The Economics of Emancipation Kathleen Mary Butler, 2017-12-15 The British Slavery Abolition Act of 1834 provided a grant of £20 million to compensate the owners of West Indian slaves for the loss of their human property In this first comparative analysis of the impact of the award on the colonies Mary Butler focuses on Jamaica and Barbados two of Britain's premier sugar islands The Economics of Emancipation examines the effect of compensated emancipation on colonial credit landownership plantation land values and the broader spheres of international trade and finance Butler also brings the role and status of women as creditors and plantation owners into focus for the first time Through her analysis of rarely used chancery court records attorneys letters and compensation returns Butler underscores the fragility of the colonial economies of Jamaica and Barbados illustrates the changing relationship between planters and merchants and offers new insights into the social and political history of the West Indies and Britain

Plantation Slavery, Jamaica and Absentee Ownership RICHARD C. MAGUIRE, 2024-09-24 An economic history of the Burton family of Norfolk and their enslaved workers on the Chiswick sugar estate While the Atlantic plantation economy covered vast areas of the globe and saw the largest forced movement of people in human history any global history is the sum of myriad local stories This book recounts one of them It

is the story of a Norfolk family the Burtons who owned the Chiswick sugar estate on the island of Jamaica The family inherited the estate in 1788 and for fifty eight years ran it from Norfolk and Suffolk as absentee landlords Drawing on new archival research in Britain the United States and Jamaica this book makes an important intervention to our understanding of key debates in the economic history of plantation slavery the decline of the planter class the importance of British abolitionism the way in which plantations were operated the mechanics of absentee ownership and importantly the lives of the enslaved people whose exploitation sustained the entire system Although the story of Chiswick s enslaved workers before the late 1820s is difficult to reconstruct its traces can be gleaned from the accounting records and letters of the estate s owners Their story illuminates the economic data and managerial letters and reveals that Chiswick s workers were crucial in shaping the history of the estate From the 1830s the workers activity became central as they responded to emancipation by gradually asserting their rights In the end it was the action of the formerly enslaved workers that made the Burtons continuing ownership of the Chiswick estate economically unviable While the wider context of abolition made this possible it was the response of these workers including strike actions which decided the fate of the absentee owned Chiswick sugar estate RICHARD C MAGUIRE is an Honorary Senior Lecturer in the School of History UEA He is the author of *Africans in East Anglia 1467-1833* Boydell Press 2021

Slaveholders in Jamaica Christer Petley, 2015-10-06 Explores the social composition of the Jamaican slaveholding class during the era of the British campaign to end slavery looking at their efforts to maintain control over local society and considering how their economic cultural and military dependency on the colonial metropole meant that they were unable to avert the ending of British slavery [A Concise History of Jamaica](#) Kenneth Morgan, 2023-12-14 An authoritative social economic political and cultural history of Jamaica

The Routledge History of Slavery Gad Heuman, Trevor Burnard, 2010-11 The Routledge History of Slavery is a landmark publication that provides an overview of the main themes surrounding the history of slavery spanning the last two millennia With the 200th anniversary of the abolition of the slave trade in the UK just passed this volume comes at a timely moment Taking stock of the field of Slave Studies the book concentrates on the major advances in the field over the past decades in which the study of slavery has become so prominent

The Eighteenth Century William Roger Louis, Elaine Low, Peter James Marshall, 2001 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records

The Oxford History of the British Empire: Volume II: The Eighteenth Century P. J. Marshall, 2001-07-26 Volume II of The Oxford History of the British Empire examines the history of British worldwide expansion from the Glorious Revolution of 1689 to the end of the Napoleonic Wars a crucial phase in the creation of the modern British Empire This is the age of General Wolfe Clive of India and Captain Cook An international team of experts deploy the latest scholarly research to trace and analyze development and expansion over more than a century They show how trade warfare and migration created an Empire at first overwhelmingly in the Americas but later increasingly in Asia

Although the Empire was ruptured by the American Revolution it survived and grew into the British Empire that was to dominate the world during the nineteenth and early twentieth centuries Series Blurb The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records From the founding of colonies in North America and the West Indies in the seventeenth century to the reversion of Hong Kong to China at the end of the twentieth British imperialism was a catalyst for far reaching change The Oxford History of the British Empire as a comprehensive study allows us to understand the end of Empire in relation to its beginnings the meaning of British imperialism for the ruled as well as the rulers and the significance of the British Empire as a theme in world history The Oxford History of the British Empire: The eighteenth century Peter James Marshall,1998 Examines the history of British worldwide expansion from the Glorious Revolution of 1689 to the end of the Napoleonic Wars a crucial phase in the creation of the modern British Empire *Slave Women in Caribbean Society, 1650-1838* Barbara Bush,1990 In this text the author sets forth and then evaluates the images of slave women accumulated in published sources and folklore

The Making of New World Slavery Robin Blackburn,2020-05-05 The Making of New World Slavery argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery The baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations To illustrate this thesis Blackburn examines the deployment of slaves in the colonial possessions of the Portuguese the Spanish the Dutch the English and the French Plantation slavery is shown to have emerged from the impulses of civil society not from the strategies of individual states Robin Blackburn argues that the organization of slave plantations placed the West on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected Finally he shows that the surge of Atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the Industrial Revolution and the rise of the West **Colonial Cities** R.J. Ross, Gerard J.

Telkamp,2012-12-06 by ROBERT ROSS and GERARD J TELKAMP I In a sense cities were superfluous to the purposes of colonists The Europeans who founded empires outside their own continent were primarily concerned with extracting those products which they could not acquire within Europe These goods were largely agricultural and grown most often in a climate not found within Europe Even when as in India before 1800 the major exports were manufactures in general they were still made in the countryside rather than in the great cities It was only on rare occasion when great mineral wealth was discovered that giant metropolises grew up around the site of extraction Since their location was determined by geology not economics they might be in the most inaccessible and in convenient areas but they too would draw labour off from the agricultural pursuits of the colony as a whole From the point of view of the colonists the cities were therefore in some respects necessary evils as they were parasites on the rural producers competing with the colonists in the process of surplus extraction Nevertheless the colonists could not do without cities The requirements of colonisation demanded many

unequivocally urban functions Pre eminent among these was of course the need for a port to allow the export of colonial wares and the import of goods from Europe or from other parts of the non European world in the country trade as it was known around India

The Slavery Reader Gad J. Heuman, James Walvin, 2003 Brings together the most recent and essential writings on slavery Spanning almost five centuries the late fifteenth until the mid nineteenth the articles trace the range and impact of slavery on the modern western world

Racist Regimes, Forced Labour and Death Colin Clarke, 2024-07-05 This book compares the systems of exploitative race relations associated with two racist regimes slavery in the British colonial Caribbean and forced labour in the Holocaust in Germany and the Nazi occupied lands in Europe Although each system was introduced by expansionist European powers through racist enslavement transportation dehumanisation and the destruction of human life the construction and operation of sugar plantations by African and Creole slave labour for the export of tropical products in the period 1650 to 1838 was different from the mass murder of Jewish and Gypsy civilians with the intention of creating a forced labour regime and colonial style ethnic cleansing during the Second World War Though differentiated in time and place the four principal common denominators that make feasible the detailed comparison of British Caribbean slavery and the Holocaust in Europe are racism colonialism occupation slavery forced labour and death Juxtaposition of these two companion studies will reveal comparisons and contrasts previously unexplored in the field of race relations under colonialism and the Holocaust The book will be of interest to scholars and students of the social sciences and history particularly those with an engagement with slavery and forced labour the sociology of race and racism and Holocaust studies

Black Experience and the Empire Philip D. Morgan, Sean Hawkins, 2004-05-27 This work explores the lives of people of sub Saharan Africa and their descendants how they were shaped by empire and how they in turn influenced the empire in everything from material goods to cultural style The black experience varied greatly across space and over time Accordingly thirteen substantive essays and a scene setting introduction range from West Africa in the sixteenth century through the history of the slave trade and slavery down to the 1830s to nineteenth and twentieth century participation of blacks in the empire as workers soldiers members of colonial elites intellectuals athletes and musicians No people were more uprooted and dislocated or travelled more within the empire or created more of a trans imperial culture In the crucible of the British empire blacks invented cultural mixes that were precursors to our modern selves hybrid fluid ambiguous and constantly in motion

SERIES DESCRIPTION The purpose of the five volumes of the Oxford History of the British Empire was to provide a comprehensive study of the Empire from its beginning to end the meaning of British imperialism for the ruled as well as the rulers and the significance of the British Empire as a theme in world history The volumes in the Companion Series carry forward this purpose by exploring themes that were not possible to cover adequately in the main series and to provide fresh interpretations of significant topics

Mastery, Tyranny, and Desire Trevor Burnard, 2009-11-17 Eighteenth century Jamaica Britain s largest and most valuable slave owning colony relied on a brutal

system of slave management to maintain its tenuous social order Trevor Burnard provides unparalleled insight into Jamaica's vibrant but harsh African and European cultures with a comprehensive examination of the extraordinary diary of plantation owner Thomas Thistlewood Thistlewood's diary kept over the course of forty years describes in graphic detail how white rule over slaves was predicated on the infliction of terror on the bodies and minds of slaves Thistlewood treated his slaves cruelly even while he relied on them for his livelihood Along with careful notes on sugar production Thistlewood maintained detailed records of a sexual life that fully expressed the society's rampant sexual exploitation of slaves In Burnard's hands Thistlewood's diary reveals a great deal not only about the man and his slaves but also about the structure and enforcement of power changing understandings of human rights and freedom and connections among social class race and gender as well as sex and sexuality in the plantation system

The Plantation Slaves of Trinidad, 1783-1816 A. Meredith John, 1988
