Practical Improvements for Older Homeowners Rick Peters, 2009
Anyone who's 50 or older should have this intelligently conceived, wonderfully illustrated room by room guide. With advice on everything from creating multilevel countertops to installing grab bars in the bathroom, it explains how to make your beloved house safe, easy to navigate and conducive to independent living as you or your parents get older. Three sections help you plan for any necessary remodeling, present makeover examples for every room and lay out projects with instructions. Some of the alterations are do it yourself; others may require a professional. More complicated tasks receive especially detailed discussions that clarify exactly what the job entails, how long it should take and what it typically costs.

Ultimate Bathroom Design Paco Asensio, 2004 The bathroom is no longer given over solely to personal hygiene but instead has become a room in which freedom of design and expression can be achieved. This book features some of the most practical designs which still manage to integrate aesthetic qualities.
