995 Each listing begins with a description of the first magazine appearance of the story with full publication data the first hardcover is then examined in detail with publisher date a complete description of the book's cover and jacket print run price number of pages and characteristics that separate it from following editions Similar information is then provided from all subsequent editions **The Son of Tarzan** Edgar Rice Burroughs, 2020-11-22 Alice discovers an

unknown land on the other side of the mirror and finds herself part of a problem in chess meeting some unlikely characters of nursery rhyme and puzzled by the reversal of many of the laws of nature The follow up to Alice in Wonderland originally appeared in 1871 and has not been out of print since Curious Alice finds her way through a mirror into an amazing alternate world that is in some ways a reverse version of our own This surreal new dimension proves to be much more than that as Alice discovers that her passage through it requires moving correctly across a chessboard landscape while encountering a string of nursery rhyme characters brought to bewildering life Readers will find themselves confronted by one iconic moment after another as Alice meets the Red Queen Tweedledum and Tweedledee encounters the poems Jabberwocky and The Walrus and the Carpenter all presented in seemingly infinitely quotable prose Despite repeated attempts down the years to reinterpret Through the Looking Glass as a social political or religious allegory the book stands outside such concerns as a timeless classic of the imagination It remains one of the most universally beloved children's books in English and cherished by adults as much or perhaps even more than it is by children With an eye catching new cover and professionally typeset manuscript this edition of Through the Looking Glass is both modern and readable **Heritage Americana Grand Format**
