

DOCTORS

Every night I lie awake
And every day I lie abed
And hear the doctors, Pain, and Death,
Conferring in my head.

They speak in scientific tones,
Professional and low-
One argues for a speedy cure,
The other, sure and slow.
To one so humble as myself
It should be a matter for some pride
To have such noted fellows here,
Conferring at my side.

Sleep Talker Audrey Shafer, 2001-05-14 Audrey Shafer observes the world with a quiet intensity with a reverence for the everydayness of her children's toys the earth outside her window and the sacred trust of her sleeping patients Her poems reflect the seamless back and forth of her woman's life at one moment breathing for her patients in the next choosing socks for her daughter to wear Barking orders I stick the tube in silently curse pray sell my soul for the beat of a hidden heart this doctor mother reminds us all of the fluidity of identity Stunning truly Delese Wear Ph D Editor Journal of Medical Humanities Audrey Shafer's poems demonstrate a unique blend of tenderness and steadiness that makes hers a recognizable and welcome voice among contemporary physician poets Her images are powerful and compelling Consider for example gardenias thick as lust and the gauze choked winter sun Her line is graceful yet disciplined her language imaginative even transcendent yet always grounded in flesh arm artery earlobe and always aware of the scrape of the key in the lock *Sleep Talker* reveals that the most ordinary moment in life can also be the glory and the answer Jack Coulehan M D Editor *Blood and Bone Poems by Physicians* Audrey Shafer has in abundant measure all the requirements for the making of fine poems a well tuned eye ear and heart A palpable sense of discovery is everywhere in her poetry unique contemplative joyful and wise John Stone M D poet and essayist *Where Water Begins* New Poems and Prose In her first book of poems anesthesiologist Audrey Shafer M D boldly weaves her professional and personal worlds These poems some previously published in journals and anthologies provide a glimpse of the daily life including the worries foibles and glories of a working mother The book although divided into three sections contains many poems that interconnect the three themes home work and journeys as a reflection of the impossibility of disconnecting facets of a lived life The first section that I call home invokes the poet's childhood in Philadelphia the death of her father love and succor from family and friends and the fierce and tender joys of motherhood The love poem *Home* written for her husband is characteristic Shafer the influence of medical and anatomical knowledge on her experience of the fragilities of love and life Many poems however are far from solemn *Socks* intertwines humor and maternal love and *Riff* is a self deprecating romp into drumming taken up in midlife The second section not quite sleep delves into the world of the doctor and in particular the anesthesiologist This section may be of greatest interest to those in the fields of medical humanities and pedagogy In poems such as *Center Stage* and *Anesthesia* the poet reflects on the nature of anesthesia and the profound gift of trust that her patients offer her The widely anthologized poem *Monday Morning* describes the intimate early morning hours of a doctor mother

The Doctor Stories William Carlos Williams, 2018-09-25 A new edition of one of the best books ever written about being a doctor writing as aware and memorable as Chekhov's *The Doctor Stories* collects thirteen of Williams's stories direct accounts of his experiences as a doctor six related poems and a chapter from his autobiography that connects the world of medicine and writing as well as a new preface by Atul Gawande an introduction by

Robert Coles who put the book together and a final note by Williams's son also a doctor about his famous father. The writings are remarkably direct and freshly true. As Atul Gawande notes, Reading these tales you find yourself in a conversation with Williams about who people really are, who you really are. Williams recognized that caring for the people of his city, he had a front row seat to the human condition. His writing makes us see it and hear it and grapple with it in all its complexities. That is his lasting gift.

The Doctor's Window Ina Russelle Warren, 2015-07-10. Excerpt from *The Doctor's Window Poems* by the Doctor for the Doctor and About the Doctor. Oldest and most honorable of Guilds, the Doctors have written much in all ages about the Science and Art of Medicine. A great building scarce suffices to hold their writings. In turn, the Doctors themselves have been much written about and here are gathered a well-chosen collection of these pieces. They have been chosen not at random but so as to present as to one who looks through a window at the stream of life hurrying along some great thoroughfare, all its phases and aspects. Through the ages from the early dawn of human existence, the Medicine Man has pursued his strange yet sacred calling. Possessed of mysterious knowledge which sets them apart, dealing ever with the tremendous and baffling problems of life and death, looked to by all when suffering and danger impend, worshiped as divine and hailed as deliverers when the issue is good or derided and punished for their failures, the doctors have always enjoyed strange experiences. The sufferer cannot promise too much in the hope of relief, but the danger past and the pain relieved, how odious when the welcome thrice welcome Healer is regarded as the importunate creditor whose demand seems monstrous in the light of half-forgotten suffering. Nor have the Doctors failed to show the inconsistencies and the frailties of their human nature, ever struggling with burdens too heavy to be borne and with problems too hard to be solved. The triumph and the defeat, the glory of heroic devotion and self-sacrifice and the meanness of avarice and ambition have been seen and well portrayed. Through it all, the belief of the people in the healing art has remained true, through it all the aim of the Doctors has remained noble, and the larger light of knowledge of these later days is defining clearly the splendid services rendered to humanity by medicine.
