and colonialist stereotypes and examines the potency of the Earth Mother in order to deepen awareness of how our relationship to the Earth went astray and what might be done to address this Drawing upon Indigenous and African American ecofeminism ecowomanism green activism femme queer and gender non binary philosophies literature and arts Afrofuturism and popular culture images Call Your Mutha contends that the Anthropocene is not evidence so much of Man s supremacy but instead a sign that Mother Nature Earth faced with disrespect is turning away withdrawing the support systems necessary for life and continuance Caputi looks at contemporary narratives and artwork to consider the ways in which respect for the autonomous and potent Earth Mother and a call for their return has already reasserted itself into our political and popular culture **Iroquoian Women** Barbara Alice Mann,2000 Iroquoian Women The Gantowisas provides a thorough organized look at the social political economic and religious roles of women among the Iroquois explaining their fit with the larger culture Gantowisas means more than simply woman gantowisas is woman acting in her official capacity as fire keeping woman faith keeping woman gift giving woman leader counselor judge Mother of the People This is the light in which the reader will find her in Iroquoian Women Barbara Alice Mann draws upon worthy sources be they early or modern oral or written to present a Native American point of view that insists upon accuracy not only in raw reporting but also in analysis Iroquoian Women is the first book length study to regard Iroquoian women as central and indispensable to Iroquoian studies
