**Photo-Attractions** Ajay Sinha, 2022-11-11 In Spring 1938 an Indian dancer named Ram Gopal and an American writer photographer named Carl Van Vechten came together for a photoshoot in New York City Ram Gopal was a pioneer of classical Indian dance and Van Vechten was reputed as a prominent white patron of the African American movement called the Harlem Renaissance Photo Attractions describes the interpersonal desires and expectations of the two men that took shape when the dancer took pose in exotic costumes in front of Van Vechten's Leica camera The spectacular images provide a rare and compelling record of an underrepresented history of transcultural exchanges during the interwar years of early 20th century made briefly visible through photography Art historian Ajay Sinha uses these hitherto unpublished photographs and archival research to raise provocative and important questions about photographic technology colonial histories race sexuality and transcultural desires Challenging the assumption that Gopal was merely objectified by Van Vechten's Orientalist gaze he explores the ways in which the Indian dancer co authored the photos In Sinha's reading Van Vechten's New York studio becomes a promiscuous contact zone between world cultures where a photo erotic triangle is formed between the American photographer Indian dancer and German camera A groundbreaking study of global modernity Photo Attractions brings scholarship on American photography literature race and sexual economies into conversation with work on South Asian visual culture dance and gender In these remarkable historical documents it locates the pleasure taken in cultural difference that still resonates today **Portraits of Resistance** Jennifer Van Horn, 2022-01-01 A highly original history of American portraiture that places the experiences of enslaved people at its center This timely and eloquent book tells a new history of American art how enslaved people mobilized portraiture for acts of defiance Revisiting the origins of

portrait painting in the United States Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait's importance as a site of resistance Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War the book illuminates how enslaved people's relationships with portraits also shaped the trajectory of African American art post emancipation Van Horn asserts that Black creativity subjecthood viewership and iconoclasm constituted instances of everyday rebellion against systemic oppression Portraits of Resistance is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built [African-Caribbean Women Interrogating Diaspora/Post-Diaspora](#) Suzanne Scafe, Leith Dunn, 2022-02-23 This anthology originated as papers presented at a conference held in London July 2018 entitled Caribbean Women Post Diaspora African Caribbean Interconnections The chapters focus on issues of women's agency and on the potential for transformation produced by the experience of migration and the networks and communities fashioned by African Caribbean women in diasporic spaces They cover a range of disciplines including the study of visual art auto ethnographic analysis in addition to socio cultural and literary analyses The work included in this anthology inserts as central to its focus considerations of gender and specifically the experiences of women in processes of migration community formation and resistance In its focus on concepts of diaspora and post diaspora the book investigates the potential of these theoretical terms to address the complexity of the diasporic experience Concepts of post diaspora have emerged in recent scholarship as a response to the challenges to traditional understandings of diaspora raised by the increase and speed of globalisation and by the rise of transnationalism both as a focus of academic study and as an everyday experience Post diaspora like transnationalism emphasises the fluidity of the migration process post diasporic identities emerge from the shifting formations of intra and international communities The chapters in this book were originally published as a special issue of the journal African and Black Diaspora **On Being Adjacent to Historical Violence** Irene Kacandes, 2021-12-06 This book offers to academic and general public readers timely reflections about our relationships to violence Taking cues from the self reflexivity themes and subject matters of Holocaust queer and Black studies this large group of diverse intellectuals wrestles with questions that connect past present and future where do I stand in relation to violence What is my attitude toward that adjacency Whose story gets to be told by whom What story do I take this image to be telling How do I co witness to another's suffering How do I honor the agency and resilience of family members or historical personages How do past violence and injustice connect to the present In smart self conscious passionate and often painfully beautiful prose cultural practitioners historians and cultural studies scholars such as Angelika Bammer Doris Bergen Ann Cvetkovich Marianne Hirsch Priscilla Layne Mark Roseman Leo Spitzer Susan R Suleiman and Viktor Witkowski explore such questions inviting readers to do the same By making available compelling examples of thinkers performing their own work within the

**London is the Place for Me** Kennetta Hammond Perry,2015 In London Is The Place for Me Kennetta Hammond Perry explores how Afro Caribbean migrants navigated the politics of race and citizenship in Britain and reconfigured the boundaries of what it meant to be both Black and British at a critical juncture in the history of Empire and twentieth century transnational race politics

**Camp!** Paul Baker,2023-09-05 By the bestselling author of Fabulosa and Outrageous this reappraisal of camp across time and in all its glorious forms shows how this inescapable part of popular culture has also played an important role in equality movements as a form of protest or resistance The following things have seemed impossibly camp to me at one point or another a doll whose body acts as a cover for a toilet roll a peacock chair a wig being pulled off and flushed down the toilet a tantrum over wire coat hangers a toppled over Christmas tree a 1950s muscle magazine featuring a photo of a young man dressed as a gladiator a rat underneath a silver serving platter and an estate agent wearing tiger face paint Fabulously unrestrained and ever evolving camp has captured the cultural imagination for at least 150 years The term possibly derives from the French se camper meaning to pose in a bold provocative or exaggerated fashion Frequently used to define or deride young heterosexual men the upper classes Black people older women and gay men camp has also played a key role in equality movements Paul Baker s highly anticipated reappraisal of camp surveys its touchstones across history and the changing ways that it has been understood He traces the history of camp from the courts of Louis XIV and trials of Oscar

Wilde to the archetypical dandy Beau Brummell and the celebrated playwright Noel Coward from The Valley of the Dolls Harlem s drag balls and Brazilian telenovelas through to the modern day divas of Donna Summer Madonna and Britney Spears Celebrating camp as an aesthetic a sensibility and a way of life this essential dive into an often derided phenomenon shows how camp has been a place of refuge and renewal of heroism and hedonism and how it is more powerful than ever
