The Dream And The Dialogue Adrienne Richs Feminist Poetics:

The Dream and the Dialogue Alice Templeton, 1994 Adrienne Rich's poetry has long engaged critics in questions about the nature of poetic art the character of poetic tradition and the value of poetry as a political and cultural activity At the same time it has attracted many general readers largely because it expresses the personal social and intellectual crises faced by feminists during the last thirty years In this study Alice Templeton looks at the ways in which feminist thinking has influenced Rich's poetics while simultaneously her poetic practice has shaped her feminist conceptions Templeton begins by exploring the tensions between epic eulogistic and lyric claims made in the poems collected in *Diving into the Wreck* 1973 She then examines the strategies Rich uses in subsequent collections to test and refine her feminist thinking Templeton focuses in particular on the dialogic moments of cultural participation that Rich's poetry provides for the poet and the reader These moments Templeton argues can dispel myths of social determinism even as they implicate readers in an ethically charged communal bond By demonstrating the contributions that Rich has made both to feminist thinking and to our ways of reading poetic tradition *The Dream and the Dialogue* treats Rich as a poet of ideas and places her work solidly in the context of contemporary literary theory BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Adrienne Rich's Later Poetry* Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry

A Study Guide for Adrienne Rich's "Diving into the Wreck" Gale, Cengage Learning, 2016 A Study Guide for Adrienne Rich's *Diving into the Wreck* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs **The Creative Crone** Sylvia Henneberg, 2010 Henneberg shows how these writers offer radically different but richly complementary strategies for breaking the silence surrounding age Rich provides an approach to aging so strongly intertwined with other political issues that its complexity may keep us from immediately identifying age as one of her chief concerns On the other hand Sartre's direct treatment of aging sensitizes us to its importance and helps us see its significance in such writings as Rich's *Meanwhile* Rich's efforts to politicize age create stimulating contexts for Sartre's work Henneberg explores elements of

these writers individual poems that develop themes of aging including imagery and symbol the construction of a persona and the uses of rhythms to reinforce the themes She also includes analyses of their fiction and nonfiction works and draws ideas from age studies by scholars such as Margaret Morganroth Gullette Kathleen Woodward and Thomas Cole From publisher description Feminist Theory and Literary Practice Deborah L. Madsen,2000-08-20 This book is an exploration of women s writing that focuses on the close links between literary texts and the theories that construct those texts as women s writing Each chapter deals with one of the issues or concepts that have engaged both authors and theorists rhetoric work consciousness nature class and race A detailed analysis shows how each concept has been used by feminists to construct a specific text in such a way that it is received as a work of women s writing particularly in American literature Using canonical texts from Charlotte Perkins Gilman through Kate Chopin and Willa Cather to Alice Walker and Ann Beattie Madsen engages with the major debates within feminist studies Moving on from Showalter s groundbreaking work to broaden the trajectory of feminist concern this book is an accessible account of the varieties of feminist thought within the context of the key American texts Reader's Guide to Women's Studies Eleanor Amico,1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors Translating Women Luise von Flotow,2011-03-08 Feminist theory has been widely translated influencing the humanities and social sciences in many languages and cultures However these theories have not made as much of an impact on the discipline that made their dissemination possible many translators and translation scholars still remain unaware of the practices purposes and possibilities of gender in translation Translating Women revives the exploration of gender in translation begun in the 1990s by Susanne de Lotbini re Harwood s *Re belle et infid le* The Body Bilingual 1992 Sherry Simon s *Gender in Translation* 1996 and Luise von Flotow s *Translation and Gender* 1997 Translating Women complements those seminal texts by providing a wide variety of examples of how feminist theory can inform the study and practice of translation Looking at such diverse topics as North American chick lit and medieval Arabic Translating Women explores women in translation in many contexts whether they are women translators women authors or women characters Together the contributors show that feminist theory can apply to translation in many new and unexplored ways and that it deserves the full attention of the discipline that helped it become internationally influential Women's Lives/Women's Times Trev Lynn Broughton,Linda R. Anderson,1997-01-01 Women s Lives Women s Times reflects the growing interest in life writing as a basis for both feminist theorizing and women centered education It discusses the many ways in which the study of autobiography can contribute to the theory practice and politics of women s studies as curriculum and to feminist theory more generally This volume is concerned with the application of

theory to text particularly with the assumptions and discourses of postmodernism but also in exploring how general theories of the subject do not always fit comfortably with the specifics of autobiographical writing It also recognizes the challenge women s autobiography offers to theory taking us in its complex weave of the personal the political and the theoretical beyond the usual generic and disciplinary boundaries **Feminism Beyond Modernism** Elizabeth A. Flynn,2002

Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States
