The report analyses nationally representative data to show that parental background is more important than disability status in shaping young people's aspirations despite high aspirations educational and occupational outcomes are significantly worse for disabled young people and the gap between disabled and non disabled young people's experiences widens as they get older The report argues that while mainstream and comprehensive education may have succeeded in raising aspirations for disabled young people this has not been translated into real opportunities in early adult life It also highlights the need for a new direction in careers advice and welfare to work programmes Frustrated ambition The education and employment of disabled young people is essential reading for academics policymakers and practitioners with an interest in the role aspirations play in education and employment

When children are born with disabilities or become disabled in childhood parents often experience bewilderment they find themselves unexpectedly in another world without a roadmap without community and without narratives to make sense of their experiences The Disabled Child Memoirs of a Normal Future tracks the narratives that have emerged from the community of parent memoirists who since the 1980s have written in resistance of their children's exclusion from culture Though the disabilities represented in the genre are diverse the memoirs share a number of remarkable similarities they are generally written by white heterosexual middle or upper middle class able-bodied parents and they depict narratives in which the disabled child overcomes barriers to a normal childhood and adulthood Apgar demonstrates that in the process of telling these stories which recuperate their children as productive members of society parental memoirists write their children into dominant cultural narratives about gender race and class By reinforcing and buying into these norms Apgar argues special needs parental memoirs reinforce ableism at the same time that they are writing against it
