[Cash Cows, Pigs and Jackpots](#) David Trahair, 2012-09-19 A contrarian and controversial look at personal finance and a super simple strategy for making and keeping more money Traditional financial wisdom persuades us to grow our net worth and build our assets But traditional financial wisdom is often wrong In Cash Cows Pigs and Jackpots The Simplest Personal Finance Strategy You'll Ever See author and Chartered Accountant David Trahair challenges everything we think we know about managing our money suggesting that that we follow the lead of the financial institutions that are leading us down the path to financial ruin The banks brokers and investment companies of the world make enormous sums of money because they know that cash is king and they know how to guarantee cash flow from their clients on a continual basis They aren't making the bulk of their money from investing in the stock market they're leeching it from regular people like you every minute of every day Cash Cows Pigs and Jackpots turns the tables showing that the biggest cash cow we have is ourselves Instead of chasing a dream that will never come true it presents a financial plan so simple even a 10 year old could understand it Explains why the common
