*The New South Comes to Wiregrass Georgia, 1860-1910* Mark V. Wetherington, 2002-05 This first book length examination of the Georgia Pine Belt challenges the conventional view of this area as an unchanging economic backwater by examining its postbellum evolution from an independent agricultural economy to one entirely dependent upon a single unstable crop cotton Before the Civil War the Georgia Piney Woods region easily supported a population of mostly self sufficient yeomen and livestock herders After the war a variety of external forces invaded the region propelling the economy through three stages of social political and economic change that permanently altered the landscape Spearheaded by New South boosters like Henry Grady these invasions were intended to create a South with a diversified economic future bright with industry and self sufficient agriculture The first stage did see economic advancement in the form of transportation routes including railroads that opened up the Pine Belt s forests to the second stage of change industrialized sawmilling and turpentine This second stage created new jobs but failed to bring in other industries leaving the area dependent upon an industry that destroyed the antebellum open range herding system and brought deforestation within a generation The lumber industry s demise led to the final stage of change which saw New South boosters in an attempt to curtail the economic malaise promoting the deforested lands to a wave of newcomers immigrant cotton farmers from the upcountry hungry for new lands With no other industries to compete with them cotton farmers came to dominate the area s economic life even more than before the Civil War By 1910 few Georgia pinelanders doubted that a New South had arrived but it was not the diversified landscape that Henry Grady and others had originally envisioned It was instead a land of cotton much like the one that had come to dominate life across the rest of the Pine Belt from Virginia to East Texas Mark V Wetherington s in depth study of this region sheds new light on its socioeconomic history and encourages a closer examination of the often ignored histories of other areas      **Show Thyself a Man** Gregory Mixon, 2024-03-26 Georgia Historical Records Advisory Council award for Excellence in Research in Using the Holdings of Archives The history of Black militias in Georgia after the Civil War and their importance in defining citizenship In *Show Thyself a Man* Gregory Mixon explores the ways in which African Americans in postbellum Georgia used militia service after the Civil War to define freedom and citizenship Independent militias empowered them to get involved in politics secure their own financial independence and mobilize for self defense As whites and blacks competed for state sponsorship of their militia companies African Americans sought to establish their roles as citizens of their country and their state They proved their efficiency as militiamen and publicly commemorated black freedom and progress with celebrations such as Emancipation Day and the anniversaries of the Civil War Amendments White Georgians however used the militia as a different symbol of freedom to ensure not only the postwar white right to rule but to

assert states rights This social political and military history examines how Black militias were integral to the process of liberation Reconstruction and nation building that defined the latter half of the nineteenth century South A volume in the series Southern Dissent edited by Stanley Harrold and Randall M Miller     [Union Catalog of the History and Genealogy Resources Available at the South Georgia Regional Library System's Special Collections, the Valdosta State University Special Collections, and the Lowndes County Historical Society Library: Valdosta State University's Odum Library's Special Collections](#) ,2001     **Hell's Broke Loose in Georgia** Scott Walker,2007-07-01 Darling I never wanted to go home as bad in my life as I do now and if they don't give me a furlow I am going any how Written in December 1862 by Private Wright Vinson in Tennessee to his wife Christiana in Georgia these lines go to the heart of why Scott Walker wrote this history of the Fifty seventh Georgia Infantry a unit of the famed Mercer's Brigade All but a few members of the Fifty seventh lived within a close radius of eighty miles from each other More than just an account of their military engagements this is a collective biography of a close knit group Relatives and neighbors served and died side by side in the Fifty seventh and Walker excels at showing how family ties friendships and other intimate dynamics played out in wartime settings Humane but not sentimental the history abounds in episodes of real feeling a starving soldier's theft of a pie another's open confession in a letter to his wife that he may desert a slave's travails as a camp orderly Drawing on memoirs and a trove of unpublished letters and diaries Walker follows the soldiers of the Fifty seventh as they push far into Unionist Kentucky starve at the siege of Vicksburg guard Union prisoners at the Andersonville stockade defend Atlanta from Sherman and more Hardened fighters who would wish hell on an incompetent superior but break down at the sight of a dying Yankee these are real people as rarely seen in other Civil War histories     **The Colemanac, 1750-1976** Arthur Clinton Coleman,1976     [The Negro in Georgia Politics, 1880-1908](#) Clarence Albert Bacote,1987     **Old Hickory's War** David Heidler,Jeanne Heidler,2003-02-01 In the years following the War of 1812 Battle of New Orleans hero General Andrew Jackson became a power unto himself He had earlier gained national acclaim and a military promotion upon successfully leading the West Tennessee militia in the Creek War of 1813 1814 Jackson furthered his fame in the First Seminole War in 1818 which led to his invasion of Spanish West Florida without presidential or congressional authorization and to the execution of two British subjects In Old Hickory's War David and Jeanne Heidler present an iconoclastic interpretation of the political military and ethnic complexities of Jackson's involvement in those two historic episodes Their exciting narrative shows how the general's unpredictable behavior and determination to achieve his goals combined with a timid administration headed by James Monroe brought the United States to the brink of an international crisis in 1818 and sparked the longest congressional debate of the period
