The Origins Of World War One

Annika Mombauer

The Origins Of World War One:

The Origins of World War One Roger Parkinson, 1973 Presents the diplomatic military and political origins of World War I Includes extracts from contemporary documents

The Origins of World War I Richard F. Hamilton, Holger H. Herwig, 2003-02-24 This work poses a straightforward yet at the same time perplexing question about World War I Why did it happen Several of the oft cited causes are reviewed and discussed The argument of the alliance systems is inadequate lacking relevance or compelling force The arguments of mass demands those focusing on nationalism militarism and social Darwinism it is argued are insufficient lacking indications of frequency intensity and process how they influenced the various decisions The work focuses on decision making on the choices made by small coteries in Austria Hungary Germany Russia France Britain and elsewhere The decisions made later by leaders in Japan the Ottoman Empire Italy the Balkans and the United States are also explored The final chapters review the basic causes once again An alternative position is advanced one focused on elites and coteries their backgrounds and training and on their unique agendas

The Origins of the First World War James Joll, Gordon Martel, 2007 James Joll was one of the 20th century's most eminent historians of international history In this now classic text he produced a careful clear and concise evaluation of the multitude of explanations that had been advanced to explain the causes of one of the most significant events in modern history In this new edition Gordon Martel has seamlessly weaved into the original text the enormous amount of new research on the subject that has been conducted by historians over the past twenty years New arguments and the new debates that this research have generated have been integrated and the bibliography expanded and updated The Origins of the First World War is an ambitious and wide ranging analysis of the historical forces at work in the Europe of 1914 and the very different ways in which historians have subsequently attempted to understand them

The Origins of the First World War James Joll, 1992 James Joll's justly celebrated and best selling study is not simply another narrative retracing the powder trail that was finally ignited at Sarajevo It is an ambitious and wide ranging analysis of the historical forces at work in the Europe of 1914 and the very different ways in which historians have subsequently attempted to understand them

World War One Norman Stone, 2009-04-28 After the unprecedented destruction of the Great War the world longed for a lasting peace The victors however valued vengeance even more than stability and demanded a massive indemnity from Germany in order to keep it from rearming The results as eminent historian Norman Stone describes in this authoritative history were disastrous In World War Two Stone provides a remarkably concise account of the deadliest war of human history showing how the conflict roared to life from the ashes of World War One Adolf Hitler rode a tide of popular desperation and resentment to power in Germany promptly making good on his promise to return the nation to its former economic and military strength He bullied Europe into giving him his way and in so doing backed the victors of the Great War into a corner Following the invasion of Poland in 1939 Britain and France declared war on Germany a decision that Stone argues was utterly irrational Yet Hitler

had driven the world mad and the rekindling of European hostilities soon grew to a conflagration that spread across the globe fanned by political and racial ideologies more poisonous and weaponry more destructive than the world had ever seen With commanding expertise Stone leads readers through the escalation climax and mournful denouement of this sprawling conflict World War Two is an invaluable contribution to our understanding of the twentieth century and its defining struggle

The Origins of World War I, 1871-1914 Joachim Remak,1995 Appropriate for courses in Western Civilization Modern Europe and Twentieth Century Europe this text examines the origins of the First World War An ideal supplementary text it is concise readable and combines traditional and diplomatic history with the controversy surrounding the origin of the First

World War **Origins of World War One** Joachim Remak,1983-07-01 [The Origins of the First World War](#) Annika Mombauer,2013-12-02 The seminal event of the 20th century the origins of the First World War have always been difficult to establish and have aroused deep controversy Annika Mombauer tracks the impassioned debates as they developed at critical points through the twentieth century The book focuses on the controversy itself rather than the specific events leading up to the war Emotive and emotional from the very beginning of the conflict the debate and the passions aroused in response to such issues as the war guilt paragraph of the treaty of Versailles are set in the context of the times in which they were proposed Similarly the argument has been fuelled by concerns over the sacrifices that were made and the casualties that were suffered Were they really justified [World War I](#) , **Simple History A simple guide to World War I** Daniel

Turner,2014-12-31 Jump into the muddy trenches of the World War I and discover the story of one of the bloodiest wars in history On the way meet the soldiers and leaders of the conflict and explore the exciting weapons tanks planes technology of battle Illustrated in the popular minimalist style of today young reader s imaginations will come to life Simple history gives you the facts in a simple uncomplicated and eye catching way Simple history is part of an ongoing series what will be the next episode **World War I** Tammy M. Proctor,2017-10-05 A lively engaging history of The Great War written for a new

generation of readers In recent years scholarship on World War I has turned from a fairly narrow focus on military tactics weaponry and diplomacy to incorporate considerations of empire globalism and social and cultural history This concise history of the first modern global war helps to further broaden the focus typically provided in World War I surveys by challenging popular myths and stereotypes to provide a new engaging account of The Great War The conventional World War I narrative that has evolved over the past century is that of an inevitable but useless war where men were needlessly slaughtered due to poor decisions by hidebound officers This characterization developed out of a narrow focus on the Western Front promulgated mainly by British historians In this book Professor Proctor provides a broader more multifaceted historical narrative including perspectives from other fronts and spheres of interest and a wider range of participants She also draws on recent scholarship to consider the gendered aspect of war and the ways in which social class religion and cultural factors shaped experiences and memories of the war Structured chronologically to help convey a sense of how the

conflict evolved Each chapter considers a key interpretive question encouraging readers to examine the extent to which the war was total modern and global Challenges outdated stereotypes created through a focus on the Western Front Considers the war in light of recent scholarship on empire global history gender and culture Explores ways in which the war and the terms of peace shaped the course of the 20th century World War I A Short History is sure to become required reading in undergraduate survey courses on WWI as well as courses in military history the 20th century world or the era of the World Wars

The Origins of the First World War Annika Mombauer, 2013-05-28 This book is a unique collection of diplomatic and military documents which illuminate the origins of the First World War It brings together newly discovered archival sources as well as documents not previously available in English drawn from a broad range of sources and countries It is an essential collection for anyone studying the origins of the First World War The volume contains several hundred international documents for the years 1911-1914 selected because they are vital to understanding the origins of the war The volume includes a comprehensive scholarly introduction which analyses the most controversial issues in the debate on the origins of the First World War on the eve of the centenary It also provides a detailed overview of the history of official document publications on the diplomatic background to the outbreak of war and places these within the context of the long historiographical debate on its origins The First World War continues to fascinate scholars students and the general public and the riddle of its origins has never been satisfactorily solved Anyone studying the outbreak of the war will find this collection indispensable Documents are an essential tool for historical study particularly for this controversial topic about which historians have argued for the best part of a century The documents in this volume are thoroughly cross referenced and annotated and presented with authoritative commentary This allows readers to make connections between the documents to illuminate how the decisions for war were made and why

The Routledge History of the First World War Paul R. Bartrop, 2024-08-27 The Routledge History of the First World War is a work which in a single volume covers a range of major themes and issues relating to that conflict Providing a comprehensive but readily accessible reference work examining the First World War in accordance with a broad range of themes this book presents the many ways in which study of the First World War can take place and introduces readers to new areas of research often untouched in other studies of the war With a scholarly Introduction and 60 chapters by specialist authors who come from 14 different countries across four continents the book is also intended to open lines of further inquiry from its solid base of academic knowledge The volume demonstrates the war's global and total nature examining the conflict in all major theatres and through the lens of the key combatants and neutrals It also fully engages with issues of race gender ideology and society during the war This book will appeal to students of all levels scholars and general readers alike interested in the First World War from several different perspectives and research areas The 60 chapters cover topics from numerous angles and provide detailed information about all aspects relating to the First World War

The Causes of the First World War Annika Mombauer, 2024 Original title The

Origins of the First World War Controversies and Consensus published by Pearson Education Ltd 2002 *The Great War, 1914-1918* Spencer Tucker, 2002-01-04 An up to date and concise account of WWI for teachers and students looking for a balanced introduction It details both the military operations as well as the development of war aims alliance diplomacy and the war on the home front The Lowdown John Lee, 2015-01-03 Origins of the First World War Emeritus Professor of History University of Northern British Columbia and Adjunct Professor of History University of Victoria Gordon Martel, Gordon Martel, 2014-12 Origins of the First World War summarizes and analyses the policies issues and crises that brought Europe to war in 1914 Martel explains the position of each of the great powers and their place in the system of alliances that dominated international politics He examines the strategic and political problems that confronted each power and the way in which society and economics influenced the decision making process In a clear and accessible manner the book demonstrates how and why the alliance system was created how it led to a network of complicated strategic commitments how an escalating series of international crises from the turn of the century fuelled preparations for war why the peculiarities of the Balkans are essential in understanding the outbreak of war in 1914 Incorporating the latest scholarship on the subject this revised third edition provides a Guide to Further Reading Who's Who and Glossary The comprehensive selection of Documents include key treaties crises and representations of popular militarism and nationalism The book provides students with the clearest most concise accessible and up to date account of the Origins of the First World War available *The Untold Story of the FIRST WORLD WAR* Anna Revell, 2017-05-02 The Untold Story of the FIRST WORLD WAR World War One True Stories of the Great War The First World War 1914 1918 or the Great War as it was known at the time is a pivotal moment in world history for a number of reasons There had been wars involving many countries many times before but mostly these conflicts had been localised mostly in Europe The Great War involved most of the nations of the world and was fought on every continent There had been many longer wars but none had inflicted such terrible loss of life both military and civilian The casualties of World War I were numbered in the millions Twelve million died with another twenty million wounded The population of the world in 1900 was about one and a half billion The First World War killed close to one hundredth of the population of the world in just four years Never before had such terrible weapons of destruction been constructed And although civilians had always suffered in war the business of war itself was in the hands of professional soldiers Now however war affected the daily lives of everyone and all were called upon to contribute to the war effort World War I turned the world on its head and prepared the way for the coming of our own world This book looks at the untold story of World War One and the events leading up to this major conflict of the modern era A must read for fans of history or anyone interesting in uncovering the true story of what really went on in the build up to during and beyond the First World War **The Medics of World War One** Kevin Hargreaves, 2018-12-22 Medics takes a look at the role men played in the care of the sick and wounded during World War One There is a certain perception and certainly if one looks at

the so called docudramas related to the injured servicemen during World War One it would appear that men played no role in the sick and injured men s care It would be very easy to get the impression that all the care was given by the Queen Alexandra s Imperial Military Nursing Service This is not the case the care of the sick and wounded actually started in no man s land where they were cared for by the regimental stretcher bearers and the RAMC orderlies all the way down the line to the Casualty Clearing Stations and even in the General Hospitals Throughout the text we follow the journey of the wounded from no man s land down the evacuation chain to the general hospital in England and the colonies and illustrate the role that the male caregivers undertook in the care of the wounded **Making Things International 1** Mark B.

Salter, 2015-05-01 Building on recent debates in critical social theory and international relations Making Things International I Circuits and Motion presents twenty five essays that engage the global the local and the international through the lens of objects It represents the first substantial new materialist intervention in global politics and international relations offering a diverse and provocative set of reflections on how different objects create sustain complicate and trouble the international Problematizing the stuff of global life Making Things International focuses on contemporary materialist scholarship on the international realm The first of two volumes these original contributions by both new and established scholars examine how war diplomacy trade communication and mobile populations are made by things weapons vehicles shipping containers commodities passports and more The authors demonstrate how mundane everyday objects not normally understood as international are in fact deeply implicated in how we think of the world blood garbage viruses traffic lights clocks memes and ships ballast Contributors Michele Acuto U College London Peter Adey Royal Holloway U of London Rune Saugmann Andersen U of Helsinki Jessica Auchter U of Tennessee at Chattanooga Mike Bourne Queen s U Belfast Kathleen P J Brennan Elizabeth Cobbett U of East Anglia Stefanie Fishel Hobart and William Smith Colleges Emily Gilbert U of Toronto Jairus Grove U of Hawai i at Manoa Charlie Hailey U of Florida John Law Open U Wen yuan Lin National Tsing hua U Oded L wenheim Hebrew U of Jerusalem Chris Methmann Benjamin J Muller U of Western Ontario Can E Mutlu Bilkent U Genevi ve Pich Joseph Pugliese Macquarie U Katherine Reese Michael J Shapiro U of Hawai i at Manoa Benjamin Stephan Daniel Vanderlip William Walters Carleton U Melissa Autumn White U of British Columbia Lauren Wilcox U of Cambridge Yvgeny Yanovsky
