The Old People:

What are Old People For? William H. Thomas, 2004 Nodding to popular culture history science and literature a passionate and persuasive case is made for removing our ageist blinders and seeing old age as a developmental stage of life

The Old People A. J. Perry, 2014-06-30 Since the beginnings of darkest silence the people of a mythical island have spent their days tying the ancient knot that binds them to their ancestors To tie this knot they must dig a hole to dig a hole they first must have fire and to make a fire that is hot enough for hole digging this knot that they have been tying for countless generations must finally be tied From silence to mud to rope to knot to wood to words to fire the Old People will work to tie this knot under the cool shade of the island's original knotmaking tree Subversive in voice and style without mainstays of conventional fiction *The Old People* portrays the sights and sounds of a world that has been lost Using primary words as a metaphor for the island's seemingly limited yet infinitely diverse and self-sustaining resources the book conveys the life rhythms of the Old People and their world the unique cadence that emerges from the ancient juxtaposition of silence then language then silence once again *An Historical Account of the Old People's Hospital, Commonly Called, the Trinity Hospital in Edinburgh* Andrew Gairdner, 1728

Old People in Three Industrial Societies Ethel Shanas, Peter Townsend, Dorothy Wedderburn, Henning Kristian Friis, Poul Milhoj, Jan Stehouwer, 2017-07-12 Robert and Helen Lynd's *Middletown* set the format in sociological theory and practice for hundreds of studies in the decades following its publication in 1929 *Old People in Three Industrial Societies* may well set similar standards for studies in its field for many years to come In addition to achieving a significant breakthrough in the progress of sociological research techniques the book offers a monumental cross-cultural exposition of the health, family relationships and social and economic status of the aged in three countries: the United States, Britain and Denmark

The Family Life of Old People Peter Townsend, 2023-07-28 First published in 1957 *The Family Life of Old People* opens with the question: Are old people isolated from their families? Thereafter the author describes the results of intensive interviews with people of pensionable age in Bethnal Green in East London Part one shows that most people are members of closely knit extended families of three generations often living in separate households in adjoining streets The life of these families is of absorbing interest and the social structure of the home, the system of family care and the domestic economic and social relationships between husbands and their wives and between old people and their children and brothers and sisters are carefully analysed Part two discusses the social problems of old age against this background This book will be of interest to students of sociology and gerontology

Reminiscence Work with Old People Clare Gillies, Anne James, 2013-11-11 Perhaps being old is like having lighted rooms inside your head and people in them acting like people you know but can't quite name Philip Larkin This book is about those very old people who have a great many memories but few friends left to share them with It is about valuing and using their memories to enhance the quality of their lives that is about reminiscence work Many professionals offer this help to older people including nurses

social workers occupational therapists and clinical psychologists as do families and voluntary workers Its elements can be incorporated into day to day contacts with older people or it may take place in more structured settings The transitional period from mature middle age to dependent old age is neither distinct nor precise It does not occur at an identifiable time it may be prolonged and it may not be obvious to the old people or their families Loss of autonomy the inability to cope unaided with the tasks of daily living and increasing physical and mental frailty probably signal the area of transition The diminished self confidence that some old people feel at this time may be compounded by personal loss and financial difficulties enforced changes in their lifestyles may also add to their confusion

ADJUSTMENT PERSONALITY ASPECTS OF OLD PEOPLE: A BRIEF STUDY Dr. Sunil Laxmanrao Tribhuvan,2020-10-21 Concept of Adjustment Adjustment refers to changes in our ways of behaving to meet the changing demands of our environments Obviously Adjustment can be defined as a person s interaction with his environment Each person constantly strives to meet his needs and reach his goals At the same time he is under pressure from the environment to behave in certain ways Adjustment involves the reconciliation of personal and environmental demands Interaction means mutual bearing or influence Every person is influenced by these surroundings And each has same effect on the particular environmental settings of which he is a part The relative amount of influence varies from setting to setting and from time to time within a particular setting Sometimes an individual is more influenced than influential and sometimes it is the other way around Environment refers to everything external to the person with which he is in some relation In the study of adjustment the unit of study is frequently a social group For example the individual is studied in relation to his family or to the people with whom he work

My old people say: Part 2 Catharine McClellan,2001-01-01 Long out of print My Old People Say has remained a primary resource for students of the history and culture of northwestern North America Catherine McClellan s three decades of collaboration with the Inland Tlingit Tagish and Southern Tutchone resulted in two splendid scholarly volumes that document rich and detailed memories of late nineteenth century social organization subsistence strategies and resource allocation as well as aesthetic spiritual and intellectual traditions Published in English

Old People, New Lives Jennie Keith,1982-10-15 An American anthropologist Jennie Keith went to live for twelve months in a French housing scheme for retired people and as a participant observer conducted a study in community creation This book in which she describes and analyses her experience is a delight It is scholarly and draws on a wide range of studies of similar residences and other collectives it is also vivid funny sad and entertaining Marie Borland British Journal of Social Work

Ending Ageism, or How Not to Shoot Old People Margaret Morganroth Gullette,2017-08-23 Winner of the MLA Prize for Independent Scholars and the APA s Florence L Denmark Award for Contributions to Women and Aging When the term ageism was coined in 1969 many problems of exclusion seemed resolved by government programs like Social Security and Medicare As people live longer lives today s great demotions of older people cut deeper into their self worth and human relations beyond the reach of law or public policy In Ending Ageism or How Not to Shoot Old People award winning

writer and cultural critic Margaret Morganroth Gullette confronts the offenders the ways people aging past midlife are portrayed in the media by adult offspring the esthetics and politics of representation in photography film and theater and the incitement to commit suicide for those with early signs of dementia In this original and important book Gullette presents evidence of pervasive age related assaults in contemporary societies and their chronic affects The sudden onset of age related shaming can occur anywhere the shove in the street the cold shoulder at the party the deaf ear at the meeting the shut out by the personnel office or the obtuseness of a government Turning intimate suffering into public grievances Ending Ageism Or How Not to Shoot Old People effectively and beautifully argues that overcoming ageism is the next imperative social movement of our time About the cover image This elegant dignified figure Leda Machado a Cuban old enough to have seen the Revolution once the center of a vast photo mural is now a fragment on a ruined wall Ageism tears down the structures that all humans need to age well to end it a symbol of resilience offers us all brisk blue sky energy Leda Antonia Machado from Wrinkles of the City 2012 Piotr Trybalski Trybalski com Courtesy of the artist A Declaration of Grievances A Declaration of Grievances was written by Margaret Morganroth Gullette and is excerpted from her book Ending Ageism or How Not to Shoot Old People 2017 Rutgers University Press The poster was designed by Carolyn Kerchof A Declaration of Grievances in English https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2023/01/15175130_A_Declaration_of_Grievances_Eng.pdf A Declaration of Grievances in Spanish https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2023/01/15175131_A_Declaration_of_Grievances_Spanish.pdf A Declaration of Grievances in French https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2023/01/15175130_A_Declaration_of_Grievances_French.pdf A Declaration of Grievances in German https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2023/01/15175131_A_Declaration_of_Grievances_German.pdf Print the PDF make sure to click fit to page and hang the Declaration up in your home or place of work Please share this link with other people you know who care about the rights of older persons Share on social media with the hashtags #ADeclarationOfGrievances and #EndingAgeismGullette For more information an excerpt links to reviews and special offers on this book go to <https://www.rutgersuniversitypress.org/ending-ageism> Related website <https://www.brandeis.edu/wsrc/scholars/profiles/gullette.html> Portraying Older People in Advertising Thomas E. Robinson II, 2021-11-18 First published in 1998 As society grows and changes advertisers are faced with the challenge of matching their advertising messages to new and different target audiences For example children adolescents men women and older individuals are all audiences with specific needs wants and desires that advertisers must address in their advertising appeals The purpose of this research is to determine the degree to which certain advertisements in the general interest media portray older individuals differently depending on the target audience Specifically this study examines advertisers attempts in the electronic and print media to target and attract the business of the older population **Old People's Homes and the Production of Welfare** Bleddyn Davies, Martin Knapp, 2024-05-10 In 1980 old people comprised over half the clients of Local Authority Social Services

Departments and accounted for about half of their resources yet until then residential care of the aged had been a backwater of both research and practice During the 1970s a large research literature had developed on the subject particularly in the United States However studies had been partial in their focus on issues making no attempt to draw together their arguments to create a model that described and evaluated competing theories about what it is that determines the quality of residential life Originally published in 1981 Bleddyn Davies and Martin Knapp filled that gap in this book The authors discuss not only the theoretical arguments about residential care and the degree to which those theories had been verified by research but also how far the factors considered to be important had been successfully measured considering the choices to be made between alternative varieties of care that had grown up so rapidly in the previous five years The authors conclude with an analysis of how their approach should contribute to the discussion of issues that was to be faced by British policy makers in the 1980s as our welfare systems attempted to cope with the increasing numbers of the very old

The Art and Science of Personalising Care with Older People with Diabetes Trisha Dunning, 2018-08-06 This unique book is intended for all health professionals caring for older people with diabetes such as specialist and general nurses doctors primary care practioners and dieteticians Although there is an increasing body of work about personalised care no publications were identified that encompass the focus and scope of the proposed book The global population is ageing and increasing age is a key risk factor for diabetes Older people with diabetes are often vulnerable have complex care needs and often have cognitive changes which makes personalising care challenging for health professionals Thus this is an internationally relevant book filling a gap in the current literature This is a practical and updated book that will use an engaging and easy to read narrative style It challenges readers to reflect in and on their practice It encompasses people with diabetes and authors stories which are known to have a special interest to readers make it easier to apply the information to practice enhance learning and hence the relevance and value of the book It is relevant to advocacy organisations as well as managers and service planners Researchers and scientists may find relevant information on grant and ethics applications research protocols plain language statements for potential participants and operationalising research protocols

Understanding the Older Consumer Barrie Gunter, 2012-10-12 In *Understanding the Older Consumer* Barrie Gunter provides a detailed examination of the demographic behavioural and psychological profiles of the older consumer He shows that without the responsibilities of loans and child raising and with better financial provision than in previous years the over 50s represent a powerful spending force In order to reach this group Barrie Gunter shows how to target advertising and respond to the changes that have occurred *Understanding the Older Consumer* provides a wealth of information on older people s lifestyles and leisure their interest in the mass media their perceptions of advertising and their shopping

Old and Alone Jeremy Tunstall, 2024-05-10 What is it like to be an isolated old widow living alone on the bare old age pension In the 1960s the question had become a standard refrain Originally published in 1966 this was the first full length study by a sociologist of isolation in old age Although the

majority of old people were in no sense a problem group at the time a substantial minority of the elderly were alone in one or more ways About 1 3 million people aged sixty five and over in Britain lived alone a large number admitted to feeling lonely at least sometime About a million were actually socially isolated in terms of low level and frequency of social contact Mr Tunstall also uses a fourth category of aloneness namely anomie as developed by Durkheim Merton and Srole This report uses careful and statistical analysis of the four types of aloneness and of specially affected groups such as the single the recently widowed and the housebound But it also includes details of interviews with ten highly individual old people from suburban Harrow booming Northampton industrial revolution Oldham and rural South Norfolk The book contains a discussion of the problem of personality in isolation and a commentary on the inadequacies of social theory about old age Finally the concluding chapter suggests a wide variety of policy measures which might help to alleviate social isolation in old age

Social Inequality in Japan Sawako

Shirahase, 2014-01-10 Japan was the first Asian country to become a mature industrial society and throughout the 1970s and the 1980s was viewed as an all middle class society However since the 1990s there have been growing doubts as to the real degree of social equality in Japan particularly in the context of dramatic demographic shifts as the population ages whilst fertility levels continue to fall This book compares Japan with America Britain Italy France Germany Sweden and Taiwan in order to determine whether inequality really is a social problem in Japan With a focus on impact demographic shifts Sawako Shirahase examines female labour market participation income inequality among households with children the state of the family generational change single person households and income distribution among the aged and asks whether increasing inequality is uniquely Japanese or if it is a social problem common across all of the societies included in this study Crucially this book shows that Japan is distinctive not in terms of the degree of inequality in the society but rather in how acutely inequality is perceived Further the data shows that Japan differs from the other countries examined in terms of the gender gap in both the labour market and the family and in inequality among single person households single men and women including lifelong bachelors and spinsters and also among single parent households who pay a heavy price for having deviated from the expected pattern of life in Japan Drawing on extensive empirical data this book will be of great interest to students and scholars interested in Japanese culture and society Japanese studies and social policy more generally
