The Directory of the World's Weapons ,1996 *The Directory of the World's Weapons* ,1996 *The Directory of the World's Weapons* Bookmart Limited,1996 **The International Peace Directory** University of Bradford. School of Peace Studies,1988 **The Standard Periodical Directory** ,1992 **Directory of World Cinema: Japan 3** John Berra,2015-01-01 Like its predecessors *Directory of World Cinema Japan 3* endeavours to move scholarly criticism of Japanese film out of the academy and into the hands of cinephiles the world over This volume will be warmly welcomed by those with an interest in Japanese cinema that extends beyond its established names to equally remarkable filmmakers who have yet to receive such rigorous attention **Using the Engineering Literature** Bonnie A. Osif,2006-08-23 The field of engineering is becoming increasingly interdisciplinary and there is an ever growing need for engineers to investigate engineering and scientific resources outside their own area of expertise However studies have shown that quality information finding skills often tend to be lacking in the engineering profession Using the Engineerin [Directory of World Cinema: American Hollywood 2](#) Lincoln Geraghty,2015-02-01 Hollywood continues to reign supreme from award winning dramas to multimillion dollar special effects laden blockbusters Tinseltown produces the films that audiences around the world go to the cinema to see While the film industry has dramatically changed over the years stars have come and gone studios have risen and fallen new technologies have emerged to challenge directors and entice audiences Hollywood remains the centre of global media entertainment The second volume of *Directory of World Cinema American Hollywood* builds on its predecessor by exploring how the industry has evolved and expanded throughout its history With new essays that discuss the importance of genre adaptation locations and technology in the production of film this collection explores how Hollywood has looked to create innovate borrow and adapt new methods of filmmaking to capture the audience s imaginations Touching on classic films such as *North by Northwest* and *Dirty Harry* alongside CGI blockbusters like *The Lord of the Rings* and *The Dark Knight* as well as comedies such as *When Harry Met Sally* and *Jerry Maguire* this landmark book charts the changing tastes of cinema goers and the diverse range of offerings from Hollywood User friendly and concise yet dense and wide ranging *Directory of World Cinema American Hollywood 2* demonstrates that Hollywood despite its challenges from independent filmmakers and foreign directors remains the undisputed king of moviemaking in the twenty first century **World Directory of Minorities** Bridget Anderson, James Chin,John Connell,Patrick Costello,Lindsey Crickmay,Chris Dammers,James Ferguson,David Hawk,David McDowall,Anna Matveeva,Julia Maxted,Neil Melvin,Peter O'Neill,Suzanne Pattle,Martyn Rady,Javaid Rehman,Alex Roslin,Nikhil Roy,David Sogge, Bogdan Szajkowski,Carl Wilson,Abebe Zegeye,1997-01-01 This publication is the first version of the *World Directory of Minorities and Indigenous Peoples* published in 1997 The full Directory is now available and continually updated on our website The large majority of violent conflicts in the world today are conflicts within states with groups polarized across ethnic and religious divides and not across borders

Ethnic religious and linguistic minorities are often among the poorest of the poor suffer discrimination and are frequently the victims of human rights abuses Time and time again in the past the United Nations system governments and even non governmental organizations NGOs working in the field of conflict prevention have failed to promote the human rights of minorities or to take early action to promote cooperation between communities Early action may have prevented the loss of millions of lives in many countries ranging from Rwanda to the former Yugoslavia and from Sri Lanka to Guatemala It is also significant that the Nobel Peace Prize was awarded to the Dalai Lama in 1989 and to Jose Ramos Horta and Bishop Carlos Belo in 1996 as a result of their peaceful campaigns to promote the rights of their people The situation of minorities is then a matter of major concern and it is essential that accurate objective and up to date information is made available This Directory contributes to that process It is difficult to assess accurately what proportion of the world's population identify themselves as belonging to minority communities Conservative estimates place this above 10 per cent and some suggest that more than 20 per cent of the world's population belongs to several thousand different minority groups and subgroups National statistics are often skewed for political reasons and there is no universally accepted definition of minorities The word has different interpretations in different societies throughout the world while the United Nations General Assembly has not sought to reach a definition beyond that implied in the title of the UN Declaration on the Rights of Persons belonging to National or Ethnic Religious and Linguistic Minorities adopted in December 1992 Minority Rights Group focuses its work on non dominant ethnic religious and linguistic communities whether or not they are numerical minorities The concept thus relates to any self identified community that is marginalized without power unable to take decisions over its destiny and often experiencing high levels of illiteracy under education and overt or covert discrimination The basic rights of such communities need protection and promotion There is however a danger of generalizing about minorities and forgetting the complexity of their social composition including the rural poor urban migrants older people women and children These groups may be considered as doubly vulnerable What makes their situation particularly problematic is that there is often a deliberate political policy on the part of majorities and states not to give due regard to the legitimate interests of minorities while members of minorities see their identity as central to their social and economic situation They are often excluded from political power and decision making in the development process without equal opportunities to secure a better quality of life One further danger may lie in regarding ethnicities as fixed rather than as the potentially fluid phenomena that they often are Situational ethnicity does occur and individuals and groups do modify their self identifications depending on circumstances Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language
