Brown, Douglas E. Delaney, 2021-06-15 In the first and only examination of how the British Empire and Commonwealth sustained its soldiers before during and after both world wars a cast of leading military historians explores how the empire mobilized manpower to recruit workers care for veterans and transform factory workers and farmers into riflemen Raising armies is more than counting people putting them in uniform and assigning them to formations It demands efficient measures for recruitment registration and assignment It requires processes for transforming common people into soldiers and then producing officers staffs and commanders to lead them It necessitates balancing the needs of the armed services with industry and agriculture And often overlooked but illuminated incisively here raising armies relies on medical services for mending wounded soldiers and programs and pensions to look after them when demobilized **Manpower and the Armies of the British Empire in the Two World Wars** is a transnational look at how the empire did not always get these things right But through trial error analysis and introspection it levied the large armies needed to prosecute both wars Contributors Paul R Bartrop Charles Booth Jean Bou Daniel Byers Kent Fedorowich Jonathan Fennell Meghan Fitzpatrick Richard S Grayson Ian McGibbon Jessica Meyer Emma Newlands Kaushik Roy Roger Sarty Gary Sheffield Ian van der Waag 'Totally un-English'?, 2005-01-01 The internment of enemy aliens by the British government in two world wars remains largely hidden from history British historians have treated the subject if at all as a mere footnote to the main narrative of Britain at war In the Great War Britain interned some 30 000 German nationals most of whom had been long term residents In fact internment brought little discernible benefit but cruelly damaged lives and livelihoods breaking up families and disrupting social networks In May 1940 under the threat of imminent invasion the British government interned some 28 000 Germans and Austrians mainly Jewish refugees from the Third Reich It was a measure which provoked lively criticism not least in Parliament where one MP called the internment of refugees totally un English The present volume seeks to shed more light on this still submerged historical episode adopting an inter disciplinary approach to explore hitherto under researched aspects including the historiography of internment the internment of women deportation to Canada and culture
