The Olympic Record:

The Olympic Record Book Bill Mallon, 1988 **Olympic Records** Ava Thompson, AI, 2025-02-19 *Olympic Records* explores the history and significance of record breaking performances at the Olympic Games blending sports history with an analysis of athletic achievement It examines how records are more than just numbers they encapsulate stories of dedication innovation and sometimes controversy The book highlights how advancements in technology and training have continually reshaped the boundaries of human potential Did you know that the ancient Olympics for example focused solely on male athletes competing in the nude a stark contrast to the diverse and inclusive games we know today The book also addresses how geopolitical influences impact athletes and record opportunities The book progresses by first laying a historical foundation then diving into specific sports like track and field swimming weightlifting and gymnastics to analyze landmark achievements Each record is presented with the athlete's background and the event's circumstances offering a narrative that enhances understanding The book uniquely examines controversies like doping providing a balanced perspective on the challenges of defining athletic achievement For instance the evolution of swimming records is closely linked to the development of lighter more hydrodynamic swimsuits This book argues that Olympic records reflect humanity's collective desire to push boundaries It supports this by introducing key concepts related to sports science and the Olympic movement then developing these ideas through case studies Finally it examines the broader implications of these records on society and culture making it valuable for sports enthusiasts and history buffs alike *The Olympic Games Handbook* David Chester, 1971 **Incredible Olympic Records** Tyler Mason, 2016-08 Describes some of the amazing records set by athletes at the Olympic games including the fastest one hundred meter dash by Usain Bolt Nadia Comaneci's perfect score in gymnastics and Michael Phelps eighth gold medal win **Olympic Records** Thomas K.
