Sombrero Fallout:

Sombrero Fallout Richard Brautigan, 1976 Features two interrelated stories The first about a sombrero falling from the sky and its affect on humanity In the second the narrator of the first story thinks about his Japanese ex lover who has recently moved out of his apartment Richard Brautigan John F. Barber, 2014-12-09 Best known for his novel Trout Fishing in America American writer Richard Gary Brautigan 1935 1984 published eleven novels ten poetry collections and two story collections as well as five volumes of collected work several nonfiction essays and a record album of spoken voice recordings Brautigan's idiosyncratic style and humor caused him to be identified with the counterculture movement of the 1960s The authors of many of these 32 essays knew Brautigan personally and professionally others came to know and respect him through a cultivated connection with his writings The essays many of which are new others of which were published in obscure journals combine personal remembrance of the man and critical appraisal of his still controversial works Includes previously unpublished photographs and artworks *Sombrero Fallout* Richard Brautigan, 1976 **Sombrero Fallout** Random House, 2001-05-01 **Richard Brautigan** Marc Chénétier, 2019-10-08 Few contemporary American writers have been subjected to as much laudatory abuse as Richard Brautigan who having become famous in the 1960s was made a cult figure for the hippy generation and was systematically refused recognition as a major novelist once the sentimental wave of the greening of America had passed Marc Chénétier's study originally published in 1983 was the first book to attempt to assess Brautigan's writing art which far from weakening over the years had become amid critical indifference more secure in its techniques more all encompassing in its strategy and more iconoclastic in its goals In analysing most of Brautigan's fictional works in the light of his poetics it examines the mechanisms of his metafictional and deconstructive offensive and indicates the direction in which Brautigan was moving at the time *Aggressive Fictions* Kathryn Hume, 2012-01-15 A frequent complaint against contemporary American fiction is that too often it puts off readers in ways they find difficult to fathom Books such as Bret Easton Ellis's American Psycho Katherine Dunn's Geek Love and Don DeLillo's Underworld seem determined to upset disgust or annoy their readers or to disorient them by shunning traditional plot patterns and character development Kathryn Hume calls such works aggressive fiction Why would authors risk alienating their readers and why should readers persevere Looking beyond the theory based justifications that critics often provide for such fiction Hume offers a commonsense guide for the average reader who wants to better understand and appreciate books that might otherwise seem difficult to enjoy In her reliable and sympathetic guide Hume considers roughly forty works of recent American fiction including books by William Burroughs Kathy Acker Chuck Palahniuk and Cormac McCarthy Hume gathers attacks on the reader into categories based on narrative structure and content Writers of some aggressive fictions may wish to frustrate easy interpretation or criticism Others may try to induce certain responses in readers Extreme content deployed as a tactic for distancing and alienating can actually produce a contradictory effect for readers who learn to relax and go

fluctuating conceptions of space Giles suggests new ways of understanding the shifting territory of American literary history ranging from Cotton Mather to David Foster Wallace and from Henry Wadsworth Longfellow to Zora Neale Hurston Giles considers why European medievalism and Native American prehistory were crucial to classic nineteenth century authors such as Emerson Hawthorne and Melville He discusses how twentieth century technological innovations such as air travel affected representations of the national domain in the texts of F Scott Fitzgerald and Gertrude Stein And he analyzes how regional projections of the South and the Pacific Northwest helped to shape the work of writers such as William Gilmore Simms Jos Mart Elizabeth Bishop and William Gibson Bringing together literary analysis political history and cultural geography The Global Remapping of American Literature reorients the subject for the transnational era Book Reports
