Smarter Than Snakes:

A Perfect Harmony Roger A. Caras, 2002 One of the world's most popular writers on pets and wildlife takes us on an exhilarating journey through the animal kingdom and shows how the domestication of animals transformed the entire course of civilisation

So Long America D. Patrick Georges, 2005-10-13 Many men dream of living out their James Bond fantasy the screen version exotic travel adventure hot women and icy martinis shaken not stirred Reality proves different as an innocent quest for a simpler more spiritual life turns into a nightmare as two seekers ordinary Americans stumble across the path of the covert operations of two world powers and become unwilling spies The story takes the reader through the nether world of the shadow government all governments in fact and the ruling classes Accused by the woman he loves of using and betraying her the damned hero of the story finds himself haunted by agents of the shadow government as he runs from Bora Bora seeking sanctuary off the gringo trail in Saudi Arabia There under the guidance of a top American lobbyist working for a Saudi billionaire he assesses his options and composes an apology to his lost love In the process he discovers the dirty truths of machinations behind the facade of democracy equality human rights and other myths The cold hard facts to back up the truths that hold this work together the lavish descriptions of some of the most beautiful parts of the world some of the most beautiful people and the hero's experience of the more spectacular aspects of civilization on the planet make for a rich riveting story that holds one's interest through to the very end Though primarily a fruit of extensive research So Long America is also a novel that leaps off the page to entice and enthrall and makes for a great deal of just plain enjoyment NOTE So Long America is a condensed version of the book Smarter than Snakes that Patrick wrote in response to requests by readers of his book The Train of the Fifth Era who found the concepts and practices described in that book useful but could not put them to good use because habits are all but impossible to change In Smarter than Snakes Patrick presented his Noosomatic model that provides some answers in the form of non psychoanalytic approaches to changing beliefs habits and expectations As a result Smarter than Snakes reached 586 pages covering essentially two different areas of interest personal growth and sociopolitical issues such as the deep roots of the Enron scandal in the context of recent geopolitical developments Though sociopolitical awareness is part of personal growth a number of readers despondent about the systematic demolition of social justice in the United States skimmed over the part on non psychoanalytic approaches to get to the issues threatening their quality of life Thus Patrick adapted and transformed the book into a shorter separate book he called So Long America

Silicon Snake Oil Clifford Stoll, 1996-03-01 In Silicon Snake Oil Clifford Stoll the best selling author of The Cuckoo's Egg and one of the pioneers of the Internet turns his attention to the much heralded information highway revealing that it is not all it's cracked up to be Yes the Internet provides access to plenty of services but useful information is virtually impossible to find and difficult to access Is being on line truly useful Few aspects of daily life require computers They're irrelevant to cooking driving visiting negotiating eating hiking dancing speaking and gossiping You don't

need a computer to recite a poem or say a prayer Computers can't Stoll claims provide a richer or better life A cautionary tale about today's media darling Silicon Snake Oil has sparked intense debate across the country about the merits and foibles of what's been touted as the entranceway to our future

Overbearing Snake King Jia Yimingtang,2020-01-09 After taking a bath a Snake King came out of the water Heavens she had never thought about the body of a snake never played with the emotions of a snake and never had the guts to fall in love with a snake Why did this snake tightly wrap itself around her accusing her of looking at his lower body and being responsible for him Faint Even if he saw the snake tail he still felt guilty Unfortunately the weak did not have the right to speak and Ling Little Bunny was still stripped of her clothes and placed in an array on the spot His technique was so fast and nimble that it could make anyone's hair stand on end After making her want to die from the pain a certain snake actually transformed into a snake and wrapped around her body letting her sleep soundly for 16 hours What him he was using her as a pillow A shameless snake saying Everyone needs a private pillow when they sleep However his requirements for quality were higher This cute Beautiful Girl of the hot spring completely met all of his requirements Her body was very soft and her soul was very quiet and clean Hugging her she slept peacefully until dawn Years of insomnia and a heart attack

Snake Venom Hu Mei,2020-04-21 My family is from Yunnan the ancestors caught snakes for a living the snake cold blooded and insidious His body was filled with treasures but it was also deadly But that was not the most terrifying thing In order to protect me dad wouldn't let me enter the business but by some strange coincidence I didn't escape the shackles of fate Do you really think that only Gu Manpeng and the little ghost are the scariest Snakes gather around me in a sinister way Let me count the strange things that happened after I entered the world

Bitter Oranges D. Patrick Georges,2009-07-06 Many men dream of living out their James Bond fantasy the screen version exotic travel adventure hot women and icy martinis shaken not stirred Reality proves different when an innocent quest for a simpler more spiritual life turns into a nightmare as two seekers ordinary Americans stumble across the path of the covert operations of two world powers and become unwilling spies This book takes the reader from where the author's previous book Smarter than Snakes left off Accused by the woman he loves of using and betraying her and haunted by secret agents of the shadow government the damned hero of the story seeks sanctuary off the gringo trail in Saudi Arabia There under the guidance of a top American lobbyist working for a Saudi billionaire he assesses his options and opts to move to Greece under an assumed name Thinking he is safe from the murderous secret agents of the shadow government that operates under the facade of democracy equality human rights and other myths he resumes his quest for a more spiritual life that leads only to wild goose chases He finds comfort in the arms of a woman whom he considers the true love of his life but his world comes crashing down when secret agents of this shadow government mistakenly assassinate her instead of him Crushed and guilt ridden he seeks the help of the powerful American lobbyist who helped him in Saudi Arabia Thanks to his extensive list of contacts the lobbyist facilitates the protagonist's escape to a remote island an Eden like setting but without

fickle Eves and venomous Serpents The cold hard facts to back up the truths that hold this work together and the lavish descriptions of the hero's experience of such spectacular events as hitching a ride on a billionaire's floating palace staying at the first seven star all suite hotel flying on the Concorde touring Greek locations and attending unusual ceremonies and rites in Scotland Spanish Africa and Papua New Guinea make for a rich riveting story that holds one's interest through to the very end NOTE This book contains strong intellectual material that may be disturbing to some religious believers Reader discretion is advised

Traditions of the Bible James L. KUGEL, James L Kugel, 2009-06-30 James Kugel's *The Bible As It Was* 1997 has been welcomed with universal praise Here now is the full scholarly edition of this wonderfully rich and illuminating work expanding the author's findings into an incomparable reference work Focusing on two dozen core stories in the Pentateuch from the Creation and Tree of Knowledge through the Exodus from Egypt and journey to the Promised Land James Kugel shows us how the earliest interpreters of the scriptures radically transformed the Bible and made it into the book that has come down to us today Kugel explains how and why the writers of this formative age of interpretation roughly 200 B C E to 150 C E assumed such a significant role Mining their writings including the Dead Sea Scrolls works of Philo and Josephus and letters of the Apostle Paul and writings of the Apostolic Fathers and the rabbinic Sages he quotes for us the seminal passages that uncover this crucial interpretive process For this full scale reference work Kugel has added a substantial treasury of sources and passages for each of the 24 Bible stories It will serve as a unique guide and sourcebook for biblical interpretation

Season of the Snake Claire Davis, 2005-03-04. The new novel by the award-winning author of *Winter Range*. When tragedy leaves her life in shambles, Nance flees her Wisconsin hometown and its reminders of grief, creating a new life in the West. She is a scientist specializing in rattlesnakes and attrition rates in dens, believing that you can overcome fear, control the level of risk by being prepared by knowing your subject. Now with a home in Lewiston, Idaho, overlooking the Snake River and her marriage to Ned Able, a grade school principal, Nance finally feels at peace. Then an unexpected visit from her wayward sister Meredith revives old family conflicts and resurrects a secret life that has long lain dormant in Ned. While Nance and Meredith mend their relationship, Ned's other nature begins to emerge, transforming him in ways that Nance denies until, with the help of her sister, she is made to see what lies beneath the skin. But neither can predict how far Ned will go to hide his past or where his frightening memories will lead him as he searches out an object for his obsession. Claire Davis's debut novel *Winter Range* established her as a powerful voice in American writing. *Season of the Snake* extends her scope with a dramatic story, a vividly evoked setting, and an unforgettable group of characters.
