

WHAT IS A GULF?

A **gulf** is a large body of water that is partially surrounded by land, with a narrow mouth opening into the ocean or sea.

Gulfs are typically larger and deeper than bays, often extending farther inland and characterized by a wider expanse of water. They can vary in size and shape, from smaller indentations along coastlines to vast, expansive bodies of water bordered by multiple countries or regions.

Gulfs play important roles in global trade, marine transportation, and the ecological balance of coastal ecosystems.

Anyone with an academic, professional, amateur or recreational interest in the theatre is likely to want to look up details of particular plays, sometimes perhaps to check on the author or on when they were first performed, or perhaps to see how many characters they have and whether or not they would be suitable for their theatre company or drama group to perform. The Oxford Dictionary of Plays provides essential information on the 1000 best-known, best-loved and most important plays in world theatre. Each entry includes details of title, author, date of composition, date of first performance, genre, setting and the composition of the cast, and more. A synopsis of the plot and a brief commentary, perhaps on the context of the play or the reasons for its enduring popularity, follow. Around 80 of the most significant plays from *The Oresteia* to *Waiting for Godot* are dealt with in more detail. Genres covered include burlesque, comedy, farce, historical drama, kabuki, masque, melodrama, morality play, mystery play, No, romantic comedy, tragicomedy, satire and tragedy. An index of characters enables the reader to locate favourite characters and trace the trajectory of major historical and legendary characters such as Iphigenia through world drama, including in plays that do not have entries in the Dictionary. An index of playwrights with dates allows the reader to find all the plays included by a particular author. **Catalog of Copyright Entries. Part 1. [B] Group 2. Pamphlets, Etc.
