## **The Early American Wilderness As The Explorers Saw It:**

**Early American Wilderness** Bill Lawrence, 1994-04-01 *Explorers of the American West* Jay H. Buckley, Jeffery D. Nokes, 2016-03-28 With original primary source documents this anthology brings readers into the vast unknown 19th century American West through the eyes of the explorers who saw it for the first time This volume brings together book excerpts maps and illustrations from 12 explorers from the 19th century highlighting their lives and contributions Arranged chronologically the 10 chapters focus on individual explorers with biographies and background information about and document excerpts from each person The chapters offer analyses of each document s relevance to the historical period geographic knowledge and cultural perspective This guide shares the important contributions from explorers like Lewis and Clark Zebulon Pike Jedediah Smith James P Beckwourth John C Fremont Susan Magoffin and John Wesley Powell It also nurtures readers historical literacy by modeling historians methods of analyzing primary sources Readers will see new and familiar events from different perspectives including that of a woman traveling along the Santa Fe Trail one of the most famous African American mountain men and a Civil War veteran among many others

**Nature and the Environment in Pre-Columbian American Life** Stacy S. Kowtko, 2006-08-30 Prehistoric North Americans lived on in and surrounded by nature As a result everything they were resulted from this co existence From interpersonal relations to supernatural beliefs from housing size and function to the food they ate and clothing they wore the life of Native Americans before the arrival of Europeans was intimately intertwined with the environment What is known about these societies is often sketchy at best having survived largely through archaeological remains and oral tradition Scholars have tried to understand Native American history on its own terms trying to understand who and what they were in reality a complex diverse multitude of populations that defined themselves entirely through what they saw heard and experienced everyday their natural environment This accessible resource provides an excellent introduction for those needing a first step to researching the daily lives of Native Americans in the centuries before the arrival of Europeans

*At the Glacier's Edge* Betsy McCully, 2024 Combining science writing environmental history and first hand accounts from a longtime resident *At the Glacier s Edge* offers a unique narrative natural history of Long Island It tells the story of how its habitats evolved how humans radically degraded its landscape and how community activists are restoring the land and preserving the species who depend on it

*American Beliefs* John Harmon McElroy, 2000-08-15 Why do so many different people with widely dissimilar ideas and customs get along as Americans In *American Beliefs* John McElroy identifies and explains those essential ideas that keep a big country and a diverse people united tracing them historically from their origins in the earliest experiences of the American colonists A powerful antidote to decades of concentration on the differences among Americans A magnificent and timely book John McElroy picks up where de Tocqueville left off Charles Moskos

*Colonial Life* Rebecca Stefoff, 2003 Table of contents

*Buffalo Nation* Valerius Geist, 1996 Photographs and text trace the cultural and natural history of the North American

bison looking at how the U S government practically eliminated the buffalo in the mid 1880s in an attempt to force Native Americans onto reservations and discussing later conservation efforts Provided by publisher American Legend Buddy Levy,2006-12-05 David Crockett was an adventurer a pioneer and a media savvy national celebrity In his short but distinguished lifetime this charismatic frontiersman won three terms as a U S congressman and a presidential nomination His 1834 memoir enjoyed frenzied sales and prompted the first ever official book tour for its enormously popular author Down to earth heroic and independent to a fault the real Crockett became lost in his own hype and he s been overshadowed by a larger than life pop culture character in a coonskin cap Now American Legend debunks the tall tales to reveal the fascinating truth of Crockett s hardscrabble childhood his near death experiences his unlikely rise to Congress and the controversial last stand at the Alamo that mythologized him beyond recognition In this beautifully written narrative Crockett emerges as never before a rugged individual a true American original and an enduring symbol of the Western frontier A great myth busting story that presents Davy Crockett as a man of genius and folly which has the unlikely effect of making him all the more heroic Martin Dugard author of The Last Voyage of Columbus and Into Africa The Epic Adventures of Stanley and Livingstone As spellbinding and dramatic as any novel and as compelling as any reportage Peter Hoffer Distinguished Research Professor of History The University of Georgia **Historical Dictionary of the American Frontier** Jay H. Buckley,Brenden W. Rensink,2015-05-05 The Historical Dictionary of the American Frontier covers early Euro American exploration and development of frontiers in North America but not only the lands that would eventually be incorporated into the Unites States it also includes the multiple North American frontiers explored by Spain France Russia England and others The focus is upon Euro American activities in frontier exploration and development but the roles of indigenous peoples in these processes is highlighted throughout The history of this period is covered through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on explorers adventurers traders religious orders developers and indigenous peoples This book is an excellent access point for students researchers and anyone wanting to know more about the development of the American frontier Gratitude for the Wild Nathaniel Van Yperen,2019-06-17 Since the passage of the Wilderness Act of 1964 a hotly contested debate over the value of wilderness reveals cultural anxieties about an American society that has spurned limits Gratitude for the Wild explores how the wild known in wilderness raises our tolerance for mystery in the recognition of our limits and in the celebration of a God loved world that exceeds our grasping The idea of wilderness introduces questions about the balance between utility and appreciation and between enjoyment and restraint Wilderness is a nexus of competing and contested accounts of responsibility In conversation with the work of Doug Peacock Terry Tempest Williams James Gustafson and Martin Luther King Jr Nathaniel Van Yperen offers an original argument for how wilderness can evoke a vision of a good life in which creaturely limits are accepted in gratitude even in the face of ambiguity and mystery Through the theme of

gratitude the book refocuses attention on the role of affection and testimony in ecological ethics and Christian ethics

If you ally craving such a referred **The Early American Wilderness As The Explorers Saw It** book that will offer you worth, get the completely best seller from us currently from several preferred authors.
