The Other Hong Kong Report 1996:

The Other Hong Kong Report 1996 Mee Kau Nyaw, Si-ming Li, 1996-11-30 **The Other Hong Kong Report 1997** Joseph Y. S. Cheng, 1997 *The Other Hong Kong Report 1998* Larry Chuen-ho Chow, Yiu-Kwan Fan, 1998-12-31 Published annually since 1989 The Other Hong Kong Report is a review of the various aspects of development in Hong Kong in the past year by scholars and experts who are not government officials and is intended to offer an alternative view to that portrayed in government publications **Social Movements in China and Hong Kong** Khun Eng Kuah, Gilles Guiheux, 2009 Het uitgangspunt van dit boek is dat Chinese individuen van hun eigen inzet uit moeten kunnen gaan ongeacht de beperkingen die hen door de staat worden opgelegd Om hun belangen beter te kunnen verdedigen sluiten sommige individuen zich aan bij sociale bewegingen die tot sociale protesten kunnen leiden **Media in Hong Kong** Carol P. Lai, 2007-03-12 Making full use of newly declassified material extensive interviews and specific case studies this book examines the Hong Kong media over a forty year period focusing in particular on how its newspapers and TV stations have struggled for press freedom under the colonial British administration as well as Chinese rule **Doing Comparative Education Research** Keith Watson, 2001-01-01 In the newly emerging global economic order governments and policy makers are keen to seek ideas from other countries and recognise the importance of looking comparatively This expansion of interest in comparative education brings new challenges for the discipline research may be undertaken by non specialists by consultants and politicians or educationists from quite different backgrounds the short lifespan of democratically elected governments may lend attraction to quick fix solutions statistics and data may be decontextualised Added to these challenges there is the worldwide proliferation of education providers outside state control and the transformation of teaching and learning brought about by the new information technology This book rethinks the role of comparative education in the light of these changing circumstances and looks at the new opportunities they bring **Hong Kong in Focus** S. G. Rioni, 2002 Hong Kong in Focus Political Economic Issues *Uneasy Partners* Leo F. Goodstadt, 2005-01-01 Challenging the wisdom about the way capitalism and colonialism joined forces to transform Hong Kong into one of the world's great cities this book deploys case studies of the clash of interests between alien colonials and their Chinese constituents and the conflict between a pro business government and its political and social responsibilities **The Public Sector in Hong Kong** Ian Scott, 2010-01-01 This book describes and analyses the role of the public sector in the often charged political atmosphere of post 1997 Hong Kong It discusses critical constitutional organisational and policy problems and examines their effects on relationships between government and the people A concluding chapter suggests some possible means of resolving or minimising the difficulties which have been experienced *One Country, Two Systems in Crisis* Wong Yiu-Chung, 2008-01-01 One Country Two Systems in Crisis elucidates how China's intervention in Hong Kong after the British handover in 1984 has curtailed Hong Kong's civil liberties how freedom of speech is at the mercy of the government and how deception has turned the Pearl

of the Orient into the rubber stamp of the Chinese Communist Party **Going to School in East Asia** Gerard Postiglione, Jason Tan, 2007-09-30 Education in east Asia varies widely due to the cultural and political histories of each country The communist governments of China North Korea and Vietnam mandate schooling differently from the limited democracy of Hong Kong and the parliamentary government of Japan The history of the educational philosophies systems and curricula of seventeen East Asian countries are described here with a timeline highlighting educational developments and a special day in the life feature a personal account of what it is like for a student to attend school in that country

Hong Kong Management and Labour Andy W. Chan, Wilson W. S. Chow, Patricia Fosh, Ed Snape, Robert Westwood, 2012-10-12 Hong Kong Management and Labour argues in a series of previously unpublished completely up to date contributions that economic and social change has been ongoing in Hong Kong for many years and political change is perhaps less important for labour and management in the region This book is written bearing in mind the concerns of policy makers and managers particularly human resource managers and those interested in labour relations trade unions labour markets and law and comparative management The Political Economy of Health Care Development and Reforms in Hong Kong Victor C.W. Wong, 2019-05-23 First published in 1999 this book constitutes a unique account of the development and reform of health care in Hong Kong Its main focus is on policy developments since 1945 Victor Wong demonstrates the development of a two tier health system in both a capitalist and Chinese context His work is one of both health policy and political economy Wong utilises the latter perspective to show the state s role in the interests of capital the public demand for health care and the power of the medical profession Alongside this Wong brings in the role of Chinese and family medicine and the role of the family in cost containment and minimising the hospitalisation of elderly frail and chronically ill patients The volume is the most comprehensive analysis available for health policy in Hong Kong *Hong Kong's Transition to Chinese Rule* Ralf Horlemann, 2003-09-02 Following the return of Hong Kong to Chinese sovereignty it appears that the high degree of autonomy promised to Hong Kong is limited in many ways China s reservations about the development of democracy in Hong Kong lies at the heart of the problem The conceptual inadequacies set out in the Basic Law Hong Kong s mini constitution show a correlation between a lack of democracy and a loss of autonomy This book argues that genuine autonomy from the central government in Beijing is impossible without a democratic system in Hong Kong Developments since the handover have however demonstrated that democratic trends have been halted and even reversed and that democracy is not likely to be established in Hong Kong in the near future *Poverty in the Midst of Affluence* Leo F. Goodstadt, 2014-12-01 Hong Kong is among the richest cities in the world Yet over the past 15 years living conditions for the average family have deteriorated despite a robust economy ample budget surpluses and record labour productivity Successive governments have been reluctant to invest in services for the elderly the disabled the long term sick and the poor while education has become more elitist The political system has helped to entrench a mistaken consensus that social

spending is a threat to financial stability and economic prosperity In this trenchant attack on government mismanagement Leo Goodstadt traces how officials have created a new poverty in Hong Kong and argues that their misguided policies are both a legacy of the colonial era and a deliberate choice by modern governments and not the result of economic crises This provocative book will be essential reading for anyone wishing to understand why poverty returned to Hong Kong in this century The book has been thoroughly revised and updated for this new paperback edition Leo Goodstadt has identified the New Poor as those made vulnerable through diminishing access to essential services and opportunities The culprits are misguided policies and the callous and uncaring decisions of those in power This compelling critique carries weight and demands a response Christine Fang Former Chief Executive of The Hong Kong Council of Social Service This is a critical reflection on Hong Kong's path of social development and a most discerning analysis of the Third World mentality espoused by the government and the business community in the area of social welfare Lui Tai lok Chair Professor of Hong Kong Studies The Hong Kong Institute of Education Welfare spending was like pouring sand into the sea to reclaim land thought one Chief Executive Governments restrained social spending based on that skewed view This book is meticulously researched and painfully insightful It is a masterly chronicle of Hong Kong's social welfare policy Anna Wu Non Official Member of the Executive Council HKSAR
