The Early Work:

Double Binds: Existentialist Inspiration and Generic Experimentation in the Early Work of Jack Richardson Johan Callens, 2022-03-07 Odes Horace, 2014 **Kierkegaard in France: A History of Reception and Influence**, 2025-11-27 Why does Kierkegaard's thought remain vital in French philosophy and theology Kierkegaard in France traces the dynamic evolution of Kierkegaard's reception from the early 20th century to contemporary debates on faith ethics and individuality His influence on French thought is examined anew with regard to well known thinkers like Jean Paul Sartre Jacques Derrida and Paul Ricoeur as well as readings that have largely been overlooked like those by Simone de Beauvoir and Vladimir Jankélévitch From existentialism and phenomenology to poststructuralism and feminism Kierkegaard continues to be an essential interlocutor in shaping the continental tradition of thought in France There is a natural affinity between Kierkegaard's uniquely intense subjectively involved metaphysical realism and the French spiritualist tradition which eschews both idealism and reductive empiricism This book brings out that affinity and displays it in all the variety of its manifestations both religious and secular both speculative and existentialist An indispensable and monumental entry for scholars and intriguing read for a wider audience Catherine Pickstock Norris Hulse Professor of Divinity University of Cambridge Monthly Labor Review, 1987 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Heresy and the Formation of Medieval Islamic Orthodoxy** Ahmad Khan, 2023-04-13 Between the eighth and eleventh centuries many defining features of classical Sunni Islam began to take shape Among these was the formation of medieval Sunnism around the belief in the unimpeachable orthodoxy of four eponymous founders and their schools of law In this original study Ahmad Khan explores the history and cultural memory of one of these eponymous founders Abanfa Showing how Abanfa evolved from being the object of intense religious exclusion to a pillar of Sunni orthodoxy Khan examines the concepts of orthodoxy and heresy and outlines their changing meanings over the course of four centuries He demonstrates that orthodoxy and heresy were neither fixed theological categories nor pious fictions but instead were impacted by everything from law and politics to society and culture This book illuminates the significant yet often neglected transformations in Islamic social political and religious thought during this vibrant period The Oxford Handbook of Stress, Health, and Coping Susan Folkman Ph.D., 2010-11-30 Few publications have changed the landscape of contemporary psychology more than Richard Lazarus and Susan Folkman's landmark work Stress Appraisal and Coping Its publication in 1984 set the course for years of research on the dynamic processes of psychological stress and coping in human beings Now more than a quarter century later The Oxford Handbook of Stress Health and Coping pushes the field even further with a comprehensive overview of the newest and best work in this dynamic subject Edited by Susan Folkman and comprising chapters by the field's leading scientists this new volume details the expanded knowledge base that has emerged from extensive research on stress and coping processes over the last several decades Featuring 22 topic based

chapters including two by Folkman this volume offers unprecedented coverage of the two primary research topics related to stress and coping mitigating stress related harms and sustaining well being in the face of stress Both topics are addressed within their relevant contexts including chronic illness calamity bereavement and social hardship The Oxford Handbook of Stress Health and Coping is an essential reference work for students practitioners and researchers across the fields of health psychology medicine and palliative care *The Pretenses of Loyalty* John Perry,2011-07-06 John Perry examines the roots of our thinking on religion and politics placing the early modern founders of liberalism in conversation with today s theologians and political philosophers Dialogues with Contemporary Political Theorists G. Browning,R. Prokhovnik,M. Dimova-Cookson,2012-11-16 A lively and engaging collection which explains the various strands of political theory identifies key futures trends and explores the foundations of contemporary debate Features interviews with pre eminent theorists including Quentin Skinner Carole Pateman and Alex Honneth **History of the Australian Vegetation** Robert S. Hill,1994-07-28 Discusses fossil evidence for the origin of Australian vegetation **A History of Aerodynamics** John D. Anderson, Jr,1999-01-28 From the Foreword John Anderson s book represents a milestone in aviation literature For the first time aviation enthusiasts both specialists and popular readers alike possess an authoritative history of aerodynamic theory Not only is this study authoritative it is also highly readable and linked to the actual and more familiar story of how the airplane evolved The book touches on all the major theorists and their contributions and most important the historical context in which they worked to move the science of aerodynamics forward Von Hardesty Smithsonian Institution From the reviews Something of the unexpected quality of this book can be inferred from its full title A History of Aerodynamics and Its Impact on Flying Machines Pilots tend to suppose that the science of aerodynamics began empirically somewhere around the time of Lilienthal and the Wrights and that aerodynamics and manned flight are roughly coeval It is therefore surprising to come upon a photograph of the Wright Flyer as late as page 242 of the 478 page volume Peter Garrison Flying This book successfully straddles the boundary that separates a text book from a history book It is of equal interest to both the aerodynamicist and the layman The textual balance achieved by the author has resulted in a book that is enjoyable and educational Earl See American Aviation Historical Society Newsletter
