to the New International Dictionary of Old Testament Theology and Exegesis **Arming Asia** Richard Bitzinger, 2016-12-19 Bitzinger examines the phenomenon of attempted self reliance in arms production within Asia and assesses the extent of success in balancing this independence with the growing requirements of next generation weapons systems He analyzes China India Japan South Korea and Southeast Asia The overarching question in the book is whether self reliance is a strategically viable solution for development and manufacturing of arms Given the ever changing dynamics and increasing demand for sophisticated next generation weaponry will these countries be able to individually sustain their domestic defense industries and constantly update their technologies This is the first book to analyze arms production from a regional perspective Culture is not an industry Justin O'Connor, 2024-02-27 Culture is at the heart to what it means to be human But twenty five years ago the British government rebranded art and culture as creative industries valued for their economic contribution and set out to launch the UK as the creative workshop of a globalised world Where does that leave art and culture now Facing exhausted workers and a lack of funding and vision culture finds itself in the grip of accountancy firms creativity gurus and Ted Talkers At a time of sweeping geo political turmoil culture has been de politicised its radical energies reduced to factors of industrial production This book is about what happens when an essential part of our democratic citizenship fundamental to our human rights is reduced to an industry Culture is not an industry argues that art and culture need to renew their social contract and re align with the radical agenda for a more equitable future Bold and uncompromising the book offers a powerful vision for change *The Savage Storm* James Holland, 2023-12-12 Acclaimed WWII historian James Holland both narrates and reframes the controversial first months of the Italian Campaign and sets a new standard in the chronicling of war Following victory in Sicily while the central command planned the spring 1944 invasion of France Allied troops crossed into southern Italy in September 1943 expecting to drive Axis forces north and liberate Rome by Christmas Italy quickly surrendered but German divisions fiercely resisted and the hoped for quick victory descended into one of the most challenging and protracted battles of the entire war James Holland s *The Savage Storm* chronicling the dramatic opening months of the Italian Campaign in unflinching and insightful detail is unlike any campaign history yet written Holland has always narrated war at ground level but here goes further by chronicling events almost entirely through the contemporary eyes of those who were there on all sides and at all levels Allied Axis civilians alike Weaving together a wealth of letters diaries and other documents from the likes of American General Mark Clark German battalion commander Georg Zellner New Zealand lance corporal Roger Smith legendary war reporter Ernie Pyle and Italian politician Filippo Caracciolo Holland traces the battles as they were experienced across plains over mountains through shattered villages and cities in intense heat and towards the end of December 1943 frigid cold and relentless rain Such close up views persuade Holland to recast important aspects of the campaign reappraising the reputation of Mark Clark himself and other senior commanders of the U S Fifth and British Eighth armies Given the shortage of Allied shipping and materiel

allocated to Italy because of the build up for D Day more was expected of Allied troops in Italy than anywhere else and as accounts at the time attest a huge price was paid by everyone for each bloodily contested mile Putting readers vividly in the moment as events unfolded with characters made unforgettable by their own words *The Savage Storm* is a defining account of the pivotal months leading to Monte Cassino and a landmark in the writing about war Immigration Policy from 1970 to the Present Rachel Stevens,2016-02-19 This book examines national debates on immigration asylum seekers and guest worker programs from 1970 to the present Over the past 45 years contemporary immigration has had a profound impact throughout North America Europe and Australasia yet the admission of ethnically diverse immigrants was far from inevitable In the midst of significant social change policymakers grappled with fundamental questions what is the purpose of immigration in an age of mass mobility Which immigrants should be selected and potentially become citizens and who should be excluded How should immigration be controlled in an era of universal human rights and non discrimination Stevens provides an in depth case study comparison of two settler societies Australia and the United States while drawing parallels with Europe Canada and New Zealand Though contemporary immigration history that focuses on one national setting is well established this book is unique because it actively compares how a number of societies debated vexing immigration policy challenges The book also explores the ideas values and principles that underpin this contentious area of public policy and in doing so permits a broader understanding of contemporary immigration than outlining policies alone *On concussion of the spine, nervous shock and other obscure injuries to the nervous system in their clinical and medico-legal aspects* John Eric Erichsen,1883 Wrongful Convictions and the DNA Revolution Daniel S. Medwed,2017-03-30 This book examines the lessons learned from twenty five years of using DNA to free innocent prisoners and identifies lingering challenges

Diplomatic Para-citations Sam Okoth Opondo,2022-02-09 Taking seriously the critical conception of diplomacy as the mediation of estrangement Diplomatic Para citations turns to the politics and laws that tie modern diplomacy to colonial cultures and the genres of Man that they privilege In an attempt to read the diplomatic from the African postcolony the book probes the injunction at the center of the law of genre that states that genres are not to be mixed This enables it to investigate the citational recitational forms of knowledge and practices of recognition that reproduce the diplomatic and colonial order of things in the African context Through a reading of literature philosophy and a multiplicity of everyday practices in Africa and its diasporas Sam Okoth Opondo explores amateur diplomatic practices that provide a counterforce to laws that prescribe faithfulness to a norm form while proscribing the mixing of genres In the Face of Diversity Nathan D. Gardner Molina,2025-05-01 The unity or uniformity of the Chinese Australian community has been frequently referenced in many recent political popular and even academic discussions The oneness of the community is often described as latent and inevitable if not already a fact Yet many Chinese Australians have also aspirationally used collective terms to refer to themselves there have been perennial calls to unite and advance the community or have it speak with one voice But has a

united or unitary Chinese Australian community ever actually existed If so would a united community be a means to an end or an end in itself And where would this community sit in contemporary multicultural Australia I Am You Are We Are attempts to answer to these questions it is a history of more than a dozen Chinese Australian community organisations from across the country over five decades that draws on the English and Chinese language materials these organisations have produced over the years as well as interviews with ten past and present leaders Instead of a single community the evidence demonstrates the existence of many diverse Chinese Australian communities Consequently the book advances two ideas Chinese Australian unity presents itself as a chimera that inhabits the social space shared by Chinese Australians and has only ever been momentarily or partially grasped by community organisations Imagining the Chinese Australian community has nonetheless produced real world outcomes the most prominent being a highly participatory style of Australian multiculturalism These two ideas are woven through six moments in recent history that have been highly decisive for Chinese Australian communities I Am You Are We Are conveys Chinese Australian history in clear and evocative prose while remaining academically authoritative and socially conscious The result is a work that dismantles the prevailing myth of a single Chinese bloc to rebuild an appreciation of multiculturalism in Australia along with specific contributions made by Chinese Australian communities

Factual Wisdom for the Age of Apostasy Thomas D. Sharts, MEd, 2015-08-04 This book *Factual Wisdom For the Age of Apostasy* accounts for those issues of life synonymous with the five areas of being human spiritual physical social psychological and vocational associated with living in an age void of truth and commonsense Moreover the book offers an analysis of these life issues from various expressive perspectives such as ruminations aphorisms sayings and proverbs It is the hope of this author that readers will comprehend how sacred life is in reference to safeguarding against willful ignorance vanity willful stupidity cowardice and hatred while alternatively exploring and developing beliefs and behavioral lifestyles that promote the sanctity of life In truth life is to be lived in such a manner that living is lifted up in glory so that each person on earth has an opportunity to achieve his her life giving purpose and receive and allocate community blessings because of such a fact Anything less than such a blessed experience are those persons that are living the living death and certainly the works expressed in this book find these kinds of lives and those machinations responsible for such debasing experiences a reprehensible outrage that must be excised from civilized social life

Until We're Seen Joseph Entin, Jeanne Theoharis, 2024-08-20 Firsthand accounts of COVID 19 s devastating effects on working class communities of color The first months of the COVID 19 pandemic were filled with talk of heroes the frontline workers who kept the country functioning And when they write those history books the heroes of the battle will be the hardworking families of New York Governor Andrew Cuomo trumpeted on Labor Day 2020 But what if those heroes those essential workers and their families wrote the book themselves In *Until We're Seen* the heroes write their own stories Through firsthand accounts by college students at Brooklyn College and California State University Los Angeles *Until We're Seen*

chronicles COVID 19 s devastating disproportionate effects on working class communities of color even as the United States has declared the pandemic over and looks away from its impacts Very few of these students and their families had the luxury of laboring from home if they were able to keep their jobs they took subways and buses and they worked They drove delivery trucks worked in private homes cooked food in restaurants for people to pick up worked as EMTs and did construction They couldn t escape to second homes if anything more people moved in as families were forced to consolidate to save money Together the accounts in this book show that the COVID 19 pandemic did discriminate following the race and class fissures endemic to US society But if these are tales of hardship they are also love stories of students families biological and chosen and of the deep resolve mundane carework and herculean efforts such love entails Recounting 2020 2022 through the experiences of predominantly young working class immigrants and people of color living in the first two major US COVID 19 epicenters *Until We re Seen* spotlights previously untold stories of the pandemic in New York Los Angeles and the nation as a whole
