The Persecution of the Jews in the Netherlands, 1940-1945 Peter Romijn, 2025-10-01 These five articles first presented at the conference The Holocaust and other Genocides The Uses Misuses and Abuses of the Holocaust Paradigm in 2011 reflect the current Dutch research on the persecution of the Jews in the Netherlands during the Second World War and recent developments in the historiography concerning this topic To a certain extent the work being done in the Netherlands has reflected the international historiography in that it addresses the political and public responses to National Socialism and occupation the nature of the persecution and the regime in the concentration camps The perspectives of the general population of the victims and of the perpetrators are all examined but above all those of bystanders In this selection of the most recent research there is a particular emphasis on the nature of the persecution and the general public's reaction to it

Hitler's Monsters Eric Kurlander, 2017-06-06 A dense and scholarly book about the relationship between the Nazi party and the occult reveals stranger than fiction truths on every page Daily Telegraph The Nazi fascination with the occult is legendary yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty Preposterous though it was however supernatural thinking was inextricable from the Nazi project The regime enlisted astrology and the paranormal paganism Indo Aryan mythology witchcraft miracle weapons and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion In this eye opening history Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward Even as popular occultism and superstition were intermittently rooted out suppressed and outlawed the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power shape propaganda and policy and pursue their dreams of racial utopia and empire Kurlander shows how swiftly irrational ideas can take hold even in an age before social media The Washington Post Deeply researched convincingly authenticated this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish The Spectator A trustworthy book on an extraordinary subject The Times A fascinating look at a little understood aspect of fascism Kirkus Reviews Kurlander provides a careful clear headed and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits National Review

inspiring book examines the often incredible and nearly always tragic examples of Jewish resistance in ghettos and concentration camps during the Nazis Final Solution It shows that the Warsaw Uprising in Poland during April to May 1944 was not the only occasion of defiant opposition Throughout the Nazis extermination programme Jews and other prisoners fought back against their murderers often with stunning results The Germans were nearly always taken by surprise by the sudden emergence of armed Jewish resistance and often paid dearly This happened in ghettos and concentration camps including Treblinka Auschwitz Syreles and Sobibor throughout Poland and the Ukraine Some Jews tried to stop the machinery of the Holocaust by rising up and destroying the gas chambers while others bravely tried to take over an extermination camp and escape en masse In virtually every case the brave men and women who volunteered to fight back paid with their lives Importantly these men and women are not just portrayed as victims but also as brave and resourceful fighters and resisters against their tragic fate These are stories that are uplifting inspiring and often profoundly moving

Stalin's Curse Robert Gellately, 2013-03-05 A chilling riveting account based on newly released Russian documentation that reveals Joseph Stalin's true motives and the extent of his enduring commitment to expanding the Soviet empire during the years in which he seemingly collaborated with Franklin D Roosevelt Winston Churchill and the capitalist West At the Big Three conferences of World War II Joseph Stalin persuasively played the role of a great world leader whose primary concerns lay in international strategy and power politics and not communist ideology Now using recently uncovered documents Robert Gellately conclusively shows that in fact the dictator was biding his time determined to establish Communist regimes across Europe and beyond His actions during those years and the poorly calculated responses to them from the West set in motion what would eventually become the Cold War Exciting deeply engaging and shrewdly perceptive Stalin's Curse is an unprecedented revelation of the sinister machinations of Stalin's Kremlin

Priest, Politician, Collaborator James Mace Ward, 2013-04-02 In *Priest Politician Collaborator* James Mace Ward offers the first comprehensive and scholarly English language biography of the Catholic priest and Slovak nationalist Jozef Tiso 1887 1947 The first president of an independent Slovakia established as a satellite of Nazi Germany Tiso was ultimately hanged for treason and in effect crimes against humanity by a postwar reunified Czechoslovakia Drawing on extensive archival research Ward portrays Tiso as a devoutly religious man who came to privilege the maintenance of a Slovak state over all other concerns helping thus to

condemn Slovak Jewry to destruction Ward however refuses to reduce Tiso to a mere opportunist portraying him also as a man of principle and a victim of international circumstances This potent mix combined with an almost epic ability to deny the consequences of his own actions ultimately led to Tiso's undoing Tiso began his career as a fervent priest seeking to defend the church and pursue social justice within the Kingdom of Hungary With the breakup of Austria Hungary in 1918 and the creation of a Czechoslovak Republic these missions then fused with a parochial Slovak nationalist agenda a complex process that is the core narrative of the book Ward presents the strongest case yet for Tiso's heavy responsibility in the Holocaust crimes that he investigates as an outcome of the interplay between Tiso's lifelong pattern of collaboration and the murderous international politics of Hitler's Europe To this day memories of Tiso divide opinion within Slovakia burdening the country's efforts to come to terms with its own history As portrayed in this masterful biography Tiso's life not only illuminates the history of a small state but also supplies a missing piece of the larger puzzle that was interwar and wartime Europe **The Routledge History of East Central Europe Since 1700** Irina Livezeanu, Arpad von Klimó, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher **Białostockie Studia Prawnicze 23(4)** Anna Drabarz, 2018-12-18 *Disrupting Pathways to Genocide* E.
