The Dog With The Chip In His Neck:

The Dog with the Chip in His Neck Andrei Codrescu, Mary Sheepshanks, 1997-10-15 In this collection of essays Codrescu focuses his keen eye on America in the age of the chip He confronts the convulsions of our post ideological world at a time when the advent of cyberspace and the caffeinating of America have occurred simultaneously With poignancy and trenchant humor he takes us on a roller coaster tour of our dramatically changing country Andrei Codrescu and the Myth of America Kirby Olson, 2014-09-17 This is one of those times a time choked in the weeds of academic and civilian formalism To put it mildly most of what we see in print in North America is unbearably trivial and singularly devoid of courage Andrei Codrescu The Disappearance of the Outside Known to the general public as a radio commentator on National Public Radio Romanian born essayist and poet Andrei Codrescu has developed a variety of voices throughout his career Transylvanian humorist on NPR surrealist poet in his many volumes of poetry academic essayist in his philosophical writings and historical novelist Taking seemingly everyday events in seemingly mundane places Codrescu is able to link the random details into a larger whole leading his readers and listeners to conclusions very different from those they first imagined This work explores Codrescu s writings and how they are a part of the surrealist tradition It examines the ways in which his poetry essays and novels are influenced by his upbringing in Communist Romania and the liberal attitudes he encountered upon moving to the United States and draws comparisons between Codrescu and other surrealists An interview with the author is also included

After the Fall Noemi Marin, 2007 Noemi Marin analyzes famous writers from the area as critical intellectuals and exiles in order to explore the role of rhetoric and identity in writers own experiences during the long history of communism Along with examinations of discursive relationships among power culture and resistance in works by George Konrad Andrei Codrescu and Siavenka Drakulic before and after the fall of communism Marin proposes specific dimensions for a rhetoric of exile pertinent to communist Eastern and Central Europe After the Fall shows how critical works on identity culture and communist history by the writers studied aid in reconstituting a rhetoric of dissidence identity and legitimation in the public discourse of a changing Europe The book offers a unique perspective on the complex contexts of political transition in which competing public discourse on freedom and democracy intersect with totalitarian regimes unsettled societies and issues of resistance Realms of Exile Domnica Radulescu, 2002-01-01 Realms of Exile brings together authors writing on diverse themes of Eastern European exile The book defines the experiential and linguistic peculiarities of exiled people who share similar cultural geographical and mythological backgrounds and who have suffered under totalitarian rule The contributions discuss a variety of media from the soulful melodies of the Russian gypsies to the delicate sensuousness of Kieslowski s films as the authors treat some of the most crucial issues of our times such as political dissent and resistance the fractured self alienation and migr consciousness Realms of Exile is interdisciplinary and cross cultural scholarship at its best casting new light on the many nuances and variations of many of the cultures and ethnic groups of Eastern Europeans **Rendered**
