The Differentiating Of Christianity From Judaism:

Jewish-Christianity and the History of Judaism Annette Yoshiko Reed, 2018-07-12 Jewish Christianity is a contested category in current research. But for precisely this reason it may offer a powerful lens through which to rethink the history of Jewish-Christian relations. Traditionally Jewish Christianity has been studied as part of the origins and early diversity of Christianity. Collecting revised versions of previously published articles together with new materials, Annette Yoshiko Reed reconsiders Jewish Christianity in the context of Late Antiquity and in conversation with Jewish studies. She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present-day notions of Christianity as distinct from Judaism. In the process, she uses these materials to probe the power and limits of our modern assumptions about religion and identity.

Eschatology in the Bible and in Jewish and Christian Tradition Henning Graf Reventlow, 1997-01-01 This is the fourth volume in the series of collaborations between the Department of Bible in Tel Aviv University, Israel, and the Faculty of Theology in the University of the Ruhr, Bochum, Germany. This symposium held in Bochum in 1995 discussed a topic important for both communities of believers, starting with the Bible and tracking its role through the different stages of the respective tradition histories. This time the theme was eschatology. The participants engaged in a lively discussion from the Jewish side on messianism and Zionism, Qumran, Mishnah, and Kabbalah, and from the Christian side on the Bible, recent Protestant ethics, and systematic theology. The volume concludes with the report of a panel discussion on the essence of eschatology in Jewish and Christian thinking: is it a spiritualized idea or a material expectation for the world?

The Qur'an's Reformation of Judaism and Christianity Holger M. Zellentin, 2019-03-20 This volume explores the relationship between the Qur'an and the Jewish and Christian traditions, considering aspects of continuity and reform. The chapters examine the Qur'an's retelling of biblical narratives as well as its reaction to a wide array of topics that mark Late Antique religious discourse, including eschatology, ritual purity, prophetology, and paganism and heresiology and Christology. Twelve emerging and established scholars explore the many ways in which the Qur'an updates, transforms, and challenges religious practice, beliefs, and narratives that Late Antique Jews and Christians had developed in dialogue with the Bible. The volume establishes the Qur'an's often unique perspective alongside its surprising continuity with Judaism and Christianity. Chapters focus on individual suras and on intra-Qur'anic parallels on the Qur'an's relationship to pre-Islamic Arabian culture, on its intertextuality and its literary intricacy, and on its legal and moral framework. It illustrates a move away from the problematic paradigm of cultural influence and instead emphasizes the Qur'an's attempt to reform the religious landscape of its time. The Qur'an's Reformation of Judaism and Christianity offers new insight into the Islamic Scripture as a whole and into recent methodological developments, providing a compelling snapshot of the burgeoning field of Qur'anic studies. It is a key resource for students and scholars interested in religion, Islam, and Middle Eastern Studies.

Time and Difference in Rabbinic Judaism Sarit Kattan Gribetz, 2022-08-09 How the rabbis of late antiquity used time to define the

boundaries of Jewish identity The rabbinic corpus begins with a question when and is brimming with discussions about time and the relationship between people God and the hour Time and Difference in Rabbinic Judaism explores the rhythms of time that animated the rabbinic world of late antiquity revealing how rabbis conceptualized time as a way of constructing difference between themselves and imperial Rome Jews and Christians men and women and human and divine In each chapter Sarit Kattan Gribetz explores a unique aspect of rabbinic discourse on time She shows how the ancient rabbinic texts artfully subvert Roman imperialism by offering rabbinic time as an alternative to Roman time She examines rabbinic discourse about the Sabbath demonstrating how the weekly day of rest marked Jewish time from Christian time Gribetz looks at gendered daily rituals showing how rabbis created men s time and women s time by mandating certain rituals for men and others for women She delves into rabbinic writings that reflect on how God spends time and how God s use of time relates to human beings merging divine time with human time Finally she traces the legacies of rabbinic constructions of time in the medieval and modern periods Time and Difference in Rabbinic Judaism sheds new light on the central role that time played in the construction of Jewish identity subjectivity and theology during this transformative period in the history of Judaism

Jews, Judaism, and Success Robert Eisen, 2023-06-23 In *Jews Judaism and Success* Robert Eisen attempts to solve a long standing mystery that has fascinated many How did Jews become such a remarkably successful minority in the modern Western world Eisen argues that Jews achieved such success because they were unusually well prepared for it by their religion in particular Rabbinic Judaism or the Judaism of the rabbis Rooted in the Talmud this form of Judaism instilled in Jews key values that paved the way for success in modern Western society autonomy freedom of thought worldliness and education The book carefully analyses the evolution of these four values over the past two thousand years in order to demonstrate that they had a longer and richer history in Jewish culture than in Western culture The book thus disputes the common assumption that Rabbinic Judaism was always an obstacle to Jews becoming modernized It demonstrates that while modern Jews rejected aspects of Rabbinic Judaism they also retained some of its values and these values in particular led to Jewish success Written for a broad range of readers *Jews Judaism and Success* provides unique insights on the meaning of success and how it is achieved in the modern world **The Nature and Method of Revelation** George Park Fisher, 1890

Rethinking the Messianic Idea in Judaism Michael L. Morgan, Steven Weitzman, 2014-11-28 Over the centuries the messianic tradition has provided the language through which modern Jewish philosophers socialists and Zionists envisioned a utopian future Michael L Morgan Steven Weitzman and an international group of leading scholars ask new questions and provide new ways of thinking about this enduring Jewish idea Using the writings of Gershom Scholem which ranged over the history of messianic belief and its conflicted role in the Jewish imagination these essays put aside the boundaries that divide history from philosophy and religion to offer new perspectives on the role and relevance of messianism today *Confronting Antisemitism from the Perspectives of Christianity, Islam, and Judaism* Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence

H. Schiffman, 2020-10-26 This volume engages with antisemitic stereotypes as religious symbols that express and transmit a belief system of Jew hatred These religious symbols are stored in Christian Muslim and even today s secular cultural and religious memories This volume explores how antisemitic religious symbol systems can play a key role in the construction of group identities Comparing Religions Through Law Jacob Neusner, Tamara Sonn, 2002-03-11 Comparing Religions Through Law offers a ground breaking study which compares these two religions through shared dominant structures In the case of Judaism and Islam the dominant structure is law Comparing Religions Through Law presents an innovative and sometimes controversial study of the comparisons and contrasts between the two religions and offers an example of how comparative religious studies can provide grounds for mutual understanding *Comparative Perspectives on Judaisms and Jewish Identities* Stephen Sharot, 2011 Comparative Perspectives on Judaisms and Jewish Identities makes a unique contribution building on but not duplicating Sharot s earlier work There is no comparable work that covers all of these periods and particular cases Harriet Hartman professor of sociology at Rowan University
