## **The Of Time And Eternity Secrets Of Earths Epochal Calendar:**

**The Book of Time and Eternity** Lane Taylor, 2001-07-01 Impressive in its scope and provocative in its conclusions this beautifully illustrated cosmology has already gained considerable popularity among a wide audience Now in its second edition this imaginative book seems destined to become a fundamental reference work in its field Overland Monthly and the Out West Magazine Bret Harte, 1926 Mapping Time Edward Graham Richards, 1998 History of calendars The Millenium do we have the correct date Why do we celebrate Easter Sunday when we do Find out in this book

**Understanding Times And Seasons In God's Calendar** Apostle Frequency Revelator, 2019-11-16 Have you ever wondered why a multitude of people claim to have prayed fasted and done everything they know best yet their situations and circumstances haven't changed Have you ever given yourself a moment to think about dozens of believers who are entangled in a morass of debilitating poverty lack and limitation yet they claim to believe God Have you ever wondered why some people have even gone to the extent of being discouraged in their Christian walk because their prayers were not answered Have you ever wondered why certain things are taking so long to materialise in your life The answer to all the above scenarios is not in lack of power wisdom or prayer but it is simply an issue of lack of understanding of times and seasons in God In this publication Apostle Frequency Revelator cracks the mystery code and unveils the divine truth that many of God's people pray fast cry sow seeds confess scriptures and still experience frustration in their finances health jobs marriages and businesses because of lack of God's timing Many believers are agonised like this because they haven't learnt how to properly and correctly discern the times and seasons Some go to the extent of rushing ahead of their season without discerning their timing hence that they end up defeated depleted weary and distressed Demystifying the common myths of God's timing Apostle Frequency Revelator reveals that the most vital and crucial matters that you must prioritise in the kingdom of God is how to understand times and seasons in God's calendar Understanding times and seasons as expounded in this book will help you get prophetic direction and also prevent you from making wrong turns and unwise decisions in your life If you understand the season you will know if it is the right time for you to make a move on a particular matter or not If you understand the times and seasons of God you will be rightly positioned in the spirit realm and attuned to the frequency of God such that you will know when it's the right time for you to move to another city or switch to a new job or start a church Because you are attuned to the spirit realm and aligned to God's purpose you will see all the right doors opening for you and everything falling into place according to his plan Just like the sons of Issachar who had an acute understanding of the times and knew exactly what Israel ought to do at a time it is very important that you understand what season you are in order for you to enter into and fulfil your due season In this publication Apostle Frequency Revelator contends that just like there are natural seasons on the earth there are also spiritual seasons He therefore unveils the secrets of the rotational prophetic timeline of times and seasons which is a key to understanding where you are and how to number your days The apostle

further explores the divine truth that time is not one of the characteristics of God He contends that God is not defined by time because He lives functions and operates in the eternal realm that is outside our time dimension Time is not an absolute because it only exists when its parameters are defined by absolutes God set the earth in time while man was created from the eternal realm Although man lives on earth he doesn t operate according to earthly time because he was created in the eternal realm which falls outside the scope or domain of time hence man was never designed to function according to earthly time
