The Hawaiian Archipelago Isabella Lucy Bird, 1875 The Hawaiian Archipelago Isabella Lucy Bird, 1881 *The Hawaiian Archipelago; Six Months among the Palm Groves, Coral Reefs, and Volcanoes of the Sandwich Islands* Isabella L. Bird, 2023-05-24 Reproduction of the original The Hawaiian Archipelago Danielle Haynes, 2025-07-30 Hawaii is a chain of islands that formed in the Pacific Ocean due to volcanic activity The Pacific plate moves very slowly over a hot spot in Earth's mantle This caused a string of islands known as an archipelago to form Over the course of many centuries one island would form over the hot spot but the plate would move allowing a new island to form Older islands have been worn away and sink back into the ocean in time The engaging text addresses geological forces of the area as well as how people have discovered its many geological secrets Maps colorful photographs and primary sources help readers make the most of their reading experience *The Hawaiian Archipelago; Six Months among the Palm Groves, Coral Reefs, and Volcanoes of the Sandwich Islands* Isabella L. Bird, 2025-08-31 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Hawaiian Archipelago* Isabella Lucy Bird, 1997 Isabella Bird visited the Sandwich Islands in 1871 when she was forty Her letters home to her sister Henrietta have a remarkable freshness and spontaneity and reveal the transformation of a Victorian invalid into a fearless horsewoman and enthusiastic mountain climber who thought nothing of riding for miles soaked with rain and fording terrifyingly swollen rivers She undertook a thirteen hour unaccompanied trek to the summit of the extinct volcano of Mauna Kea revelling in the security with which she was able to travel and camp out without guides or companions At the end of her stay she was able to make the perilous ascent to the summit of Mauna Loa the largest volcano in the world camping for the night on the edge of the crater at nearly 14 000 feet

The Hawaiian Archipelago Isabella Bird, 2016-09-01 The natives are not savages most decidedly not They are on the whole a quiet courteous orderly harmless Christian community The native population has declined from 400 000 as estimated by Captain Cook in 1778 to 49 000 according to the census of 1872 There are about 5 000 foreign residents who live on very friendly terms with the natives and are mostly subjects of Kalakaua the king of the group The islands have a thoroughly civilized polity and the Hawaiians show a great aptitude for political organization They constitute a limited monarchy and have a constitutional and hereditary king a parliament with an upper and lower house a cabinet a standing army a police force a Supreme Court of Judicature a most efficient postal system a Governor and Sheriff on each of the larger islands court officials and court etiquette a common school system custom houses a civil list taxes a national debt and most of the other amenities and appliances of civilization There is no State Church The majority of the foreigners as well as of the natives are Congregationalists The missionaries translated the Bible and other books into Hawaiian taught the natives to read and write gave the princes and nobles a high class education induced the king and chiefs to renounce their oppressive feudal rights with legal advice framed a constitution which became the law of the land and obtained the recognition of the little Polynesian kingdom as a member of the brotherhood of civilized nations With these few remarks I leave the subject of the volume to develop itself in my letters They have not had the advantage of revision by any one familiar with the Sandwich Islands and mistakes and inaccuracies may consequently appear on which I hope that my Hawaiian friends will not be very severe In correcting them I have availed myself of the very valuable History of the Hawaiian Islands by Mr Jackson Jarves Ellis Tour Round Hawaii Mr Brigham s valuable monograph on The Hawaiian Volcanoes and sundry reports presented to the legislature during its present session I have also to express my obligations to the Hon E Allen Chief Justice and Chancellor of the Hawaiian kingdom Mr Manley Hopkins author of Hawaii Dr T M Coan of New York Professor W Alexander Daniel Smith Esq and other friends at Honolulu for assistance most kindly rendered Isabella L Bird
