The Old Ones Of New Mexico By Coles Robert:

The Old Ones of New Mexico Robert Coles, 1973 These narratives by storytellers in New Mexico examine life's big questions of what truly matters and why The timeless wisdom and contemplations of these old ones will resonate with those studying literature philosophy or religion as well as anyone who enjoys explorations of the human spirit Googlebooks **The Old Ones of New Mexico** Robert Coles, Alex Harris, 1973 **Working Knowledge** Douglas A. Harper, 1987-07-27 A number of years ago Douglas Harper moved to northern New York to teach in a small college Upon his arrival there his department chairman noted his eight year old Saab and said You'll be meeting Willie Harper spent the next years establishing not only a working relationship but a friendship with Willie In Working Knowledge he introduces us to Willie a mechanic and jack of all trades With this engaging and insightful profile part biography part ethnography and part photo essay Harper documents what Willie does and how he does it Harper's dignified portrait captures a disappearing feature of modern life the essential human factor in the world of work **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1974 First multi year cumulation covers six years 1965-70 **Translating Southwestern Landscapes** Audrey Goodman, 2016-02 Examines how the Southwest emerged as a symbolic cultural space for Anglos from 1880 through the early decades of the twentieth century particularly in the works of amateur ethnographer Charles Lummis pulp novelist Zane Grey translator of Indian songs Mary Austin and modernist author Willa Cather *Issues in Aging* Mark Novak, 2015-07-22 Opportunities and optimism in Aging Issues in Aging 3rd edition takes an optimistic view of aging and human potential in later life This book presents the most up to date facts on aging today the issues raised by these facts and the societal and individual responses that will create a successful old age for us all Mark Novak presents the full picture of aging exhibiting both the problems and the opportunities that accompany older age The text illustrates how generations are dependent on one another and how social conditions affect both the individual and social institutions Learning Goals Upon completing this book readers will be able to Understand how large scale social issues social attitudes the study of aging and demographic issues affect individuals and social institutions Identify the political responses to aging and how individuals can create a better old age for themselves and the people they know Separate the myths from the realities of aging Recognize the human side of aging Trace the transformation of pension plans health and opportunities for personal expression and social engagement to the new ecology of aging today **Imagined Frontiers** Carl Abbott, 2015-09-10 We live near the edge whether in a settlement at the core of the Rockies a gated community tucked into the wilds of the Santa Monica Mountains a silicon culture emerging in the suburbs or in the future homesteading on a terraformed Mars In Imagined Frontiers urban historian and popular culture scholar Carl Abbott looks at the work of American artists who have used novels film television maps and occasionally even performance art to explore these frontiers the metropolitan frontier of suburban development the classic continental frontier of American settlement and the yet unrealized frontiers beyond Earth Focusing on writers and

artists working during the past half century an era of global economic and social reach Abbott describes the dialogue between historians and social scientists seeking to understand these frontier places and the artists reimagining them in written and visual fictions This book offers perspectives on such well known authors as T C Boyle and John Updike and on such familiar movies and television shows as Falling Down and The Sopranos By putting The Rockford Files and the cult favorite Firefly in conversation with popular fiction writers Robert Heinlein and Stephen King and literary novelists Peter Matthiessen and Leslie Marmon Silko Abbott interweaves the disparate subjects of western history urban planning and science fiction in a single volume Abbott combines all new essays with others previously published but substantially revised to integrate western and urban history literary analysis and American studies scholarship in a uniquely compelling analysis of the frontier in popular culture

A Geography of the Lifeworld (Routledge Revivals) David Seamon, 2015-06-11 Within the modern Western lifestyle increasing conflict is becoming apparent between that patchwork of isolated points such as the home or the office which are linked by a mechanical system of transportation and communication devices and a growing sense of homelessness and isolation This work first published in 1979 adopts a phenomenological perspective illustrating that this malaise may have partial roots in the deepening rupture between people and place Whereas the problems of terrestrial space may have been overcome technologically and economically it has been less successful regarding people Experience indicates that people become bound to locality and the quality of their life is thus reduced if these bonds are disrupted or broken in any way The relationship between community and place is investigated as is the opportunity for improving the environment both from a human and an ecological perspective This book will be of interest to students of human geography

Sunbelt Rising Michelle Nickerson, Darren Dochuk, 2013-09-17 Coined by Republican strategist Kevin Phillips in 1969 to describe the new alloy of conservatism that united voters across the southern rim of the country the term Sunbelt has since gained currency in the American lexicon By the early 1970s the region had come to embody economic growth and an ambitious political culture With sprawling suburban landscapes cities like Atlanta Dallas and Los Angeles seemed destined to sap influence from the Northeast Corporate entrepreneurialism and a conservative ethos helped forge the Sunbelt's industrial labor relations military spending education systems and neighborhood development Unprecedented migration to the region ensured that these developments worked in concert with sojourners personal quests for work family community and leisure In the resplendent Sunbelt the nation seemed to glimpse the American Dream remade The essays in Sunbelt Rising deploy new analytic tools to explain this region's dramatic rise Contributors to the volume study the Sunbelt as both a physical entity and a cultural invention They examine the raised highway the sprawling prison complex and the fast food restaurant as distinctive material contours of a region In this same vein they delineate distinctive Sunbelt models of corporate and government organization which came to shape so many aspects of the nation's political and economic future Contributors also examine literature religion and civic engagement to illustrate how a particular Sunbelt cultural sensibility

arose that ordered people's lives in a period of tumultuous change By exploring the interplay between the Sunbelt as a structurally defined space and a culturally imagined place Sunbelt Rising addresses longstanding debates about region as a category of analysis

The Gendered West Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female experience whether Hispanic Japanese or Irish Women's work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered
