Summary and themes This memoir tells of a precocious boy who loved the sights and sounds of his childhood but felt reticent about full participation in life The note is sounded from the first chapters as James recounts the limitations and rewards of the child he was For there was the very pattern and measure of all he was to demand just to be somewhere almost anywhere would do and somehow receive an impression or an accession feel a relation or a vibration He was to go without many things ever so many as all people do in whom contemplation takes so much the place of action but everywhere he was to enjoy more than anything the so far from showy practice of wondering and dawdling and gaping he was really I think much to profit by it James clearly suffered from a sense of his inferiority in the showy active parts of life His older brother William always seemed superior in ability his classmates scorned his hopelessness at math and science even at a party he felt too embarrassed to join in the dancing But he still observed and fantasized about all his family and his surroundings had to offer When a cousin of his was told don't make a scene he suddenly realized that scenes could be made by telling a story or inventing a play He went often to the theater and fell forever under its spell His family met William Thackeray and Charles Dickens on their American tours and James even remembered Thackeray mock scolding his sister Alice for her crinoline dress Crinoline I was suspecting it So young and so depraved In fact for all his surface diffidence James harbored almost Napoleonic dreams of glory as an artist Near the close of *A Small Boy and Others* he tells how in much later years he dreamed of routing a monstrous attacker and chasing him away through the halls of the Louvre which he had seen as a child The small boy as hesitant and uncertain as he might seem would triumph over his fears and develop his superb aptitude for narrative fiction Henry James OM 15 April 1843 28 February 1916 was an American British author regarded as a key transitional figure between literary realism and literary modernism and is considered by many to be among the greatest novelists in the English language He was the son of Henry James Sr and the brother of renowned philosopher and psychologist William James and diarist Alice James
