Some Strange Joy:

Open Minded Torah William Kolbrener, 2011-05-19 In essays as likely to turn to baseball Denzel Washington and the NASDAQ as to Macbeth quantum physics and psychoanalysis William Kolbrener provides powerful and often surprising insights into how open mindedness allows for authentic Jewish commitment in an age otherwise defined by fundamentalism and unbelief Open Minded Torah presents on topics ranging from parenting a son with Down syndrome to Biblical criticism to Talmudic interpretation of dreams a perspective on Torah which emphasizes scepticism creativity and the need to embrace difference Through a personal synthesis of Western and Jewish learning popular culture and philosophy Kolbrener offers a compelling new vision where being open minded allows for a non dogmatic and committed Jewish life Informed by Kolbrener's considerable erudition but always accessible the essays show that scepticism informs belief commitment grounds creativity and non defensive receptiveness makes individual autonomy possible For every person it is said there is a corresponding letter in the Torah this innovative collection shows Kolbrener writing his letter and providing the inspiration for others to write their own

The Intimate Way of Zen James Ishmael Ford, 2024-07-23 An intimate mystery encompasses you and tugs upon your heart what does it mean to follow that tug across the arc of a spiritual life Reflecting out of more than fifty years of practice in Zen Buddhism Unitarian Universalism and other contemplative traditions James Ishmael Ford invites us into a journey through life's mysteries and the stages of spiritual development Lightly structured by the archetypal Buddhist oxherding images Ford's exploration is rooted in the Zen way while being deeply enriched by various strains of world mysticism The book sprinkled with insights and quotes from Buddhist Daoist and Christian traditions serves as a map and a companion to spiritual seekers or pilgrims whether within one religious tradition or cobbling together a way of one's own Here is the most natural of all natural experiences writes Ford In the midst of our suffering our longing our desperation we capture a glimpse Something touches us And with that if we are lucky and really notice some movement of some spirit within us we turn our attention to the intimate way
