The Gulf Crisis:

The Gulf War Suzanne Murdico, 2003-12-15 Examines events surrounding the 1991 war between Iraq and a worldwide coalition of forces plus biographical notes on important figures and a look at the effects of this war **The Gulf War and the New World Order** Haim Bresheeth, 1991 The Gulf Crisis and its Global Aftermath Gad Barzilai, Aharon Klieman, Gil Shidlo, 2016-02-05 The crisis in the Gulf of 1990 affected more than just the regional powers in the area. Rippling outward, its military, economic, and political effects were felt throughout the international political system, testing US steadfastness in the face of Saddam Hussein's political survival. European ability to form a united front on foreign policy issues and the effectiveness of the UN in confronting international aggression. The rationale behind this book, first published in 1993, is to investigate and analyse the various aspects of the crisis, especially in regard to the interactions between internal and international prospects for a new order in the Middle East. It also examines the wider effects of the war and includes analysis of Europe, America, and the Soviet Union. Each one of the essays chosen for this volume has been written by an expert in their field. This collaboration between historians, regional specialists, and political scientists, integrating a variety of research methods in the framework of one book, will be useful to a wide range of readers. Policy and Opinion in the Gulf War John Mueller, 1994-07 The Persian Gulf crisis may well have been the most extensively polled episode in US history, as President Bush, his opponents, and even Saddam Hussein appealed to and tried to influence public opinion. As well documented as this phenomenon was, it remains largely unexplained. John Mueller provides an account of the complex relationship between American policy and public opinion during the Gulf crisis. Mueller analyzes key issues: the actual shallowness of public support for war; the effect of public opinion on the media rather than the other way around; the use and misuse of polls by policy makers; the American popular focus on Hussein's ouster as a central purpose of the War; and the War's short-lived impact on voting. Of particular interest is Mueller's conclusion that Bush succeeded in leading the country to war by increasingly convincing the public that it was inevitable rather than right or wise. Throughout, Mueller, author of *War, Presidents, and Public Opinion*, an analysis of public opinion during the Korean and Vietnam wars, places this analysis of the Gulf crisis in a broad political and military context, making comparisons to wars in Panama, Vietnam, Korea, and the Falklands, as well as to World War II and even the War of 1812. The book also collects nearly 300 tables charting public opinion through the Gulf crisis, making *Policy and Opinion in the Gulf War* an essential reference for anyone interested in recent American politics, foreign policy, public opinion, and survey research. *The Gulf Crisis* Aqil Hyder Hasan Abidi, 1991 The Complete Idiot's Guide to the Gulf War Charles Jacobo, 2002 Discusses the causes, military tactics, battles, and effects of the Persian Gulf War. *The Gulf Crisis* Ibrahim Ibrahim, 1992 *The Persian Gulf Crisis* Steve A. Yetiv, 1997-08-26 Ideal for student research, this book provides a reference guide to the war as well as seven essays analyzing a variety of aspects of the war and its consequences. The essays address questions such as: How did Saddam Hussein become such a major threat, and how has

he survived the war How critical was George Bush in driving U S and global foreign policy during the crisis How were key decisions made Did the war fail or succeed in retrospect What were its long run political economic strategic and cultural effects Can collective security work Is the United Nations likely to be effective in future crises What lessons can be learned from the crisis Yetiv draws on primary documents and extensive interviews with many key players such as Colin Powell James Baker and Brent Scowcroft and Arab and European leaders which cast new light on the event Following a list of key players and a complete chronology of events seven essays offer a contemporary perspective on the war Drama in the Desert War Erupts in a Storm The Continuation of Diplomacy by Air and on the Ground From Truman to Desert Storm The Rising Eagle in the Persian Gulf President Bush and Saddam Hussein A Classic Case of Individuals Driving History The West Arms a Brutal Dictator Can Proliferation Be Controlled in the Post Cold War World The United Nations and Collective Security Was the Gulf War a Model for the Future The Impact of the Persian Gulf War Reference components include a narrative historical overview of the war and biographical profiles of each of the major players in the war Twelve primary documents include speeches and UN resolutions A glossary of terms particular to the war and an annotated bibliography complete the work A selection of photos complements the text This readable guide is a one stop source for reference material and in depth analysis of the key foreign policy event of the 1990s and should appeal to a broad readership

The Persian Gulf Crisis Robert Helms, Robert H. Dorff, 1993 This book examines the implications of the Persian Gulf crisis in order to enhance our understanding of the post Cold War international system More than just another analysis of the Iraqi invasion of Kuwait and the subsequent war the book looks at the more general aspects of the use of force political economic and military evident in the Gulf crisis and what they can tell us about the emerging post Cold War system Contributors were selected on the basis of their ability to address specific questions and policy issues and to cast their analyses at a broadly theoretical level Each chapter looks at a different aspect of conflict in the international system and how that relates to the Persian Gulf crisis Several aspects of the crisis and the new international system are examined such as the role of the United Nations the utility of economic sanctions the historical origin of the crisis itself the potential sources of conflict and responses to it and the changing nature of the use of military force To the extent that the lessons found contradict the common wisdoms that emerged in the immediate aftermath of the war many of the chapters challenge the trend to find sweeping generalizations in the Gulf crisis that bear directly on international relations in the 1990s and beyond Civilian and military policymakers as well as students and teachers of international studies will find this book of interest

Hollow Victory Jeffrey Record, 1993 In Hollow Victory iconoclastic defense analyst Jeffrey Record targets the conventional view of the Gulf War victory In his characteristically provocative style he answers controversial political military and strategic questions raised by the war and its aftermath among them Were the UN economic sanctions ever really given a chance to work Could the war have been avoided altogether Why were assessments of Iraqi strengths and weaknesses so inaccurate How did the war s operational

setting contribute to its outcome Could a better general than Saddam Hussein have derailed Operation Desert Storm What were the relative contributions of air ground and naval power Did air power win the war Were U S military planning and operations really free of meddling by civilian authorities Did the U S armed services work together harmoniously If you thought you understood what happened in Desert Storm Hollow Victory will challenge your conclusions BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Gulf Crisis United States Information Agency,1990 **Saudi Arabia** Mordechai Abir,2013-12-19 This much revised edition of Professor Abir s Saudi Arabia in the Oil Era now includes consideration of both Gulf Wars Abir examines the social and political forces that have shaped Saudi Arabia including the impact of Islam and of Westernization drawing heavily on Saudi sources There is also essential analysis of regional security dilemmas and of the country s prospects in the post Gulf War era *Desert Storm* Michael J. Mazarr,2019-04-01 From Saddam Hussein s first bold threats in 1990 to the stunning ground phase of Desert Storm in early 1991 the crisis in the Gulf captured the world s attention This high tech low cost war was televised nightly from beginning to end accompanied by on the spot interpretations of strategy and its implications But what did we learn from this crisis Did the United States bungle its attempts at discouraging Saddam s aggressive actions or is deterrence simply not a reliable foreign policy tool Are chemical weapons truly the poor man s atom bomb Does the war represent a good model for future crises or did circumstances make this war more of an anomaly than a precedent How did the ail volunteer U S force perform By combining exciting detailed vignettes of the crisis with insightful discussions of its consequences this book opens up an informed debate concerning the true military and geopolitical lessons of the conflict Representing a distillation of the best thinking on defense and foreign policy in Washington Desert Storm also incorporates the testimony of the inside players during the crisis the people who actually planned and fought the war Combining academic rigor and in depth military expertise the authors challenge the complacency of the emerging conventional wisdom regarding the conflict taking us beyond mere chronicling and instant analysis to a riveting reenactment of the war and the serious consideration of its long term implications **The Gulf War** Hourly History,2021-10-04 Discover the remarkable history of the Gulf War The Gulf War took place between August 1990 and February 1991 when Iraq led by Saddam Hussein invaded neighboring Kuwait a small oil rich country in the Middle East His actions horrified and terrified world leaders and average citizens alike as fears about his use of chemical weapons and his plans for further expansion spurred the United Nations into action Eventually a coalition led by the United States would launch a counter offensive against Iraq pushing the Iraqis out of Kuwait and placing limits on their military growth for years to come As the first major global crisis after the collapse of the Soviet Union the Gulf War was a test in foreign relations and set an important precedent for how the world s superpowers would respond in moments of crisis moving forward Discover a plethora of topics such as Lead up to War The Iraqi Invasion of Kuwait The Gulf War Begins Operation Desert Shield Operation Desert Storm The Gulf War Ends Aftermath The Fall of Saddam Hussein And

Dimensions of the Gulf Crisis İsmet Giritli, 1992

The Gulf War John Bulloch, Harvey Morris, 2016-07-28 After a million deaths and twice that number injured after the destruction of much of the infrastructure of Iran and Iraq disruption of trade throughout the Gulf and the involvement of the USA and USSR was the Gulf War a pointless exercise a futile conflict which achieved nothing and left the combatants at the end of it all back in exactly the same position from which they started in 1980 In this book first published in 1989 the authors argue that the lack of territorial gain was irrelevant the real advantages won by each side were far more important intangible though they were For Iran the channelling of the energies of her people away from domestic concerns meant the continuation of the Islamic revolution and ensured the stability of the mullahs In Iraq the war propped up the increasingly shaky regime of Saddam Hussein The outside world especially the superpowers was terrified of the spread of Muslim fundamentalism so made no effort to prevent Iraq from trying to halt this spread But Israel Saudi Arabia Syria and the oil states also had vested interests in promoting the continuation of the war

The Persian Gulf War Herbert H. Blumberg, Christopher C.
