Kreyche,2009-11-10 Countless studies of the American West have been written from the viewpoint of history psychology sociology and anthropology But the West has seldom been written about with the reflective pen of a philosopher Offering more than a fresh retelling in thoroughly human terms of the major historical events of the nineteenth century West Gerald Kreyche also leads the reader in a search for the spirit of the West itself That spirit was one with the American Dream which offered freedom individualism and self sufficiency to those strong enough and gutsy enough to heed the call of Manifest Destiny Although the West was and is the most American part of America itself its natural wonders its spacious grandeur its myths and mystique have captured the hearts and imaginations of people the world over We have all experienced the quickened pulse at the mention of things indelibly western tumbleweed mountain men high plains cowboys and Indians sod houses coyotes and grizzlies And who doesn t react to such bigger than life figures as Jim Bridger Buffalo Bill George Armstrong Custer Sitting Bull and Crazy Horse The personal humdrum of our times rapidly disappears when through the magic of western films TV shows and books we vicariously lose ourselves and then find ourselves in the American West of a bygone time The West then produced a quasi separate culture And as each culture must it gave birth to its own ethos its own special character its own tone and set of guiding beliefs Kreyche contends that in the process of westering the veneer of the sophisticated easterner was sloughed off leaving in sharp outline the frontiersman and the pioneer In their own manner these men and women produced a new species of homo americanus **The Story of the West** Robert M. Utley,2003 From the personalities of General Custer and Buffalo Bill to the events that shaped the region this title tells the complete story of the American West Written for general readers by prominent historians in conjunction with the Smithsonian Institution **A Sense of the American West** James E.
