The Order Of The Rose The Life And Ideas Of Christine De Pizan:

The Order of the Rose Enid McLeod, 1976 Times Literary Supplement Miss McLeod vividly engages our attention She has the ability to conjure up wide vistas or to paint portraits in very few words A very carefully researched very considerable work which is often moving and always engaging because of Miss McLeod's great enthusiasm for the period the prince and the poet She has every student of fifteenth century France deeply in her debt PHILIP TOYNBEE An admirable biography She is caught up in the great issues of fifteenth century France and she is able to write them as if they were such impassioned contemporary issues as the Vietnam war Miss McLeod brings the age alive with the vividness of a deep scholarship illuminated by an equally deep affection Winner of the Duff Cooper Memorial Prize for 1970 Publisher **The Order of the Rose** Enid McLeod, 1976 The Epistle of the Prison of Human Life Christine de Pizan, 2019-06-03 Originally published in 1984 the three epistolary works of Christine de Pizan alongside their translation They are all personal documents from a woman who gave spiritual advice as well as an insight into the real workings of her society **Christine de Pizan** Angus J. Kennedy, 1984 Published by Boydell Brewer Inc Christine de Pizan's "Epistre Othéa" Sandra Hindman, 1986 **The Writings of Medieval Women** Marcelle Thiebaux, 2019-05-23 Published in 1994 The period surveyed in this anthology extends from the eve of Christianity's triumph in the third century to the new age of expansion in the fifteenth century an age marked by the advent of printing pressed the European discovery of the Caribbean islands which Columbus called the Indies the relentless stripping of medieval altars by Church reformists and perhaps a diminution of female autonomy *Christine de Pizan and the Moral Defence of Women* Rosalind Brown-Grant, 2003-09-18 Christine de Pizan's *Livre de la Cit des Dames* 1405 is justly renowned for its full scale assault on the misogynist stereotypes which dominated the culture of the Middle Ages Rosalind Brown Grant locates the Cit in the context of Christine's defence of women as it developed over a number of years and through a range of different texts Arguing that Christine tailored her critique of misogyny according to the genre in which she was writing and the audience she was addressing this study shows that Christine's case for women nonetheless had an underlying unity in its insistence on the moral if not the social equality of the sexes Whilst Christine may not have been a radical in modern feminist terms she was able to draw upon the cultural resources of her day in order to construct an intellectual authority for herself that challenged the prevailing orthodoxy of the day **Christine de Pisan** Edith Yenall, 1989 Christine de Pizan c 1364 1430 a celebrated author and early feminist was one of the outstanding women of her time Her present revival has focused new critical attention on her work and contributions to late medieval culture This revised and enlarged second edition is an annotated cross referenced bibliography including both primary and secondary source material With three indexes Entries include primary and secondary sources about Christine de Pizan c 1364 1430 a celebrated author and early feminist The Writings of Medieval Women Marcelle Theibaux, 2013-06-17 Royal and saintly women are well represented here with the welcome addition of women from the Mediterranean arc Garland has done a solid

job of presenting this book *Arthuriana: The Anthology* gives a fine sense of the great range of women's writing in the Middle Ages. **Medium Aevum** Joan of Arc and Christine de Pizan's Ditié Karen Green, 2021-06-29 Grounded in a close reading of the records of Joan's trial and rehabilitation on the early letters announcing her arrival at Chinon and on three literary works Christine de Pizan's *Ditié* Martin le Franc's *Le Champion des dames* and Alain Chartier's *Traité de l'Espérance* this controversial work argues that serious historians should accept that Joan was trained. It proposes that she was identified and taught how to behave in the expectation of the fulfillment of the Charlemagne Prophecy and other prophecies from the Joachimite tradition. It explores the possibility that Christine de Pizan who had been promoting these prophecies from the beginning of the century had some hand in the process that resulted in Joan's appearance and demonstrates at the very least that there are many links connecting Christine de Pizan to the knights who fought with Joan. **The Middle Ages** Frank N. Magill, 2012-11-12 Each volume of the *Dictionary of World Biography* contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography. **Medieval Mythography, Volume Three** Jane Chance, 2019-11-15 With this volume Jane Chance concludes her monumental study of the history of mythography in medieval literature. Her focus here is the advent of hybrid mythography: the transformation of mythological commentary by blending the scholarly with the courtly and the personal. No other work examines the mythographic interrelationships among these poets and their unique and personal approaches to mythological commentary. Medieval Women Writers Katharina M. Wilson, 1984 This is one of the first anthologies devoted to the writings of women in the Middle Ages. The fifteen women whose works are represented span seven centuries, eight languages and ten regions or nationalities. Many are recognized, taught and anthologized in their own countries but have been inaccessible to students in English. Others are little read today because their literary fortunes have paralleled fluctuations in literary taste and literary patronage. Katharina M. Wilson's introduction to the volume places these writers in historical context and explores the question of the female imagination and who these women were who were writing at a time when very few women were literate and most literature sacred and secular was penned by men. Each of the fifteen chapters has been written by a different scholar and includes a biographical and critical introduction to the writer, a representative selection of her works in translation and a bibliography. *Patrons of Enlightenment* Edward Andrew, 2006-01-01 *Patrons of Enlightenment* emphasizes the dependency of thinkers upon patrons and compares the patron-client relationships in the French, English and Scottish republics of letters. *The Facts on File Companion to the French Novel* Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The Stranger* are staples of high school and college

literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization
