The Distance A Crime Novel Introducing Billy Nichols:

The Distance Eddie Muller, 2002 It's 1948 an era when newspapermen were stars and San Francisco sportswriter Billy Nichols is no exception Known as Mr Boxing throughout the city he is the West Coast's answer to Damon Runyon an insider's insider who plucks and polishes his pearl-like stories from the nonstop hustle of the city's nightclubs gambling dens and ringside seats Billy Nichols is right where he wants to be until he stumbles onto a shocking crime scene Heavyweight boxer Hack Escalante has killed his manager and for reasons Billy doesn't fully understand he makes a spur of the moment decision to protect the prizefighter Soon Billy's in too deep caught in a conspiracy of desire deceit and betrayal and he sets off a chain of events whose consequences may cost him his beloved career and his life As Billy himself struggles to escape suspicion he must square off against relentless police detective Francis O Connor carry on business as usual with his colorful cronies in the boxing world and resist his overwhelming passion for a woman he dare not love Billy soon discovers that he's not the only yarn spinner in this nefarious netherworld many of the characters inhabiting his well honed newspaper columns have crafted their own alternative life stories hiding scores of secrets Whose story will emerge as truth As richly ambient as James Ellroy's *L.A. Confidential* this debut novel brilliantly brings to life another time when pride and professionalism are sometimes more important than life itself *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 [Book Chat](#) William George Jordan, Adr Schade van Westrum, 1890 **The Works of William E. Social, Ecological and Environmental Theories of Crime Jeffery T. Walker, 2017-07-05 One of the oldest and most extensive forms of criminology falls within what is referred to among other names as social ecology Beginning with the work of Guerry and Quetelet this theory became the dominant paradigm in explaining crime with the work of the Chicago School in the early 1900s social disorganization theory and neighborhood research attempting to deal with crime in deteriorating cities Social ecology is also the basis for the research being conducted in environmental criminology This volume offers a selection of the most influential works in social ecology and environmental criminology It begins with research from human ecology and the Chicago School extending through some of the research in social disorganization theory It encompasses some of the major journal articles from the 1980s and 1990s in neighborhoods and crime and then addresses some of the quintessential works in environmental criminology It ends with groundbreaking work in this area that may indicate the future direction of the field This valuable collection includes an excellent introduction by Jeff Walker [North Carolina Reports](#) North Carolina. Supreme Court, 1918 Cases argued and determined in the Supreme Court of North Carolina **The Nation**, 1890 *The Literary World*, 1890 *The Publishers Weekly*, 1890 *The Cinema of the Dardenne Brothers* Philip Mosley, 2013-04-02 The brothers Jean Pierre and Luc Dardenne have established an international reputation for their emotionally powerful realist cinema Inspired by their home turf of Liège Seraing a former industrial hub of French speaking southern Belgium they have crafted a series of fiction films that blends acute observation of life on the social margins with moral fables for the

postmodern age This volume analyses the brothers career from their leftist video documentaries of the 1970s and 1980s through their debut as directors of fiction films in the late 1980s and early 1990s to their six major achievements from *The Promise* 1996 to *The Kid with a Bike* 2011 an oeuvre that includes two Golden Palms at the Cannes film festival for *Rosetta* 1999 and *The Child* 2005 It argues that the ethical dimension of the Dardennes work complements rather than precludes their sustained expression of a fundamental political sensibility
