

What is cancer?

Medically, cancer is uncontrolled cell growth — a malfunction in the body.

But through my journey, I came to see cancer as more than a disease.

It's a message. A wake-up call.

A sign that something is out of balance — physically, emotionally, or spiritually.

Healing cancer isn't just about treatment.

It's about restoring wholeness, facing what's been avoided, and making radical changes in how you live, think, and feel.

For me, cancer wasn't just something to fight.

It was something to learn from.

"This is my personal story and not intended as medical advice."
