

SOME FAMOUS PRIVATEERS OF NEW ENGLAND

daring to risk action with the *General Pickering*, he disguised his ship so that it appeared to be a plodding merchantman. Upon finding him, these two alert foes set out in chase. Letting the first vessel close, Haraden stripped off the palsted canvas screens that covered his gun ports, fired a devastating broadside, and captured the ship without more ado. It hardly need be said that her consort was shortly in the possession of the ingenious Haraden. This is another bit of evidence that the art of camouflage was used on the many years before the World War made it so well known.

Toward the end of the Revolution, Haraden took command of the war of Marque ship *Julius Caesar*, carrying 40 men and 14 guns, which he handled with such bravery and skill that her owners presented him with a massive plate. His descendants treasure a gift of velvet received from the owners of the *General Pickering*, shown in an illustration on another page.

On the *Julius Caesar*, Haraden fought successfully several engagements against two ships at a time. It is said that after one fight which lasted for over two hours, with neither side being able to gain a decisive advantage, Captain Haraden jokingly described the outcome as saying, "Both parties separated, sufficiently amused."

During his various cruises no less than a thousand enemy cannon were captured by this splendid seaman, who did far more to win the independence of his nation than many a landman whose military movements won the recognition of the government and an honored place in history.

The house in Salem where Captain Haraden died is now marked by a tablet to his memory.

THE HERALD OF SALEM, WITH STORIES OF CAPTAIN NATHANIEL SILSBEE, HER COMMANDER

In the year 1800, the *Herald*, bearing a Letter of Marque, had been engaged in a trading voyage to India under command of Captain Nathaniel Silsbee of Salem, afterward United States Senator from Massachusetts. On November 1, the captain left Calcutta, accompanied by four other American merchantmen who had decided to sail company for mutual safety, as it was known that several French vessels were cruising in those waters.

The adventure they ran into, which had its amusing as well as serious side, is best described in Captain Silsbee's own words: "On the morning of November 2nd, at daylight, two strange sails were discovered a few miles to windward of us, one of which was soon recognized to be the East India Company's packet ship *Cornwallis*, of 18 guns, which was the only one at the same time with us. At about 8 A.M. the other three stood toward the *Cornwallis*, soon after which the latter bore up upon us under full sail, commencing at the same time a running fight with the other ship, which then displayed French colors. We perceived that they were both plying their sweeps very briskly, and the Frenchman's grape was making great havoc on the *Cornwallis*.

and that the crew of the latter ship had cut away her boats and were throwing overboard their ballast and other articles for the purpose of lightening their ship. The sea was perfectly smooth and the wind very light, so much so that it was quite midday before either of the ships was within gunshot of us, by which time we (the five American ships) were in close line, our decks cleared of a large stock of poultry—chickens, with their coops, could be seen for a considerable distance around us—and every preparation made to defend ourselves to the extent of our ability. But this display of resistance on our part seemed to be quite disregarded by the pursuing ship, and she continued steering for my own ship, which was in the centre of our fleet, until she was fairly and fairly within gunshot, when my own guns were first opened upon her, which were instantly followed by those of each and all of the other four ships.

"When the matches were applied to our guns the French ship was plying her sweeps, and, with studding sails on both sides, coming directly upon us. But when the smoke of our guns, caused by repeated broadsides from each of our ships, had so passed off as to enable us to see her distinctly, she was close upon the wind and going from us. The Captain of the *Cornwallis* (which was then within hailing distance) expressed a desire to exchange signals with us and to keep company

Wealth and Democracy Kevin Phillips, 2003-04-08 For more than thirty years Kevin Phillips' insight into American politics and economics has helped to make history as well as record it His bestselling books including *The Emerging Republican Majority* 1969 and *The Politics of Rich and Poor* 1990 have influenced presidential campaigns and changed the way America sees itself Widely acknowledging Phillips as one of the nation's most perceptive thinkers reviewers have called him a latter day Nostradamus and our modern Thomas Paine Now in the first major book of its kind since the 1930s he turns his attention to the United States history of great wealth and power a sweeping cavalcade from the American Revolution to what he calls the Second Gilded Age at the turn of the twenty first century The Second Gilded Age has been staggering enough in its concentration of wealth to dwarf the original Gilded Age a hundred years earlier However the tech crash and then the horrible events of September 11 2001 pointed out that great riches are as vulnerable as they have ever been In *Wealth and Democracy* Kevin Phillips charts the ongoing American saga of great wealth how it has been accumulated its shifting sources and its ups and downs over more than two centuries He explores how the rich and politically powerful have frequently worked together to create or perpetuate privilege often at the expense of the national interest and usually at the expense of the middle and lower classes With intriguing chapters on history and bold analysis of present day America Phillips illuminates the dangerous politics that go with excessive concentration of wealth Profiling wealthy Americans from Astor to Carnegie and Rockefeller to contemporary wealth holders Phillips provides fascinating details about the peculiarly American ways of becoming and staying a multimillionaire He exposes the subtle corruption spawned by a money culture and financial power evident in economic philosophy tax favoritism and selective bailouts in the name of free enterprise economic stimulus and national security Finally *Wealth and Democracy* turns to the history of Britain and other leading world economic powers to examine the symptoms that signaled their declines speculative finance mounting international debt record wealth income polarization and disgruntled politics signs that we recognize in America at the start of the twenty first century In a time of national crisis

Phillips worries that the growing parallels suggest the tide may already be turning for us all
