Michael P. V. Barrett, 2025-09-17 Interpret with clarity and preach with conviction Dr Michael Barrett blends scholarly rigor with practical applications calling his approach a new book from an old school perspective His *Old Testament Introduction* will become an essential tool for students pastors and Bible teachers who seek exegetical precision and impactful insights Forged by a seasoned evangelical scholar with decades in the classroom and the pulpit Dr Barrett's work stands on this bedrock conviction Scripture is God's inspired Word From that foundation readers are equipped to tackle critical theories while understanding the timeless relevance of the Old Testament for Christians today *A Canonical Exegesis of the Eighth Psalm* Hubert James Keener, 2013-11-07 Since Brevard Childs first introduced it as a fresh approach in the late 1960s canonical exegesis has grown into a widely discussed and developed program virtually a school of biblical interpretation with many scholars carrying forward an approach to theological exegesis that emphasizes the role of canon as the central context for interpretation of the Christian Scriptures In this study Keener takes a twofold approach 1 he demonstrates that a canonical exegesis is tenable if the task is approached with clarity regarding its core theological foundation and 2 he applies the approach to the interpretation of the often thorny questions surrounding the understanding of Psalm 8 This is useful in that Psalm 8 touches upon several questions germane to the successful implementation of canonical exegesis due to the many intertextual connections it shares with the rest of the Bible Keener concludes that Psalm 8 in the Old Testament represents the intersection of two trajectories 1 the reversal motif in which YHWH maintains the created order through the exaltation of the weak and the humble and 2 the motif of the conflicted and conflicting human in which humans are shown as beset by trials often failing and even occupying the role of the enemies of YHWH A third trajectory becomes visible in the context of the New Testament that of the redeeming Christ this third trajectory intersects with the two Old Testament trajectories and makes possible the redemption of conflicted humanity giving the ultimate answer to the psalmist's question What is the human **Covenant in the Persian Period** Richard J. Bautch, Gary N. Knoppers, 2015-11-11 The 22 essays in this new and comprehensive study explore how notions of covenant especially the Sinaitic covenant flourished during the Neo-Babylonian Persian and early Hellenistic periods Following the upheaval of the Davidic monarchy the temple's destruction the disenfranchisement of the Jerusalem priesthood the deportation of Judeans to other lands the struggles of

Judeans who remained in the land and the limited returns of some Judean groups from exile the covenant motif proved to be an increasingly influential symbol in Judean intellectual life The contributors to this volume drawn from many different countries including Canada Germany Israel South Africa Switzerland and the United States document how Judean writers working within historiographic Levitical prophetic priestly and sapiential circles creatively reworked older notions of covenant to invent a new way of understanding this idea These writers examine how new conceptions of the covenant made between YHWH and Israel at Mt Sinai play a significant role in the process of early Jewish identity formation Others focus on how transformations in the Abrahamic Davidic and Priestly covenants responded to cultural changes within Judean society both in the homeland and in the diaspora Cumulatively the studies of biblical writings from Genesis to Chronicles demonstrate how Jewish literature in this period developed a striking diversity of ideas related to covenantal themes

*Spiritual Warfare in the Storyline of Scripture* William F. Cook III, Chuck Lawless, 2019-11-15 In *Spiritual Warfare in the Storyline of Scripture* authors William Cook and Chuck Lawless provide a biblical theological and practical study of a topic that is of key importance in the life of every believer      **"To Teach" in Ancient Israel** Wendy L. Widder, 2014-08-22 This book employs cognitive linguistics to determine the foundational elements of the ancient Israelites concept of teaching as reflected in the text of the Hebrew Bible and Ben Sira It analyzes four prominent lexemes that comprise a lexical set referring to the act of teaching H D H and D The study concludes that in its most basic form the concept of teaching in ancient Israel was that a teacher creates the conditions in which learning can occur The methodology employed in this project is built on a premise of cognitive studies namely that because teaching is a universal human activity there is a universal concept of teaching one person A recognizes that another person B lacks knowledge belief skills and the like or has incomplete or distorted knowledge etc and person A attempts to bring about a changed state of knowledge belief or skill in person B This universal concept provides the starting place for understanding the concept of teaching that Biblical Hebrew reflects and it also forms the conceptual base against which the individual lexemes are profiled The study incorporates a micro level analysis and a macro level analysis At the micro level each lexeme is examined with respect to its linguistic forms the linguistic analysis and the contexts in which the lexeme occurs the conceptual analysis The linguistic analysis considers the clausal constructions of each instantiation and determines what transitivity ditransitivity or intransitivity contributes to the meaning Collocations of the lexeme including prepositional phrases adverbial adjuncts and parallel verbs are evaluated for their contribution to meaning The conceptual analysis of each lexeme identifies the meaning potential of each word as well as what aspect of the meaning potential each instantiation activates The study then determines the lexeme s prototypical meaning which is profiled on the base of the universal concept of teaching This step of profiling represents an important adaptation of the cognitive linguistics tool of profiling to meet the special requirements of working with ancient texts in that it profiles prototype meanings not instantiations In the macro analysis the data of all four lexemes in the lexical set are

synthesized The relationships among the lexemes are assessed in order to identify the basic level lexeme and consider whether the lexemes form a folk taxonomy Finally the profiles of the four prototype meanings are collated and compared in order to describe the ancient Israelite concept of teaching The study finds that the basic level item of the lexical set is D based on frequency of use and distribution In its prototypical definition D means to intentionally put another person in a state in which s he can acquire a skill or expertise through experience and practice In contrast to this sustained kind of teaching the prototypical meaning of H is situational in nature a person of authority or expertise gives specific situational instruction to someone who lacks knowledge about what to do The lexemes D and H represent the most restricted and the most expansive lexemes respectively the prototypical meaning of D is to attempt to bring about changed behavior in another person through verbal or physical means often to the point of causing pain the prototypical meaning of H is that a person of authority causes another person to be in a state of knowing something from the divine realm or related to experiences with the divine realm The study determines that while the four lexemes of the Biblical Hebrew lexical set to teach have significant semantic overlap they cannot be construed in a folk taxonomy because the words are not related in a hierarchical way

**That He Might Be Revealed** Rhonda G. Crutcher,2015-08-11 Water is a core symbol in the Gospel of John and is particularly prevalent in passages that involve the revelation of Jesus's identity Using Richard Bauckham's category of a Christology of Divine Identity That He Might Be Revealed explores the way the Fourth Evangelist plays on the memory of the major water events of Israel's history and mythology in order to incorporate Jesus into the divine identity In the water stories of the OT the distinctive identity and abilities of Yahweh are at stake Yahweh's victory in these events forever fuses his identity to water imagery so that control of the waters becomes one of the major markers that characterizes and distinguishes him in Jewish thought The water imagery in John is the author's attempt to tap into this rich accumulation of images and memories to identify Jesus as God himself incarnate
