Wisconsin Court System, 2013 **The Critical Link: Interpreters in the Community** Silvana E. Carr, Roda P. Roberts, Aileen Dufour, Dini Steyn, 1997-02-13 What is community interpreting What are the roles of the community interpreter What are the standards evaluation methods and accreditation procedures pertaining to community interpreting What training is available or required in this field What are the current issues and practices in community interpreting in different parts of the world These key questions discussed at the first international conference on community interpreting are addressed in this collection of selected conference papers The merit of this volume is that it presents the first comprehensive and global view of a rapidly growing profession which has developed out of the need to provide services to those who do not speak the official language s of a country Both the problems and the successes related to the challenge of providing adequate community interpreting services in different countries are covered in this volume *Handbook for Interpreters in Asylum Procedures* UNHCR, Annika Bergunde, Sonja Pöllabauer, Lilian Hagenlocher, Ursula Stachl-Peier, 2022-04-01 Interpreters play a crucial yet often underestimated role in asylum interviews They mediate between the asylum seeker and the interviewer who would not be able to communicate without the help of the interpreter As it is often not possible for applicants to provide written evidence to substantiate their claims their oral accounts of what has happened to them are usually the sole basis for an official s decision and ultimately a pivotal point in the applicant s life Given the significant consequences of such decisions during the asylum procedure interpreters carry a great deal of responsibility both in terms of their professional behaviour and with regard to the quality of interpretation This handbook now in its second updated and expanded edition responds to the need for qualified interpreters in asylum procedures by offering a theoretical insight into a variety of topics relevant to interpreters in the asylum context as well as activities and exercises enabling experiential and interactive learning It is aimed

both at interpreters in asylum procedures who have no formal training and trained interpreters who wish to specialise in the field In addition the handbook is intended for facilitators and trainers to use in face to face training courses The handbook is also relevant to asylum authorities and interviewers providing them with insights into and guidance in working with interpreters
