Somatoform Disorders Ono Yutaka,Aleksandar Janca,Masahiro Asai,Norman Sartorius,2012-12-06 Medically unexplained somatic symptoms are problematic in psychiatry primary care settings and other clinical areas The burden they impose on health care systems constitutes a significant public health problem At the international symposium Rethinking Somatoform Disorders this problem was addressed by specialists working in somatoform disorders psychiatric nosology epidemiology and biological and cross cultural psychiatry The meeting was the third of the Keio University International Symposia for Life Sciences and Medicine in collaboration with the World Health Organization and the World Psychiatric Association **A**

**Companion to the Classification of Mental Disorders** John E. Cooper,Norman Sartorius,2013-08-29 A Companion to the Classification of Mental Disorders provides essential reading as a background and supplement to both the recently produced DSM 5 and the forthcoming ICD 11 It focuses on the processes of classification and diagnosis and the uses for these classifications The book emphasises the dangers of regarding any current psychiatric classification as true or complete in view of the present partial state of knowledge about the causes and mechanisms of most mental and behavioural disorders This book is unique in containing a number of chapters that give a brief history of the cooperative efforts and projects necessary for the production of internationally agreed psychiatric classifications The discussion begins in 1965 with the US UK Diagnostic study the preparations for ICD 8 with its first international glossary and the International Pilot Study of Schizophrenia designed and coordinated by the World Health Organization While recognizing the importance of the innovations of the DSM series of classifications of the American Psychiatric Association the book also takes a truly international perspective The expert authors are well placed to do this having been personally involved in many of the collaborative studies and developments discussed A Companion to the Classification of Mental Disorders is an illustration of how much international collaborative work has been necessary over several decades to produce the currently agreed classifications There is still a long way to go but a start has been made **Impotent Warriors** Susie Kilshaw,2009 From

September 1990 to June 1991 the UK deployed 53 462 military personnel in the Gulf War After the end of the conflict anecdotal reports of various disorders affecting troops who fought in the Gulf began to surface This mysterious illness was given the name Gulf War Syndrome GWS This book is an investigation into this recently emergent illness particularly relevant given ongoing UK deployments to Iraq describing how the illness became a potent symbol for a plethora of issues anxieties and concerns At present the debate about GWS is polarized along two lines there are those who think it is a unique organic condition caused by Gulf War toxins and those who argue that it is probably a psychological condition that can be seen as part of a larger group of illnesses Using the methods and perspective of anthropology with its focus on nuances and subtleties the author provides a new approach to understanding GWS one that makes sense of the cultural circumstances specific and general which gave rise to the illness **Ethics in the Field** Jeremy MacClancy,Agustín Fuentes,2013-07-01 In

recent years ever increasing concerns about ethical dimensions of fieldwork practice have forced anthropologists and other social scientists to radically reconsider the nature process and outcomes of fieldwork what should we be doing how for whom and to what end In this volume practitioners from across anthropological disciplines social and biological anthropology and primatology come together to question and compare the ethical regulation of fieldwork what is common to their practices and what is distinctive to each discipline Contributors probe a rich variety of contemporary questions the new unique problems raised by conducting fieldwork online and via email the potential dangers of primatological fieldwork for locals primates the environment and the fieldworkers themselves the problems of studying the military and the role of ethical clearance for anthropologists involved in international health programs The distinctive aim of this book is to develop of a transdisciplinary anthropology at the methodological not theoretical level
