The One Minute Relationship:

Star Signs and One Minute Towards a Dead End Relationship Tim Ekwulugo, 2012 Star signs and one minute towards a dead end relationship attempts to address all the signals that usually tell us that a relationship will not be successful any time we meet a potential lover. This will help us know when to apply the brakes. He or she who acquires this book will be in the position to embrace some of the notable signs which will expose possible love rats, wrong partners, wrong marriages, a treasure hunter, gold diggers, or people who are out there to settle some scores towards the opposite sex due to a number of failed relationships. The relationship game is a cut and throat business which must be taken seriously. Ignorance of some of the signs uncovered by the author can possibly lead us towards a lot of failed relationships which will subsequently affect our future happiness. The obvious consequences of failed relationships are heart breaks, nervous breakdown, difficulty to love again, hatred of the opposite sex, loneliness, suicidal tendency, and so on. Wouldn't it make more sense for us to trade carefully in this relationship game and avoid making the same mistake all over again? The signs of a possible dead end or unhealthy relationship tend to manifest during the initial meetings with possible lovers; however, these signs are usually overlooked. We must task ourself during our initial encounters with potential lovers to avoid falling in love with the wrong person. The probability of a relationship failing when we meet a potential lover is a lot higher than the relationship becoming successful, and this means that we must trade cautiously to avoid being the victim. Some of the signs uncovered by the author will be of immense benefit in helping some of the readers in making the right decision, particularly ensuring that the probability of success will be a lot higher than failure.
