The Early History of the Hebrews Archibald Henry Sayce, 1897 *The early history of the Hebrews* Archibald Henry Sayce, 2025-02-10

The historian of the Hebrews is met at the very outset by a strange difficulty Who were the Hebrews whose history he proposes to write We speak of a Hebrew people of a Hebrew literature and of a Hebrew language and by the one we mean the people who called themselves Israelites or Jews by the other the literary records of this Israelitish nation and by the third a language which the Israelites shared with the older population of Canaan It is from the Old Testament that we derive the term Hebrew and the use of the term is by no means clear Abram is called the Hebrew before he became Abraham the father of Isaac and the Israelites The confederate of the Amorite chieftains of Mamre the conqueror of the Babylonian invaders of Canaan is a Hebrew when he comes before us as a simple Bed wi sh kh he is a Hebrew no longer *The Early History of the Hebrews* A. H. SAYCE, 2025-02-11

There are many histories of Israel but this is the first attempt to write one from a purely arch ological point of view During the last few years discovery after discovery has come crowding upon us from the ancient East revolutionizing all our past conceptions of early Oriental history and opening out a new and unexpected world of culture and civilization For the Oriental arch ologist Hebrew history has ceased to stand alone it has taken its place in that great stream of human life and action that the excavator and decipherer are revealing to us and it can at last be studied like the history of Greece or Rome The age of the Patriarchs is being brought close to us our museums are filled with written documents that are centuries older than Abraham and we are beginning to understand the politics which underlie the story of the Pentateuch and the causes of the events narrated in it The present writer accordingly must be understood to speak throughout simply as an arch ologist and historian Theologically he accepts unreservedly whatever doctrine the Church laid down as an article of the faith But among these doctrines he fails to find any that forbids a free and impartial handling of Old Testament history *The Early History of the Hebrews* A.
