collections which exclusively share common wisdom words are inevitably coherent in terms of wisdom traditions This book provides a new understanding of Proverbs especially with regard to the relationship between collections I chs 1 9 and VII ch 31 collections II 10 1 22 16 and V chs 25 29 and collections VI ch 30 and VII ch 31 In addition to the investigation of more than three hundred words this volume contains the lists of exclusive words of the seven collections and thirty four tables of words related to wisdom Kim s work will prove a useful resource to those who want to study Proverbs
