HEROES OF WWI

EXPERIENCE THE SAGA OF WWI
THROUGH RARE FILM FOOTAGE FOUND
IN THE GOVERNMENT ARCHIVES

On June 28, 1914 an assassin's bullet struck down the Austro-Hungarian Archduke Ferdinand in the Balkan capital of Sarajervo. One by one the nations of the European network declared war on one another, while America remained uninvolved.

But neutrality was short lived. On May 7, 1915 America's sentiment turned when German U-Boats torpedoed and sank the British steamer *Lusitania* claiming 124 American lives. Then, on April 2, 1917, President Wilson declared war and the *Doughboys* went into action.

The Kaiser's Build-Up • German Submarine Warfare • America's Call to Arms • Airwar in Europe • Prisoners Of War • Victory in Europe and much more! Back home in New York, you'll experience the momentous victory celebration led by General Pershing. But this ominous peace time would only veil the coming events of an even greater war in less than a generation.

vanquished but drives the search for vindication that is integral to notions of honor The American conception of honor is further deepened by issues of race The author turns to the slave South to show how white and black concepts of honor differed from and contradicted each other illuminating honor s elusive but powerful role in our society He then goes on to explore these themes within a wide range of military and political contexts from the Revolutionary War to Desert Storm providing new insights on how honor drove decision making during many defining events in our history that continue to reverberate in the American mind

Hero on the Western Front Michael Kelly, 2018-08-30 They knew it was the end Weakened by four years of war the reality had finally dawned on the Germans that their armies could never stop the combined might of the Allied forces now bolstered by the fresh enthusiastic Americans who were now determined to be involved in the conflict that had engulfed the world The US effort in 1918 in what became known as the Hundred Days Offensive was focused on the Argonne Forest It was there that 1 200 000 men were deployed in

what was to be the largest offensive in the United States military history It was in the fighting in the Argonne Forest that one of the most remarkable incidents in the entire First World War took place In October 1918 Corporal Alvin Cullum York single handedly captured 132 Germans and killed twenty one in a desperate fire fight Yorks battalion of the 328th Infantry Regiment had become pinned down by heavy machine gun and artillery fire Its commander sent Sergeant Bernard Early four non commissioned officers including the recently promoted Corporal York and thirteen privates to infiltrate the German positions and neutralise the machine guns The small American force came upon a large group of enemy troops having breakfast and these were taken prisoner They then came under fire from German machine guns which left eight men were killed or wounded and York as the senior NCO York and the survivors returned fire and silenced the enemy allowing the Americans to rejoin their battalion with the 132 prisoners in tow York was promoted to Sergeant and he received the Congressional Medal of Honor The site of this famous action was believed to have been identified in 2009 and a memorial erected by the French authorities However a team of archaeologists with help from the French Department of Archaeology and the use of modern day Geographic Information Science believe that the memorial is incorrectly situated and have uncovered thousands of exhibits to support their claim Complete with detailed plans and diagrams and a rich variety of photographs of locations and artefacts Michael Kelly presents not only a fascinating account of Yorks determined courage but also a detective story as the team unravels the evidence to reveal the exact ravine where the most famous US military action of the First World War took place
