The Dream G K Hall Romance:

The Bonds of Love Jessica Benjamin, 1988-07-12 Why do people submit to authority and derive pleasure even others have over them What is the appeal of domination and submission and why are they so prevalent in erotic life Why is it so difficult for men and women to meet as equals Why indeed do they continue to recapitulate the positions of master and slave In *The Bonds of Love* noted feminist theorist and psychoanalyst Jessica Benjamin explains why we accept and perpetuate relationships of domination and submission She reveals that domination is a complex psychological process which ensnares both parties in bonds of complicity and shows how it underlies our family life our social institutions and especially our sexual relations in spite of our conscious commitment to equality and freedom

The Late Romances William Shakespeare, 2009-08-26 *Pericles* The first of Shakespeare's late romances moves spectacularly from one dramatic period to another as the hero Pericles sails off to adventure and love and experiences what for him is a miracle *Cymbeline* A favorite romantic drama this play of a wife unjustly accused of faithlessness moves from a world of intrigue and slander to one of reconciliation and forgiveness and contains two of Shakespeare's most poignantly beautiful songs *The Winter's Tale* From a darkly melodramatic beginning to a joyous pastoral ending this romance of a jealous king and his long suffering queen is superb entertainment with revelations plot twists and a final compelling theatrical moment of discovery *The Tempest* This tale of the exiled Duke of Milan marooned on an enchanted island is so richly filled with music and magic romance and comedy that its theme of love and reconciliation offers a splendid feast for the senses and the heart

The Ecology of Wonder in Romantic and Postmodern Literature Louise Economides, 2016-05-06 This book traces the aesthetic of wonder from the romantic period through contemporary philosophy and literature arguing for its relevance to ecological consciousness Most ecocritical scholarship tends to overshadow discussions of wonder with the sublime failing to treat these two aesthetic categories as distinct As a result contemporary scholarship has conflated wonder and the sublime and ultimately lost the nuances that these two concepts conjure for readers and thinkers Economides illuminates important differences between these aesthetics particularly their negotiation of issues relevant to gender based and environmental politics In turn readers can utilize the concept of wonder as an open ended non violent framework in contrast to the ethos of domination that often surrounds the sublime

Romance in the Time of Modernism Alberto Castelli, 2024-10-29 *Romance in the Time of Modernism* A Literature of Silence reasserts the theme of love in an age of anguish Modernism has been and still is studied and interpreted under multiple perspectives However there is a lacuna in the corpus of scholarship the theme of love has been ignored Being modernism iconoclastic and obscure in its premises but also dark in its conclusion how do modernist characters love This book emphasizes the persistence of romance in an age of dissolution In spite of the homologation process that the industrial revolution has started modernist characters are still individuals of passion but it is a passion they are incapable of telling Love is a romance that is blended with everything modernism is synonymous with
