The Divine Mimesis:

The Divine Mimesis Pier Paolo Pasolini, 1980 *Pasolini after Dante* Emanuela Patti, 2018-10-24 What role did Dante play in the work of Pier Paolo Pasolini 1922-1975 His unfinished and fragmented imitation of the *Comedia* *La Divina Mimesis* is only one outward sign of what was a sustained dialogue with Dante on representation begun in the early 1950s During this period the philologists Gianfranco Contini 1912-1990 and Erich Auerbach 1892-1957 played a crucial role in Pasolini's rethinking of represented reality suggesting Dante as the best literary authorial and political model for a generation of postwar Italian writers This emerged first as Dantean realism in Pasolini's prose and poetry after Contini's interpretation of Dante and of his plurilingualism and then as figural realism in his cinema after Auerbach's concepts of Dante's *figura* and mingling of styles Following the evolution of Pasolini's mimetic ideal from these formative influences through to *La Divina Mimesis* Emanuela Patti explores Pasolini's politics of representation in relation to the national popular the *questione della lingua* and the Italian post-war debates on neorealism while also providing a new interpretation of some of his major literary and cinematic works

Ethics in the Gospel of John Sookgoo Shin, 2018-10-02 In *Ethics in the Gospel of John* Sookgoo Shin seeks to challenge the dominant scholarly view of John's ethics as an ineffective and unhelpful companion for moral formation In order to demonstrate the relevance of John's ethics Shin argues that the development of discipleship in John's Gospel should be understood as moral progress which was a well-known moral concept in the ancient Mediterranean world Having drawn an ethical model from the writings of Plutarch this study aims to identify the undergirding ethical dynamic that shapes John's moral structure by bringing out the implicit ethical elements that are embedded throughout John's narratives and thus suggests a way to read the whole Gospel ethically and appreciatively of its literary characteristics

Aristotle's Poetics Stephen Halliwell, 1998-12 In this the fullest sustained interpretation of Aristotle's *Poetics* available in English Stephen Halliwell demonstrates that the *Poetics* despite its laconic brevity is a coherent statement of a challenging theory of poetic art and it hints towards a theory of mimetic art in general Assessing this theory against the background of earlier Greek views on poetry and art particularly Plato's Halliwell goes further than any previous author in setting Aristotle's ideas in the wider context of his philosophical system The core of the book is a fresh appraisal of Aristotle's view of tragic drama in which Halliwell contends that at the heart of the *Poetics* lies a philosophical urge to instill a secularized understanding of Greek tragedy Essential reading not only for all serious students of the *Poetics* but also for those the great majority who have prudently fought shy of it altogether B R Rees *Classical Review* A splendid work of scholarship and analysis a brilliant interpretation Alexander Nehamas *Times Literary Supplement*

I Live, No Longer I Laura Reece Hogan, 2017-01-19 How do the dark moments of suffering which we all encounter at some point in our lives connect with the divine The words of Paul the Apostle offer an answer to this universal question in the vibrant figure and pattern of Jesus Christ so eloquently expressed in the Philippians Christ Hymn It is in moments of loss moments of experience of creation and community and

moments of transformative unity with God that we discover our deep connectedness to God and one another Laura Hogan weaves the truth of these three facets of divine human relationship together with Paul's undivided trust in divine effectiveness that is that the paradox of the cross reveals that God no matter how dire the circumstance is supremely effective to accomplish his will Paul's words encourage us to express the pattern of Jesus Christ in our words actions and very lives a singular articulation of Christ in our time place identity and circumstances This daily living of the Christ pattern which this book explores in lives past and present gives rise to a true joy in God as we become increasingly aware of our relationship with the divine in all moments from the darkest to the brightest **Pier Paolo Pasolini** Gian Maria

Annovi, 2017-02-14 Before his mysterious murder in 1975 Pier Paolo Pasolini had become famous and infamous not only for his groundbreaking films and literary works but also for his homosexuality and criticism of capitalism colonialism and Western materialism In Pier Paolo Pasolini Performing Authorship Gian Maria Annovi revisits Pasolini's oeuvre to examine the author's performance as a way of assuming an antagonistic stance toward forms of artistic social and cultural oppression Annovi connects Pasolini's notion of authorship to contemporary radical artistic practices and today's multimedia authorship Annovi considers the entire range of Pasolini's work including his poetry narrative and documentary film dramatic writings and painting as well as his often scandalous essays on politics art literature and theory He interprets Pasolini's multimedia authorial performance as a masochistic act to elicit rejection generate hostility and highlight the contradictions that structure a repressive society Annovi shows how questions of authorial self representation and self projection relate to the artist's effort to undermine the assumptions of his audience and criticize the conformist practices that the culture industry and mass society impose on the author Pasolini reveals the critical potential of his spectacular celebrity by using the author's corporeal or vocal presence to address issues of sexuality and identity and through his strategic self fashioning in films paintings and photographic portraits he destabilizes the audience's assumptions about the author **The Inoperative**

Brownson, 1884 Now and Forever John E. Thiel, 2023-04-01 Building on the insights of the ressourcement theology of grace this sophisticated theological aesthetics offers a fresh vision of the doctrine of creation through a consideration of the beauty of time Conventional eschatological accounts of life after death tend to emphasize the discontinuity between earthly life and the hereafter whereas this life is subject to the contingencies of time life after death is characterized by a stolid eternity In contrast to this standard view John E Thiel's Now and Forever articulates a Catholic eschatology in which earthly life and heavenly life are seen as gracefully continuous This account offers a reconceptualization of time which Thiel argues is best understood as the sacramental medium of God's grace to creation Thiel's project thus attempts to rescue time from its

Platonically negative resonance in the doctrine of creation Rather than viewing time as the ambiance of sinful dissolution Thiel argues for a Christian vision of time s beauty and so explicitly develops an aesthetics that views time as a creaturely reflection of God s own Trinitarian life This thesis proceeds from the assumption that all time is eschatological time and is thus guided by attention to the temporality implicit in the virtue of hope with its orientation toward a fulfilled future that culminates in resurrected life This interpretation of the beauty of eschatological time in its widest expanse presses further the insight of ressourcement theology that grace is everywhere while appreciating how time s graceful beauty manifests itself in the diversity of temporal moments human communities and most fully in the heavenly communion of the saints

Realism, Myth, and the Vernacular in Pasolini's Film and Philosophy Max Rynänen, 2024-07-16 Pier Paolo Pasolini s lifework has been studied through the lens of queer studies film studies poetry and many other angles but there are themes that one could still study This book aims to bring forth a new understanding of Pasolini as someone who worked in various arts and through appropriating one art with Max Rynänen shows Pasolini s importance for not just film and film theory but more broadly visual studies art research and even cultural philosophy where Pasolini can be seen to be a real pioneer in discussing unprivileged margins in the society Rynänen reads Pasolini not just as a semiotician of film but also as a cultural philosopher and argues for that interpretation
