The Guess Who Songbook Guess Who (Musical group),1996 Piano Vocal Guitar Artist Songbook 16 songs that made them legends including American Woman No Sugar Tonight These Eyes and more **The Reggae Songbook** Hal Leonard Corp.,2012-11-01 Piano Vocal Guitar Songbook Jah mon Here are more than 40 groovin reggae classics including Cherry Oh Baby Equal Rights Funky Kingston Get up Stand Up The Harder They Come I Shot the Sheriff The Israelites Legalize It Many Rivers to Cross A Message to You Rudy No Woman No Cry One Love Pass the Dutchie Red Red Wine Redemption Song Three Little Birds The Tide Is High Tomorrow People and more **The Great American Songbook** Steven Suskin,2023-04-01 In an age of ubiquitous music and countless new songs releasing every minute the Great American Songbook endures After all the Songbook that sprawling canon of popular songs standards and show tunes from roughly the 1920s through the 1950s is a foundational text of American pop music Rare indeed is the song that doesn't in some way draw on this magnificent corpus and rare is the person who hasn't heard at least a few of its most enduring melodies Nonetheless the Songbook is broader and deeper than most listeners can imagine and on the margins the question of whether this or that song should be included is the source of regular arguments among scholars and buffs alike Attempting to plumb its depths can be a daunting prospect Enter Steven Suskin who has been writing about music since the days that Rodgers Arlen and Berlin still roamed the streets of Manhattan In this carefully curated and cheerfully opinionated guidebook Suskin surveys 201 of the most significant selections from the Songbook ranging from celebrated masterpieces to forgotten gems Year by year he puts songwriters and their contributions in their context and explains what makes each song such a distinctive treat whether felicitous melody colorful harmony compositional originality or merely the sheer irreducible joy of listening to it Old and new favorites await all readers of this painstakingly compiled enthusiastically written catalog [Otamatone Songbook 53 Easy Songs from Different Countries](#) Helen Winter, This book includes 53 popular rhythmic and easy to play folk songs and melodies from all over the world Through music we are brought together and we can gain a better understanding of people from all corners of the Earth We recommended scanning the QR code on each page and listening to the melody and rhythm before playing This is the most natural method to learn music You do not need to have any musical experience or be able to read music using this book Our circles do not show the pitch and duration of notes and rhythmic patterns All melodies were simplified for a one octave Otamatone The Otamatone is an electronic musical device that operates on batteries Its name blends the Japanese otamajakushi which means tadpole or ladle with tone reflecting both its appearance and the sounds it produces Though originally made as a toy it has gained popularity among musicians as a playful yet expressive instrument How to Use Move the volume switch on the back to the right and adjust it to a moderate level Tap the black strip on the stem with your fingers to generate sound One of the Otamatone's most entertaining aspects is its flexible squeezable face While holding down a note press both sides of its head to open its mouth altering the tone with a vocal like wah effect Adjusting the Pitch Deluxe Models

Generally these start at C and extend up to G sharp covering about one and a half octaves but some variations begin at different notes such as F to A Refer to the manual for specifics Standard Models These span a single octave from C to C Due to their compact size shifting between notes requires minimal finger movement You can adjust the octave range with the switch on the back Digital Models Unlike standard and deluxe versions which use a smooth touch sensitive strip digital models feature piano style keys along the stem for a different playing experience If your Otamatone doesn't have labeled notes you can use masking tape along the stem and mark note positions with the help of a tuner The free Otama Tuner website can assist in identifying pitches For beginners pre-made Otamatone note stickers available on Amazon can be a convenient solution Be aware that note placement isn't fixed it can shift up or down due to temperature humidity and battery levels Installing fresh batteries can restore its pitch range but the instrument cannot be permanently tuned to keep notes in the same spots Because of this avoid marking notes directly on the stem with permanent ink However digital models remain consistently in tune

Playing Techniques

Pressing Method Simply press the stem with your fingertips to produce a sound This is the easiest way to play and perfect for beginners

Sliding Method Hold down the stem while gliding your fingers up or down to change pitch This allows for fluid transitions that aren't possible on fixed pitch instruments like a piano Maintain steady pressure while sliding for a smooth sound

Vibrato Effect Hold a note and rapidly shake your wrist to add a quivering effect Alternatively grip the Otamatone's face with your thumb and middle finger while gently moving your hand causing the whole instrument to vibrate for a similar sound

Portamento Gliding Notes Move seamlessly between notes by sliding your fingers along the stem much like playing a slide whistle

Wow Effect For a human like vocalization press a note and then squeeze the Otamatone's face to open its mouth This produces a distinctive wow wow sound giving the illusion that the instrument is singing To achieve the best result play the note first and then open the mouth

Expanding Your Sound If you have an Otamatone Neo or Otamatone Techno you can connect it to external devices for even more versatility Use a 3.5mm stereo cable to link it to a smartphone and unlock new sounds with the Otamatone Studio app This app offers Sound effects Instrument variations guitar violin flute synthesizer even a cat's meow Different musical scales Rhythm settings A piano keyboard simulation for more precise playing

The complete binder's volume of Emily's favorite songs, some common, some rare, is presented cover to cover as a photographic facsimile. A Biographical Guide to the Great Jazz and Pop Singers Will Friedwald, 2010-11-02 Will Friedwald's illuminating, opinionated essays, provocative, funny and personal on the lives and careers of more than three hundred singers, anatomize the work of the most important jazz and popular performers of the twentieth century. From giants like Ella Fitzgerald, Louis Armstrong, Frank Sinatra and Judy Garland to lesser known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again from the songs of Irving Berlin and W.C. Handy through Stephen Sondheim and beyond, bringing together straightforward jazz and pop singers, Billie Holiday, Perry Como, hybrid artists who moved among genres and combined them, Peggy Lee, Mel Tormé, the leading men and women of Broadway and Hollywood, Ethel Merman, Al Jolson, yesterday's vaudeville and radio stars, Sophie Tucker, Eddie Cantor, and today's cabaret artists and hit makers, Diana Krall, Michael Bublé. Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith, blues; Mahalia Jackson, gospel; Hank Williams, country and western; Elvis Presley, rock n roll; and Bob Dylan, folk rock. Friedwald reconsiders the personal stories and professional successes and failures of all these artists, their songs and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners and critics. This magisterial reference book, ten years in the making, will delight and inform anyone with a passion for the iconic music of America which continues to resonate throughout our popular culture.
